PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to “India” are to the Republic of India and all references to the “Government” are to the Government of India.

FINANCIAL DATA

Unless stated otherwise, the financial data included in this Prospectus are extracted from the restated financial statements of our Company, prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditor, set out in the section titled “**Financial Statements as Restated**” beginning on page 215. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act and have been restated in accordance with the SEBI (ICDR) Regulations.

Our fiscal year commences on April 1st of each year and ends on March 31st of the next year. All references to a particular fiscal year are to the 12-month period ending March 31st of that year. In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly, the extent to which the financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Prospectus should accordingly be limited.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management Discussion and Analysis of Financial Condition and Results of Operations**” and elsewhere in this Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditor, set out in the section titled “**Financial Statements as Restated**” beginning on page 215.

CURRENCY OF PRESENTATION

In this Prospectus, references to “Rupees” or “Rs.” or “INR” “₹” are to Indian Rupees, the official currency of the Republic of India. All references to “\$”, “US\$”, “USD”, “U.S. \$” or “U.S. Dollars” are to United States Dollars, the official currency of the United States of America.

All references to ‘million’/ ‘Million’/ ‘Mn’ refer to one million, which is equivalent to ‘ten lacs’ or ‘ten lakhs’, the word ‘Lacs / Lakhs / Lac’ means ‘one hundred thousand’ and ‘Crore’ means ‘ten million’ and ‘billion / bn. / Billions’ means ‘one hundred crores.

INDUSTRY AND MARKET DATA

Unless stated otherwise, industry and market data and various forecasts used throughout this Prospectus have been obtained from publicly available information, industry sources and government publications.

Industry sources as well as government publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although industry data used in this Prospectus is reliable, it has not been independently verified by the Book Running Lead Manager or our Company or any of their affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in the section titled “**Risk Factors**” beginning on page 32. Accordingly, investment decisions should not be based solely on such information.

Further, the extent to which the industry and market data presented in this Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

This Prospectus contains certain statements which are not statements of historical fact and maybe described as “forward-looking statements”. These forward-looking statements include statements which can generally be identified by words or phrases such as “aim”, “anticipate”, “are likely”, “believe”, “continue”, “can”, “could”, “shall”, “expect”, “estimate”, “intend”, “may”, “likely”, “objective”, “plan”, “propose”, “seek to”, “will” “will achieve”, “will continue”, “will likely”, “will pursue” or other words or phrases of similar import. Similarly, statement that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements.

These forward-looking statements, whether made by us or a third-party, are based on our current plans, estimates, presumptions and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

This may be due to risks or uncertainties or assumptions associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in the industry and incidence of any natural calamities and/or acts of violence. Important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- A reduction in the demand of our products and/or competing brands gaining wider market acceptance;
- Loss of one or more of our key customers and/or suppliers;
- An increase in the productivity and overall efficiency of our competitors;
- An adverse change in the regulations governing our products and the products of our customers;
- Any adverse development that may affect the operations of our refining unit;
- Any qualifications or other observations made by our future statutory auditors which may affect our results of operations;
- A downturn in the utility of our products to the industries we cater to;
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals with respect to the usage of our key raw material may adversely affect our business, financial condition, results of operations and prospects;
- General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- Changes in technology and our ability to manage any disruption or failure of our technology systems;
- Our ability to attract and retain qualified personnel;
- Our ability to successfully execute our expansion strategy in a timely manner or at all;
- Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- Our reliance on third party suppliers for our products;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Occurrences of natural disasters or calamities affecting the areas in which we have operations;
- Market fluctuations and industry dynamics beyond our control;
- Our ability to compete effectively, particularly in new markets;

- Inability to collect our dues and receivables from, or invoice our unbilled services to our customers, our results of operations;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors;
- Conflict of interest with our Promoters, Promoter Group, Group Company and other related parties;
- Changes in domestic and foreign laws, regulations and taxes and changes in competition in our industry;
- Termination of customer/works contracts without cause and with little or no notice or penalty; and
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or non-compliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.

For a further discussion of factors that could cause our actual results to differ from our expectations, see section titled **“Risk Factors”** and chapter titled **“Our Business”** and **“Management’s Discussion and Analysis of Financial Condition and Results of Operations”** beginning on pages 32, 149 and 251, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Although the assumptions on which such forward-looking statements are based are reasonable, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as on the date of this Prospectus and are not a guarantee of future performance. These statements are based on the management’s belief and assumptions, which in turn are based on currently available information. Although the assumptions upon which these forward- looking statements are based are reasonable, any of these assumptions as well as statements based on them could prove to be inaccurate. Neither our Company, our Promoters, our Directors, the BRLM, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with regulatory requirements, our Company will ensure that investors in India are informed of material developments from the date of registration of the Red Herring Prospectus and Prospectus with the RoC until receipt of final listing and trading approvals by the Stock Exchanges for this Issue.

- (1) 86,65,500 Equity Shares were allotted to existing shareholders of our Company pursuant to a bonus issue in the ratio of 4:1 of face value of Rs. 10/- each fully paid up at par on February 01, 2023, through capitalization of the eligible reserves. Thus, the cost of acquisition of the Equity Shares acquired pursuant to such bonus issue has been considered "NIL".
- (2) 21,66,375 Equity Shares were allotted to existing shareholders of our Company pursuant to a bonus issue in the ratio of 1:5 of face value of Rs. 10/- each fully paid up at par on July 12, 2023, through capitalization of the eligible reserves. Thus, the cost of acquisition of the Equity Shares acquired pursuant to such bonus issue has been considered "NIL".
- (3) The Weighted Average Price for Equity Shares acquired during last one year has been calculated by taking into account the amount paid by the Promoter to acquire, by way of fresh issuance, Bonus Issue or transfer, the Equity Shares and the net cost of acquisition has been divided by total number of shares acquired during last one year.

Note: Pursuant to the certificate dated July 26, 2023, issued by Peer Review Auditors of the company, M/s R.K. Malpani & Associates, Chartered Accountants.

Note: There is no offer for sale from the existing shareholders of the company in the present issue of the issuer.

AVERAGE COST OF ACQUISITION OF SHARES FOR PROMOTERS

The average cost of acquisition of equity shares held by our promoters are set forth in the table below:

S. No.	Name of Promoters	No. of Equity Shares held	Average Cost of Acquisition per equity share (in Rs.) *
1.	Rajesh Goyal	15,07,000	1.67

SPLIT / CONSOLIDATION OF EQUITY SHARES OF OUR COMPANY IN THE LAST ONE YEAR

Our Company has not undertaken a split or consolidation of the Equity Shares in the one year preceding the date of this Prospectus.

SEBI EXEMPTIONS

Our Company has not been granted any exemption from complying with any provisions of securities laws by SEBI.

SECTION – III

RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all of the information in this Prospectus and the Prospectus, when available, particularly the “Our Business”, “Our Industry” “Financial Statements as Restated” and related notes thereon and “Management Discussions and Analysis of Financial Condition and Results of Operations” on page 149, 128, 215 and 251 respectively and the risks and uncertainties described below, before making an investment in the Equity Shares. The risks and uncertainties described in this section are not the only risks that we currently face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also have an adverse impact on our business, results of operations, cash flows and financial condition. If any or a combination of the following risks, or other risks that are not currently known or are currently deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition may be adversely affected, the price of the Equity Shares could decline, and you may lose all or part of your investment.

In making an investment decision, as prospective investors, you must rely on your own examination of us and the terms of the issue, including the merits and the risks involved. You should consult your tax, financial, or legal advisors about the particular consequences of investing in the Issue. Unless specified or quantified in the relevant risk factors below, we are unable to quantify the financial or other impact of any of the risks described in this section. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment, which may differ in certain respects from that of other countries. To obtain a complete understanding of our business, you should read this section in conjunction with the sections titled “Our Industry”, “Our Business”, and “Financial Statements as Restated” beginning on pages 128, 149 and 215, respectively, as well as the other financial and statistical information contained in this Prospectus.

This Prospectus also contains certain forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including the considerations described in this section and elsewhere in this Prospectus.

The financial and other related implications of the risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the issue, including the merits and the risks involved. You should not invest in this issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you and investment in our Equity Shares.

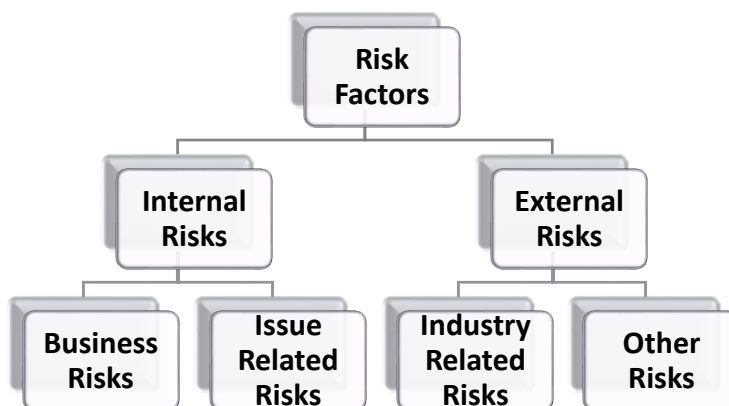

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context otherwise requires, in this section, reference to “we”, “us” “our” refers to our Company.

Unless otherwise stated, the financial information of our Company used in this section is derived from our audited financial statements under GAAP, as restated.

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- Some events may not be material individually but may be found material collectively.
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material at present but may be having material impact in future.

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISK FACTORS

Business Specific/ Company specific Risk

1. ***Our Refining unit is located in Rajasthan and exposed to various regulatory and other geographical risks such as weather and natural occurrence as well as regulatory, economic, demographic and other changes in the state of Rajasthan or in India. In particular, excessive and non-seasonal rainfalls could deteriorate the quality and supply of our principal raw material namely raw salt. This will adversely affect our business and financial conditions.***

Our refining unit is located at Nawa City near Sambhar Lake, Rajasthan. The concentration of all of our operations at one location in Rajasthan increases our exposure to adverse developments related to weather and natural occurrences, as well as regulatory, economic, demographic and other changes in Rajasthan may adversely affect business, financial condition and result of operations.

Seasonal variations in weather pose significant risks to our salt cultivation and refining business. Late arrival or low monsoons can severely impact salt cultivation, leading to potential shortages in raw salt supply. Conversely, early monsoons or non-seasonal rains, coupled with prolonged wet seasons and heavy downpours, present a harmful scenario as they have the potential to dissolve and contaminate salt beds before the refining process is completed. Given that a substantial portion, approximately 75%, of raw salt refining and procurement is concentrated in the months of April to June, any adverse impact from an early monsoon can disrupt the refining process and result in increased raw salt prices.

Also, the process of brine evaporation depends on the natural process of solar evaporation, which is affected by temperature, air humidity, solar radiation, wind energy and solar heat. Hence, unfavorable changes in weather conditions specifically the untimely rains lead to price rise on which raw material is procured which would have adverse impact on our business, financial conditions and results of operation.

Further, the Salt refining units in Rajasthan are gravely dependent on Sambhar Lake for water and due to excessive usage, the lake water has reduced tremendously and therefore water needs to be extracted from the ground. There is a possibility that prolonged and continuous extraction of water

from the ground would lead to depletion of resources in long run and hence unavailability of salty water which is pre-requisite for our business. Un availability of water would have devastating effect on our businesses and can also lead to closure of our refining unit.

- 2. Our refining of salt process has 25.86%, 24.30% and 20.48% process loss during the year ending on March 31, 2023, 2022 and 2021. Any further increase in process loss will have severe effects on our operational costs, profit margins, and financial performance.**

In our salt refining processes, raw salts are converted into a variety of products such free-flow iodized salt, half-dry salt, and double-fortified salts. Process loss, which is the reduction in the amount of raw salt owing to numerous reasons, occurs during this refining process.

The handling and storing of raw salt, which can cause moisture loss over time, is a substantial cause of process loss. The amount of finished salt is also decreased as a result of the washing and cleaning of raw salt throughout the refining process. Additionally, the creation of salt fumes during specific stages of refining may cause further process loss.

While we implement stringent quality control measures and process optimization techniques to minimize process loss, fluctuations in the percentage of process loss have been observed over the years. For the years ending on March 31, 2023, 2022, and 2021, our company has reported process losses of 25.86%, 24.30%, and 20.48%, respectively.

The occurrence of process loss can impact our refining efficiency and operational costs, as it directly affects the quantity of salt produced from the raw materials. Higher process loss can lead to increased refining expenses, potentially affecting our profit margins and financial performance. Additionally, process loss could also impact the availability of finished products in the market, potentially leading to supply constraints.

To mitigate the risk associated with process loss, we continuously strive to improve our refining processes, adopt advanced technologies, and enhance our inventory management practices. However, it is important to note that complete elimination of process loss may not be feasible due to the inherent nature of salt refining operations.

- 3. We derive 68.47%, 60.35% and 50.84% of our revenue from top 10 customers during the fiscal ending on March 31, 2023, 2022 and 2021. If one or more of such customers choose not to source their requirement from us, our business, financial condition and result of operation may be adversely affected.**

We significantly depend on few major customers for our revenues. Contribution of revenue from top 10 customers is tabulated below:

(Amount in Lakhs)

Particular	As on March 31, 2023	As on March 31, 2022	As on March 31, 2021
Revenue from operations	11,764.19	6,611.09	6,005.30
Revenue from top 10 customers	8,054.88	3,990.09	3,053.06
% of total revenue	68.47%	60.35%	50.84%

We significantly depend on our selective customers for major portion of our sales and any loss of any of the customers for any reason (namely, failure to negotiate on acceptable terms, dispute with customers, adverse change in financial condition of such customers like bankruptcy or liquidation or other financial hardship, merger or decline in their sales, reduced or delayed customer requirements, plant shutdown, labour strikes or other work stoppages), could have an adverse effect on our business, results of operation and financial condition. We focus on building

sustained and long-term relationships with our customers and constantly endeavor to cater to their needs with our products. Though we have a long-term relationship with these customers, we cannot assure that this relationship will continue in future also. In addition to these external factors these key customers may also set off any payment obligations, require indemnification for themselves or their affiliates, replace us with our competitors or replace their existing products with alternative products which we do not supply. Therefore, there can be no assurance that we will not lose all or a portion of sales to these customers or that we will be able to offset any reduction of prices to these customers with reduction in our costs or by obtaining new customers. We may remain dependent upon our key customers for substantial portion of our revenue. The deterioration of the financial condition or business prospects of these customers could reduce their requirement of our product and result in significant decrease in revenue we derive from these customers. In the event of our failure to retain one or more of our customers it will have an adverse effect on our financial performance and result of operation.

4. ***We have in the past entered into transactions with related parties and may continue to do so in the future. These or any future related party transactions may potentially involve conflicts of interest and there can be no assurance that we could not have achieved better terms, had such arrangements been entered into with unrelated parties.***

The table below provides summary of transactions from related parties during the last 3 fiscal years ended on March 31, 2023, March 31, 2022 and March 31, 2021:

For further details in relation to transactions with related parties, please refer to the section entitled ***“Related Party Transactions”*** on page 213. We have entered into various transactions with related parties, including the purchase and sale of goods and services from time to time. While we confirm that these related party transactions entered into by us, were in compliance with the Companies Act, 2013 as amended and other applicable laws, we cannot assure you that we could not have achieved more favorable terms had such transactions been entered into with unrelated parties. Although upon listing of our Equity Shares pursuant to the issue, all related party transactions that we may enter into, will be subject to the requirements of the Companies Act, 2013 and the SEBI Listing Regulations, there can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not achieve more favorable terms if such transactions had not been entered into with related parties. Such related party transactions may potentially involve conflicts of interest.

There is no assurance that our related party transactions in future would be on terms favorable to us when compared to similar transactions with unrelated or third parties or that our related party transactions, individually or in the aggregate, will not have an adverse effect on our financial condition. For details, see ***“Restated Financial Statements – Annexure - 31: Related Party Transaction”*** on page 243-244.

5. Insufficient water availability at our refining unit causes the increase in our expenditure to meet the water requirements and thus reduces our profitability.

One of the significant operational and supply chain challenges faced by Goyal Salt is the insufficient availability of water at our refining unit. The scarcity of water on our property necessitates the rental of water tankers from external sources to meet our water requirements for the refining process and other essential uses. This dependence on external water supply has led to increased operational expenses and impacted on our overall profitability.

Water is a crucial natural resource for the salt refining process, and the inability to access sufficient water on-site has resulted in significant additional expenditures. The costs incurred in transporting water through rented tankers have placed a strain on our financial performance and profitability.

Despite water being a renewable resource, the lack of adequate water availability at our refining plant has forced us to rely on external sources, leading to ongoing expenses and reduced profitability. This situation may not only affect our bottom line but could also introduce risks of potential disruptions to our operations and supply chain.

6. Our Company requires significant amounts of working capital for continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations. Further, failure to manage our inventory could have an adverse effect on our sales, profitability, cash flow and liquidity.

Our business is working capital intensive and requires a significant amount of working capital for smooth functioning. Summary of our working capital position based on the restated financial statement is given below:

A significant portion of our working capital is utilized towards trade receivables and inventories. As on March 31, 2023, March 31, 2022, and March 31, 2021, our inventories and trade receivables form 89.22%, 92.14% and 85.40% respectively, of total current assets based on restated financial statements.

We intend to continue growing by expanding our business operations. This may result in an increase in the quantum of current assets, particularly trade receivables and inventories. The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and trade inventory accordingly. We estimate our sales based on the forecast, demand and requirements and also on the customer specifications. Natural disasters such as earthquakes, extreme climatic or weather conditions such as floods or droughts may adversely impact the supply of raw material and local transportation. Should our supply of raw materials be disrupted, we may not be able to procure an alternate source of supply in time to meet the demands of our customers. Such a disruption of supply would materially and adversely affect our business, profitability and reputation. In addition, disruptions to the delivery of product to our customer may occur for reasons such as poor handling, transportation bottlenecks, or labour strikes, which could lead to delayed or lost deliveries or damaged products and disrupt supply of these products. To improve our line capability, we try to stock our inventory at our refining facility. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively. If we over-stock inventory, our capital requirements will increase and we will incur additional financing costs. If we under-stock inventory, our ability to meet customer demand and our operating results may be adversely affected. Any mismatch between our planning and actual consumer consumption could lead to potential excess inventory or out-of-stock situations, either of which could have an adverse effect on our business, financial condition and results of operation.

We intend to continue growing by expanding our business operations. This may result in an increase in the quantum of current assets, particularly trade receivables and inventories. Our inability to maintain sufficient cash flow, credit facility and other sources of funds, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and the result of our operations. For further details regarding working capital requirement, please refer to the chapters titled “*Objects of the Issue*” and “*Management Discussion and Analysis of Financial Condition and Results of Operation*” beginning on pages 101, and 251, respectively.

7. We do not have long term agreements with suppliers for our raw materials and packaging material and an increase in the cost of, or shortfall in the availability or quality of such raw materials and packaging material could have an adverse effect on our business, financial condition and result of operation.

During the last 3 fiscal years ending on March 31, 2023, March 31, 2022 and March 31, 2021, our cost of raw material and packaging material consumed amounted to Rs. 5,800.08 lakhs, Rs. 3,745.29 lakhs, Rs. 4,317.06 lakhs respectively, and our cost of raw material consumed as a percentage of our gross revenue from operations was 49.30%, 56.65% and 71.89% respectively. We source the raw materials that we use in our business from the domestic market.

We have entered into the Memorandum of Understanding with our related parties for a term of Five Years to procure the raw salt on annual basis, the name of the parties is as under:

Sr. No.	Proprietorship held by Proprietor	Name of Proprietor
1	Rajesh Salt Industries	Rajesh Goyal

Sr. No.	Proprietorship held by Proprietor	Name of Proprietor
2	Shakambar Salt Industries	Rajesh Goyal
3	Shri Jankinath Namak Udyog	Rajesh Goyal
4	Rekha Salt Industries	Rekha Goyal
5	Radhika Namak Udyog	Radhika Goyal
6	Shiv Namak Udyog	Radhika Goyal
7	Priyanka Salt Industries	Priyanka Goyal
8	Pramesh Salt Industries	Pramesh Goyal
9	Shree Diamond Salt Industries	Pramesh Goyal
10	Shree Goyal Salt Industries	Pramesh Goyal
11	Lokesh Salt Industries	Lokesh Goyal
12	Quality Namak Udyog	Lokesh Goyal
13	Goyal Salt Industry	Lokesh Goyal

Apart from such, we do not enter into any long-term supply contract with any of our raw material suppliers and typically source raw materials from third party suppliers under contracts of shorter period or from the open market. The absence of long-term contract with other parties except as hereinbefore mentioned at fixed prices exposes us to volatility in the prices of raw material, which may reduce our profit margins. We may face a risk that one or more of our suppliers may discontinue their supplies to us, and any inability on our part to procure raw material from alternate suppliers in a timely manner, or on commercially acceptable terms, may adversely affect our business, financial condition and result of operations.

8. *The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.*

The Restated Financial Statements of our Company for the fiscal years ended March 31, 2023, March 31, 2022, and March 31, 2021, have been prepared by a Peer Reviewed Chartered Accountant who is not the Statutory Auditor of our Company. It is essential to note that our Statutory Auditor does not hold a peer review certificate.

The use of restated financial statements, not audited by our Statutory Auditor, introduces potential uncertainties and challenges. One concern is the independence and objectivity of the Peer Reviewed Chartered Accountant in evaluating the Company's financial performance and disclosures. As their review does not provide the same level of assurance as a statutory audit, there might be limited confidence in the accuracy and reliability of the restated financial information. Additionally, the restatement process could be susceptible to errors or omissions, impacting the completeness and correctness of the financial data presented.

Furthermore, the scope of the peer review may not be as extensive as that of a statutory audit, leaving potential risks unidentified. The absence of a formal statutory audit opinion might affect investor perception and lead to uncertainty about the Company's financial standing and future prospects. As a result, the restated financial statements may attract regulatory scrutiny, potentially leading to legal and reputational consequences.

9. *There are pending litigations against our company and certain Directors and any adverse decision in these proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, result of operations and financial conditions.*

Our Company, our Promoters and Directors are involved in certain legal proceedings at different levels of adjudication before various courts, tribunals and appellate authorities. In the event of adverse rulings in these proceedings or consequent levy of penalties by other statutory authorities, our Company or Directors may need to make payments or make provisions for future payments,

which may increase expenses and current or contingent liabilities and also adversely affect our reputation.

In the ordinary course of business, our Company, promoters and our directors are involved in certain legal proceedings, which are pending at varying levels of adjudication at different forums. The summary of outstanding matters set out below includes details of civil proceedings, criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving our company, directors and promoters of our Company.

According to the materiality policy, any outstanding litigation, other than criminal proceedings, statutory or regulatory actions and taxation matters, is considered material if the monetary amount of claim by or against the entity or person in any such pending matter is in excess of Rs. 2,00,000/- or if an adverse outcome of any such litigation could materially and adversely affect our business, prospects, operations, financial position or reputation.

We cannot assure that any of the legal proceedings described below will be decided in favor of the company and or directors respectively. Further the amounts claimed in these proceedings have been disclosed to the extent ascertainable, excluding contingent liabilities and include amounts claimed jointly and severally. Should any new developments arise, such as change in Indian law or rulings by appellate courts or tribunals, additional provisions may need to be made by us, the promoters and directors in our respective financial statements, which may adversely affect our business, financial condition and reputation. We may incur significant expenses and management time in such legal proceedings. Decision in any such proceedings adverse to our interests may have adverse effect on our business, future financial performance and results of operations.

Decision of such proceedings which are against the interests may affect our reputation and may have material and adverse effect on our business, results of operations and financial condition.

10. Any negative publicity or defect in product quality may cause the Company substantial costs which in turn could adversely affect our goodwill and our sales could be diminished.

Like any other business our business also relies on our product quality which enables us to gain customer trust. In this scenario it is very crucial for us to always maintain positive image of the Company. Any unfavourable publicity regarding our Company, brand, or facility we provide or any other unpredicted events could affect our reputation and our results from operations. Further, defective products may result in a claim against us for damages. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

There are 2 ongoing cases on us related to quality issues and misbranding of our product i.e., State of UP v/s Anil Kumar & Others under section 26(2)(v) and State of Rajasthan v/s Pawan Kumar & Others under section 26(2)(1) of Food Safety and Standards Act, 2006. For further details relating to the cases, please see **“Outstanding Litigation and Material Developments”** on Page 277.

11. As per the orders of the Madhya Pradesh State Civil Supply Corporation, our company has been offered to supply the refined iodized salt to State Govt of Madhya Pradesh under PDS. In past our company has been offered to supply the refined iodized salt to State Govt of Uttar Pradesh, and Jharkhand under PDS. Our inability to meet the requirement could have an adverse impact on our reputation and attract penalties and also failure to get this offer in future could have an adverse effect on our sales, profitability and cash flows.

Our Company has been granted the opportunity to supply refined iodized salt to the State Government of Madhya Pradesh under the Public Distribution System (PDS), as per the orders of the Madhya Pradesh State Civil Supply Corporation. In the past, we have also received similar offers to supply iodized salt to the State Governments of Uttar Pradesh and Jharkhand under PDS.

Government procurement contracts play a crucial role in maintaining our supplies, generating revenues, and ensuring steady cash flows. Additionally, these contracts positively impact our reputation and expand our customer base. In the last two Fiscal Years ended on March 31, 2023 and March 31, 2022 we have supplied Rs. 3,66.58 Lakhs and Rs. 1,520.14 Lakhs constituting 66.05% and 22.99% respectively of our revenue to the Governments.

However, there is no assurance of securing similar contracts in the future, which could negatively impact our business, financial condition, and profitability.

12. Our refining capacities may not reach their installed capacity and we may also be unable to effectively utilize our expanded refining capacities.

In FY 2022-23, FY 2021-22 and 2020-21, our Installed capacity and capacity utilization was as under:

S. No.	Period	Location	Name Of Product	Unit Measurement	Installed Capacity	Actual Production	Capacity Utilization in %
1	FY 2020-21	Unit-I Mohanpura	Refined Free Flow Iodized	MT	2,50,000	1,09,988.34	44.00%

			Double Fortified Salt			5,133.83	2.05%
		Unit-II Nawa unit	Refined Half Dry Salt	MT	60,000	39044.65	60.07%

Capacity Utilization for Refined Free Flow Iodized and Refined Half Dry Salt is pursuant to the Certificate dated June 01, 2023 from Narendra Tanwar – N – Associates Chartered Engineer and capacity utilization for Refined Free Flow Industrial and Double Fortified Salt is pursuant to Certificate dated June 19, 2023 from the statutory auditor of our company M/s Arvind R Agarwal & Co. Chartered Accountants.

For further details on installed capacities refer section titled **“Our Business - Capacity Utilization”** on page 163. We cannot assure you that we will achieve higher refining capacities than we have achieved in the past and will be able to achieve optimal capacity utilization at our existing refining facilities.

The capacity utilization at our refining facilities is subject to various factors such as timely and adequate supply of raw material, uninterrupted power supply, efficient working of machinery and equipment and optimal refining planning, technical support. Higher capacity utilization is critical to achieving higher revenues and profitability. If we are unable to achieve and consistently maintain, higher levels of capacity utilization or if our capacity utilization falls below the current level, our revenues and profitability could be adversely affected. Also, lower refining capacity level could also adversely impact our ability to build our customer base and grow our business.

13. We are subject to strict quality requirements, regular inspections and audits and sale of product depends on our quality control and standards. Any failure to comply with quality standards may adversely affect our business prospects and financial performance, including cancellation of existing and future orders.

We are the refiner of edible and industrial salt. Refining of salt goes through various quality checks at various stages including random sampling and quality check by internal as well as external agencies. We need to comply with necessary rules and quality requirement for salt for human consumption as well as for industrial use. We need to comply with minimum market quality standards. Failure of our product to meet prescribed quality standards may result in rejection or

reworking of our product. This may result in our customers cancelling present or future purchases of our product and could adversely affect our business, financial condition and result of operation.

Our business model allows us to monitor and control the quality of our products supplied to our customers. Our company adheres to the industry's best quality product accreditations.

Receipt of certifications and accreditations under the standards of quality is important for the success and wide acceptability of our products. To ensure continued accreditation with such agencies, we must ensure consistency and maintain the quality of our products and our refining process. While we have put in place quality control procedures, we cannot assure that our products will always be able to satisfy our prescribed quality standards. Our quality control procedures may fail to test for all possible conditions of use or identify all defects in the refining of our products. Any failure on our part to successfully maintain quality standards for our products may affect our business, financial condition and result of operations.

14. We are dependent on third party transportation and logistics service providers. Any increase in the charges of these entities or unavailability of transportation services for our products or transportation strikes could adversely affect our business, results of operations and financial conditions.

We rely on third party transportation and logistics providers for procurement of raw material and supply to the refinery and finished products to the storage unit. We do not have any long-term contractual arrangements with such third-party transportation and logistics providers and engage their services, as and when required. Disruption of logistic could impair our ability to procure raw material and/or deliver our products on time, which could materially affect our business, financial condition and result of operations. Railway and truck loading, salt transportation and Tractor freight expenses form an integral part of our revenue. During last 3 Fiscal years these expenses amounted to Rs. 408.50, Rs. 388.77 lakhs, Rs. 398.20 lakhs for FY 2022-23, 2021-22, 2020-21 respectively constituting 3.47%, 5.88% and 6.63% of revenue. We are subject to the risk of increase in freight cost. Freight cost fluctuate with the prices of oil & gas. If we cannot offset any increase in freight cost, through increase in prices for our products, we would experience lower margins

Also, unavailability of the transportation services due to weather related problem, strikes, lockouts, inadequacies in the road infrastructure or other events could impair ability to procure raw material on time and our ability to deliver our products to the customers. Any such disruption could materially and adversely affect our business, financial condition and results of operations. Though our business has not experienced any disruption due to these in the past, any future transportation unavailability due to any of these reasons may have an adverse effect on our business, financial condition and results of operations.

15. Our company relies significantly on third party suppliers for 37.85%, 24.06% and 11.39% for the financial year ended on 2022-23, 2021-22 and 2020-21 of total sales revenue. We do not have any formal arrangement with such third parties, and any disruptions at such third-party production or manufacturing facilities, or failure of such third parties to adhere to the relevant quality standards or fluctuations in pricing may have a negative effect on our reputation, business and financial condition.

Our company purchases refined salt from 3rd party sources and sells the same under its name. The revenue bifurcation for such sales is provided in the table below for the periods ending on March 31, 2023, 2022, and 2021.

(Amount in lakhs)

Particulars	For the year ended March 31, 2023		For the year ended March 31, 2022		For the year ended March 31, 2021	
	Amount	%	Amount	%	Amount	%
Trading Sales of Refined Free Flow Iodized Salt	4,452.15	37.85%	1,590.82	24.06%	684.28	11.39%
Total Revenue	11,764.19	100%	6,611.09	100%	6,005.30	100%

Note: Pursuant to the certificate dated September 02, 2023, issued by our statutory auditor of the company, M/s. Arvind R Agrawal & Co., Chartered Accountants.

Our company heavily relies on third-party suppliers, accounting for 37.85% of our total sales revenue. Although this approach has its advantages, such as cost efficiencies and access to specialized products, it also exposes us to significant risks that could adversely impact our operations, financial performance, and reputation.

These risks encompass potential supply disruptions beyond our control, ranging from natural disasters and geopolitical events to manufacturing issues at supplier facilities, potentially resulting in delays and increased production costs. Additionally, maintaining consistent product quality and ensuring supplier adherence to our standards is challenging. Quality issues could lead to customer dissatisfaction, recalls, and legal liabilities.

Price volatility is another concern, as third-party suppliers may adjust pricing and terms in response to market dynamics, affecting our profitability and margins. Our limited control over these suppliers' operations could hinder our ability to adapt to changing market conditions and regulatory requirements.

Moreover, any controversies, ethical problems, or legal disputes involving our suppliers could tarnish our reputation, eroding customer trust and loyalty. Regulatory changes or compliance issues related to supplier operations might lead to disruptions, added costs, or legal liabilities for our company.

To mitigate these risks, we actively monitor supplier performance, maintain contingency plans for supply chain disruptions, and explore diversification of our supplier base. However, there is no absolute assurance that these measures will completely eliminate the risks associated with our reliance on third-party suppliers, and the potential for future challenges remains a concern.

16. Our company has negative cash flow from operating activity, investing activity and financing activities in some of the previous years as per the restated financial statement.

Our Company has negative Cash flow from operating activity, investing activities and financing activities in some of the previous years as per the restated financial statement and same are summarized as under:

(Amount in Lakhs)

Particulars	As on March 31, 2023	As on March 31, 2022	As on March 31, 2021
Cash from operating activities	329.93	466.21	(434.12)
Cash from investing activities	(181.24)	(133.34)	(109.24)
Cash from financing activities	(143.81)	(337.73)	524.27

Cash flows of the company is the key indicator which shows adequacy of cash generated from operations to meet its capital expenditure, pay dividend, repay loans, make new investments without availing financial help from external sources. Inability to generate sufficient cash in future can have negative impact on business and financial operations. For further information, see "**Financial Statements as Restated**" and "**Management's Discussion and Analysis of Financial**

Condition and Results of Operations” beginning on pages 215 and 251 respectively.

17. *Non-Compliance with and changes in safety, health and environmental laws and other applicable regulations may adversely affect our business, prospects, financial condition and results of operations. Further, we may not be able to renew or maintain our statutory and regulatory permits and approvals required to operate our business.*

We are subject to laws and government regulations, including in relation to safety, health, environmental protection and labour. These laws and regulations impose control on air and water discharge, processing, handling, storage and other aspects of our refining operations. Also, the purpose of these laws is to ensure safe workplace for the workmen, social justice and social security to the worker and his family. We have obtained, or are in the process of obtaining or renewing, all material environmental consents and licenses from the relevant government agencies that are necessary for us to carry on our business. For further details of the key regulations applicable to our business, please see section titled *“Key Industry Regulations and policies”* on page 173. We cannot assure you that we will not be found to be in non-compliance with, or remain in compliance with all applicable environmental, health and safety and labour laws and regulations or the terms and conditions of any consents or permits in the future that such compliance will not result in a curtailment of production, or a material increase in the costs of production.

We are also subject to the laws and regulations governing employees, including in relation to minimum wage and maximum working hours, overtime, working conditions, hiring and termination of employees, contract labour and work permits. We have incurred and expect to continue incurring costs for compliance with such laws and regulations. These laws and regulations are stringent to pursue and can become more stringent to follow in future.

Also, the scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted and hence the costs and management time required to comply with these requirements could be significant. Amendments to such statutes may impose additional provisions to be followed by our Company and accordingly the Company needs to incur clean-up and remediation costs, as well as damages, payment of fines or other penalties, closure of refining facilities for non - compliance, other liabilities and related litigation, could adversely affect our business, prospects, financial condition and results of operations.

18. *Within the parameters as mentioned in the chapter titled ‘Objects of the Issue’ beginning on page 99, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.*

We intend to use Issue Proceeds towards Capital Expenditure for Quality Enhancement, Brand Creation and Marketing Expenses, Funding the Working Capital Requirements, General Corporate Purposes and to meet Issue expenses. We intend to deploy the Net Issue Proceeds in FY 2023-24. Such deployment is based on certain assumptions and strategy which our Company believes to implement in near future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled *“Objects of the Issue”* beginning on page 101.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled *“Objects of the Issue”* beginning on page 101, the Management of the Company will have significant flexibility in applying the proceeds received by our Company from the Issue.

However, the Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. However, in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the issue without our Company being authorized to do so by our shareholders by way of special resolution and other compliances in this regard.

19. Failure to engage a digital marketing agency may have adverse effects on our company's brand value, which could subsequently harm our goodwill and potentially diminish our sales performance.

Our Company has secured an exclusive agreement with the renowned Bollywood actress, Karishma Kapoor, to serve as its brand ambassador. This association is intended to leverage the widespread popularity and appeal of Ms. Kapoor to connect with a broader consumer base, especially in urban and semi-urban areas. The partnership with Ms. Karishma Kapoor is expected to amplify the company's marketing efforts and significantly increase its visibility across various digital platforms channels, including social and digital media.

We will be hiring a digital marketing agency to create and execute a comprehensive social media advertising campaign on various platforms such as Instagram, Facebook, WhatsApp and twitter so that we will reach our target audience and drive brand awareness and engagement. The agency will work with us to develop a creative and engaging campaign that aligns with our brand identity and messaging. We are currently in the process of creating a request for proposal and distributing it to a selected agency.

Failure to engage a digital marketing agency may have adverse harm our goodwill and potentially diminish our sales performance. Further we will not be able to create our brand image and to execute our plans or strategies of enter into B2C segment of the market, to enter into the new geographies and to enhance our sales. The absence of a digital marketing agency could hinder our ability to design and execute an all-encompassing social media advertising campaign, reaching our intended audience and strengthening brand creation. This shortfall could lead to lost sales, reduced market presence, and harm to our brand creation.

The consequences of not engaging a digital marketing agency are not limited to resource wastage—both financial and human—but also extend to the potential advantage gained by competitors who utilize such agencies for more efficient campaigns and for the enhancement and creation their brands. These issues can negatively impact our profitability and hinder our ability to attract new customers and partners.

To mitigate this risk, we are currently in the process of developing a plan to hire a digital marketing agency. Our strategy involves creating a request for proposal and distributing it to a selected agency. Following the evaluation of proposals, we will select the agency best suited to our needs and collaborate with them to develop a comprehensive social media advertising campaign.

20. The industry in which we operate has many big players due to which our Company faces a lot of competition from them. This may affect our business operational and financial conditions.

The market of our product is very much competitive. There are many bigger groups operating in the industry and they compete with each other on key attributes such as technical competence, quality of product, customer base, pricing and timely delivery. These bigger groups are far ahead in terms of technical knowhow, capital adequacy, availability of financial resources, skilled labour and better industry experience. These companies pose a lot of competition and consequently affect our volume of sales and growth prospects. Increasing competition may result in a decline in our market

share and may affect our profit margins which may adversely affect our business operations and our financial conditions.

21. Our reliance on three major products comprises the substantial sales and any factor affecting the sales of these major products could have an adverse effect on our business.

Our business involves the sale of three major products namely Refined Free Flow Iodized Salt, Refined Free Flow Industrial Salt and Refined Half Dry Salt. The table below provides gross revenue from operations contributed by each of our products in last three fiscal years are as under:

(Amt. in lakhs)

Total	11,770.68	100%	6,615.00	100%	6,012.96	100%

*Others include other operating revenue, Misc. sales etc.

Factors affecting these product segments in general, or any of our customers in particular could have a cascading adverse impact on our business financial condition and results of operations. Such factors include, but are not limited to, the following:

- Change in any registration requirement or non-renewal of registration or imposition of a regulatory ban, or trade sanctions imposed across the country or any such restrictions on the business or product or customer's final product.
- Loss of market share, which may lead our customers to reduce or discontinue the purchase of our products.
- Economic conditions of the market in which our customers operate.
- Regulatory issues faced by the salt industry.
- Downturn or industrial cycle that impact demand
- Changes in technology or consumer tastes and requirement that alter demands for our products.

For any of the above reasons or any other reason whatsoever, in the event of the sales to our customers substantially decrease, our business financial condition and the result of operations could be adversely affected.

22. Properties, on which we have our registered office and refining facilities, are not owned by us. Any termination or dispute in relation to this lease/ rental agreement may have an adverse effect on our business operations and results thereof.

The properties where our registered office situated in Jaipur, some part of the refining facility situated at Khasra No. 546 at nawa city and the refining facility situated at Khasra No. 92 at nawa city are not owned by our company and the same have been taken on lease from the promoters of our Company with whom we have entered into a rent agreement. For details on properties taken on lease / rent by us please refer to the heading titled "**Our Business - Properties**" beginning on page 168.

The agreements are renewable on mutually agreed terms. The rent agreements have a clause for the renewal of the same for a further period as may be mutually agreed among the parties after the expiry of the current period. In the event of the said agreements are not being renewed or agreement is terminated by either of the parties or upon expiry of the said agreement or increase in rent or any noncompliance, we may have to either vacate the registered office and refining facility and relocate to another premises or agree to pay the extra amount for using the same prices. Further, increase in rent structure will lead to increase of our expenditure which in turn will lead to decrease of revenue and increase of operational cost. Also, searching for the suitable location, setting the registered office and refining facility from the scratch and relocating the inventory may lead to loss of clients, reduction in sales thereby affecting our profitability.

23. Delays or defaults in payments from our customers could result in reduction of our profits.

In ordinary course of business, we provide our customers certain credit facilities as part of our payment terms. Though we limit the credit we extend to our customers depending upon their payment history and financial condition, we may still experience losses if the customer is unable to pay. Hence, we are exposed to this credit risk from our operating activities specifically from trade receivables. The average receivable days as on March 31, 2023 was 46 days. As at March 31, 2023, March 31, 2022 and March 31, 2021, we had an outstanding trade receivable aggregating Rs. 1,556.94, Rs. 1,424.49 lakhs and Rs. 1,371.75 lakhs respectively, constituting 13.23%, 21.54%, 22.84% respectively, of our revenue from operations during the respective years. Further our trade receivable turnover ratio as on March 31, 2023, March 31, 2022 and March 31, 2021 was 7.56, 4.64, 4.38. Further as on March 31, 2023, March 31, 2022 and March 31, 2021 trade receivables aggregating to Rs. 215.79, Rs. 205.53 lakhs, Rs. 308.04 lakhs are those which are more than 6 months.

Hence our result of operation and profitability depends on the credit worthiness of the customers. There is a possibility that any of the customer could have weak credit history so we cannot assure that these parties will pay us in timely manner, or at all. Any adverse change in the financial condition of our customers may adversely affect their ability to make payment to us. Also, any increase in the trade receivable turnover days or write offs will have a negative impact on our business. Any default or delays in payment of receivables by our customers would have an adverse effect on our business' cash flow, result of operations and financial condition.

24. The agreements governing our indebtedness contain conditions and restrictions on our operations, additional financing and capital structure.

As of **June 30, 2023**, our total outstanding debt was Rs. 1,310.04 Lakhs which includes secured debt of Rs. 1,385.76 Lakhs availed from banks. The details of our total debts availed by us is as under:

(Amount in Lakhs)

Name of the Lender	Type of Loan	Nature of Loan	Purpose of Loan	Sanctioned Amount	Outstanding as on 30.06.2023
A. From Banks					
Yes Bank Limited	Secured Loan	Working capital demand loan	Business purpose	1,300.00	1,202.04
Yes Bank Limited	Secured Loan	Bank guarantee	Business purpose	200.00	108.00
Grand Total (A)				1,500.00	1,310.04

We have entered into borrowing facilities with Yes Bank Ltd. The financing agreements governing such facilities availed from Yes Bank Ltd. include conditions and restrictive covenants that require us to obtain consents, no-objections or waivers from lenders prior to carrying out specified activities or entering into certain transactions, including, among other things, incurring additional debt, prepaying existing debt, declaring dividends or incurring capital expenditures beyond prescribed

thresholds, amending our constitutional documents, changing our capital structure, shareholding pattern or management, and selling, transferring, leasing or disposing our encumbered assets

Although we have taken the consent of our Yes Bank Ltd. for undertaking activities in relation to our Initial Public Offering, undertaking any of the above without the consent of our lender or non-compliance with any of the covenants of our financing agreements, constitute default under the relevant financing agreements and will entitle YES Bank Ltd to declare a default against us and enforce remedies under the terms of the financing agreements, that include, among others, acceleration in repayment of the amounts outstanding under the financing agreements, enforcement of any security interest created under the financing agreements and taking possession of the assets given as security in respect of the financing agreements. Further, we cannot assure you that we will be able to obtain approvals to undertake any of these activities as and when required or to comply with such covenants or other covenants in the future. A default by us under the terms of any financing agreement may also trigger a cross-default under some of our other financing agreements, or any other agreements or instruments of our containing cross-default provisions, which may individually or in aggregate, have an adverse effect on our operations, financial position and credit rating. If the lenders of a material amount of the outstanding loans declare an event of default simultaneously, we may be unable to pay its debts when they fall due.

For details of our borrowings, see “**Financial Indebtedness**” on page 273.

25. We have certain contingent liabilities that have not been provided for in our financial statements, which if they materialise, may adversely affect our financial condition, cash flows and results of operations.

We have certain contingent liabilities that have not been provided for in our financial statements.

Details of the contingent liabilities and capital commitments of our Company for the Fiscal Year ended on March 31, 2023, 2022 and 2021 derived from the Restated Financial Statements are set forth below:

<i>(Amount in Lakhs)</i>				
S. No.	Particulars	March 31, 2023	March 31, 2022	March 31, 2021
Contingent liabilities not provided for				
1.	Claims against the company not acknowledge as debts – Bank Guarantee	195.00	-	-
2.	Bills Discounting against LC	-	-	-
3.	Claims against the company not acknowledge as debts	-	-	-
(a).	Income Tax Matters	42.01	42.01	42.01
(b).	Indirect Tax Matters	-	-	-
	Total	237.01	42.01	42.01

Our contingent liabilities may become actual liabilities and if these liabilities materialize, it could have an adverse effect on our business, financial condition and results of operations. Furthermore, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current year or in the future.

26. There have been certain inadvertent inaccuracies, delay and non-compliances with respect to certain regulatory filings and corporate actions taken by our Company. Consequently, we may be subject to regulatory actions and penalties for any past or future non-compliance and our business and financial condition may be adversely affected.

Our Company has encountered certain inadvertent inaccuracies, delays, and non-compliances concerning regulatory filings and corporate actions in the past. As a result, we may face regulatory actions and penalties for any historical or future non-compliance, potentially adversely impacting our business and financial condition.

Notably, there were cases of delayed filing of statutory forms under the Companies Act with the Registrar of Companies (RoC), which were subsequently rectified by paying additional fees. These delays occurred due to inadvertent reasons and ranged from 1 to 169 days.

The details of Delayed filings are as follows:

S. No.	Description of Form	Date of event	Due Date	Date of filing	Delay (No. of Days)	Reason for delay

Details of erroneous filings of statutory forms with RoC:

S. No.	Details of Error	Date of Filing	ROC Form
1.	The appointment details of Lokesh Goyal as a Non-Executive Director were filed inaccurately	25.02.2015	DIR - 12

Our Company has rectified the same by passing a Shareholder's Resolution in this regard in the Annual General Meeting of the Company dated 21.09.2016 and his appointment has been regularised as a Whole-Time Director of the Company by filing the updated DIR-12 form.

As of now, our Company has rectified these errors by filing the updated forms and payment of requisite additional fees. However, there is no assurance that such discrepancies will not occur in the future, and we may be subject to regulatory actions and penalties, which could adversely affect our business operations and financial position.

27. Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flows and liquidity.

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must accurately estimate customer demand and supply requirements and our inventory accordingly. If our management fails to properly judge the expected demand of the customers this could adversely impact the results of operations by causing either shortage of products or accumulation of excess inventory. Further if we fail to sell the inventory we refine or get refined by third parties on our account, we may be required to write down our inventory or pay our suppliers without new purchases or create additional vendor financing, which could have an adverse impact on our income and cash flows.

- 28. We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further we have not identified any alternate source of financing the 'Objects of the Issue'. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.**

As on date, we have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. We meet our capital requirements through our bank finance, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled "**Objects of the Issue**" beginning on page 101.

- 29. We are dependent on machinery for our refining operations. Any unscheduled, unplanned or prolonged disruption or breakdown of our machinery could adversely affect our business, financial results and growth prospects.**

Our Company relies heavily on machinery for the smooth functioning of our refining operations at our facility located in Nawa City. These modern and technologically advanced machines are essential to our refining and testing processes. However, the efficient operation of our refining facility is subject to various operational risks, including those beyond our control.

Unscheduled, unplanned, or prolonged disruptions or breakdowns of our machinery pose significant risks to our business, financial results, and growth prospects. Operational risks, such as equipment failures, industrial accidents, severe weather conditions (e.g., low or heavy rainfall), natural disasters, and infectious disease outbreaks like the Covid-19 pandemic, can lead to unplanned slowdowns or shutdowns, affecting our operations.

Addressing malfunctioning machinery requires significant repair and maintenance costs, potentially causing operational delays. While we maintain backup systems for critical equipment such as DG Sets and appropriate spare parts, there is no guarantee of immediate availability or the same quality of replacements. This could result in considerable operational downtime, affecting our refining capacity and possibly leading to delays in fulfilling customer orders.

In the event that we are unable to repair the machinery promptly or procure suitable replacements, there is a risk of suspending our refining operations until the necessary assets are restored. Such disruptions could have adverse effects on our overall business, leading to revenue losses, refining process delays, and potential damage to our reputation.

- 30. Our operations may be adversely affected in case of industrial accidents at any of our refining facilities.**

Usage of machinery, handling of materials by labour during refining process or otherwise, lifting of materials by humans, etc. may result in accidents, which could cause injury to our labour, employees, other persons on the site and could also damage our properties thereby affecting our operations. The occurrence of accidents could hamper our refining process and consequently affect our profitability.

- 31. Our refining operations may be materially adversely affected by Strikes; work stoppages or increased wage demands by our employees or any kind of dispute with our employees could adversely affect our business and results of operations.**

Our company is always exposed to risk of strike or any other industrial action which could have a negative impact on the smooth functioning of the operations. Currently there are 31 full-time employees including workers at our refining unit and we enjoy cordial relation with them but there is no assurance that we may not experience any kind of dispute or disruption with them such as strikes, work stoppages, or increased wage demand. Such events could disrupt our operations and may have a material adverse effect on our business, financial condition and results of operations.

Although we have not experienced any significant disruptions at any of our refining facilities in the past, we cannot assure you that there will not be any disruptions in our operations in future. Our inability to effectively respond to such events, resolve such disruptions, in timely manner and at acceptable cost, could lead to slowdown or shutdown of our operations or the underutilization of our refining facilities, which in turn may have an adverse effect on our business, financial condition and result of operation.

32. *Our success largely depends upon the continuing services, strategic guidance and financial support of the promoters, directors and our senior management as well our ability to attract and retain skilled personnel. Any loss of our directors, senior management or our ability to attract and retain them and other skilled personnel could adversely affect our business, financial condition and result of operations.*

Our success largely depends upon the knowledge and experience of our Promoters, Directors, our senior management as well as our ability to attract and retain skilled personnel. Any loss of our directors, senior management or our ability to attract and retain them and other skilled personnel could adversely affect our business, financial conditions and result of operations. We depend on the management skills and guidance of our promoters for development of business strategies, monitoring their successful implementation and meeting future challenges. Our future performance depends upon our ability to retain the continued services of our management team. If Promoters/Directors or any senior management employee is unwilling to continue in their present position, we may be unable to find a replacement easily, which would have an adverse impact on smooth functioning of the business.

In addition, we may require a lot of time to hire and train new personnel whenever a senior management employee discontinues their services with us. Also, this may attract increase in compensation level due to competition in the industry in order to attract and retain the skilled employees that our business demands. The loss of services of such senior management employees could have an adverse effect on our business, results of operations, cash flows and financial operations.

33. *Employee misconduct, errors or fraud could expose us to business risk or losses which could adversely affect our business prospect, result of operations and financial conditions.*

Company has a continued risk of misconduct, errors or fraud by the employees which can lead to serious losses, penalties in case violation of laws and can even harm reputation of the company. Such employee misconduct includes breach of confidentiality, misappropriation of funds, hiding any unauthorized activities, failure to observe operational standards and processes. It is not always possible to detect or deter this misconduct. The precautions taken to stop these unethical activities may not be effective. In addition, losses caused on account of employee misconduct or misappropriation of petty cash expenses and advances may not be recoverable and which may result in write off of such amount thereby affecting result of operations. Our company may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions in which case, our reputation, business prospects, results of operations and financial conditions could be adversely affected.

34. Modernization and technology upgradation can render the existing technology and machinery redundant and obsolete.

Change is inevitable and modernization and technology up gradation is essential to provide better services to customers. Any upgradation in technology would lead to existing machinery and technology becoming obsolete. This would require a lot of capital investment to implement new technologies or upgrade the machinery etc. Cost involved in upgradation and modernization would substantially affect our finances and operations. Also, the cost of implementing new processes would require substantial new capital expenditures and could adversely affect our business and financial condition.

35. We are required to maintain certain licenses, approvals, registrations, consents and permits in the ordinary course of business. Failure to obtain the requisite approvals result in non-compliance and therefore, affect our business operations, financial condition, result of operations and prospects.

We require a number of licenses, approvals, registrations, consents and permits to operate our business in India and globally. As we expand our operations globally and enter new markets, we may not be familiar with local regulations and may need to incur additional costs to ensure regulatory compliance. In addition, we may need to apply for approvals, including the renewal of approvals which may expire, from time to time, as and when required in the ordinary course of business. On conversion of our company to Public Limited Company, the name has been changed to Goyal Salt Limited from erstwhile name Goyal Salt Private Limited vide special resolution passed by our shareholders at Extraordinary General Meeting held on April 29, 2023. Consequent to this change, we have updated the same in various approvals, license and registrations taken by our company in the ordinary course of our business however in some approvals, licenses and registration, the updated name is still pending or in process.

In the event that we are unable to obtain such approvals and permits, our business, results of operations, cash flows and financial condition could be adversely affected. If we fail to obtain, maintain or renew such licenses, approvals, registrations, and permits in a timely manner, it may result in interruption of our business operations, which could have an adverse effect on our business, financial condition and results of operations. While we have obtained key approvals required for our business, we have also applied for, and are awaiting grant/ renewal of certain key approvals.

Furthermore, government approvals and licenses are subject to numerous conditions, including adherence to emission standards and regular monitoring and compliance requirements, some of which are onerous and require us to incur substantial expenditure. We may incur substantial costs, including clean up and/or remediation costs, fines and civil or criminal sanctions, as a result of violations of or liabilities under environmental or health and safety laws, which may have a material adverse effect on our business or financial condition. We cannot assure you that approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for, obtain and validly maintain the required licenses, approvals, registrations or permits, or any suspension or revocation of any approvals, licenses, registrations and permits that have been or may be issued to us, may materially and adversely affect our operations. For further details, please see the section entitled **“Government and Statutory Approvals”** on page 284 for more details, including such approvals for which applications are pending before relevant authorities.

36. We may not have sufficient insurance coverage to cover all possible losses.

Our operations carry inherent risks of personal injury and loss of life, damage to or destruction of property, plant and machinery and damage to the environment, and are subject to various risks such as fire, theft, flood, earthquakes and terrorism. We maintain insurance coverage, in amounts we consider to be commercially appropriate, including insurance against damage, loss of profit and business interruption, marine inland transit and third-party liability insurance with respect to our assets. Our insured assets primarily consist of property, plant & equipment, furniture, fixtures and fittings, inventory, etc. In the past three years, there has been no instances of under insurance i.e., where our insurance cover did not adequately cover the insured value required for our operations. However, there can be no assurance that our current and future insurance will adequately cover all losses or liabilities that may arise from our operations, including, but not limited to, when the loss suffered is not easily quantifiable. While we have not had any such instance in the past three years, there can be no assurance that in the future our losses would not significantly exceed our insurance coverage or may not be recoverable through insurance and consequently our business, financial condition and results of operations could be materially and adversely affected. For further details of insurance see *"Our Business – Insurance"* on page 169.

37. Industry information included in the Prospectus has been derived from industry reports commissioned by us for such purpose. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Prospectus.

38. Our Refinery unit is dependent on adequate and uninterrupted supply of electricity and fuel. Any shortage or non-availability of such essential utilities could lead to disruption in operations, higher operating cost and consequent decline in our operating margins.

Our Company is heavily dependent on continuous supply of electricity and other fuel which are critical to our refining operations. During the Fiscal year ended 2023, 2022 and 2021 the cost of power and fuel was Rs. 397.60 Lakhs, Rs. 368.96 Lakhs and Rs. 376.85 Lakhs for each respective period which accounted for 48.46%, 52.11%, and 49.97% of our refining expense respectively. While adequate power is available at the existing premises which is met through the electric supply by respective area electricity board with a capacity of 620 KVA, also company have installed transformer of 1000 KVA, also 2 DG sets of 380 KVA and 500 KVA for power backup is also available, we cannot assure you that these will be sufficient and, or that we will not face a shortage of electricity despite of these arrangements. Any shortage or non-availability of essential utilities could result in temporary shutdown of a part, or all, of our operations at the location experiencing such

shortage. Such shut down if prolonged will have an adverse effect on our business result of operation and financial condition. Moreover, if we are required to operate for extended periods of time on diesel generator sets our cost of operations would be higher during this period and would impact our profitability. Any failure on our part to obtain alternate sources of electricity and fuel, in timely manner, or, acceptable terms, may cause slowdown or interruption in refining process and could have an adverse impact on our business, financial condition and result of operation. Further, any increase in electricity or fuel prices may result in increase in electricity and fuel expenses which may have an adverse impact on our business, financial conditions and result of operations.

39. Our inability to successfully implement some or all our business strategies in a timely manner or at all could have an adverse effect on our business. Further, our inability to effectively manage any of these issues may adversely affect our business growth and, as a result, impact our businesses, financial condition and result of operations.

As part of our strategy aimed towards business growth and improvement of market position, we intend to implement several business strategies, which include:

- Expand our refining capacities for edible and industrial salt
- To build a global customer base and enter into new geographical markets
- Continue to focus on quality, environment, health and safety.
- To adopt a holistic approach in building 'our company' a brand in the salt industry
- PAN India Presence and target potential export markets

For further information, see **"Business – Our Business Strategies"** on page 155.

Our strategies may not succeed due to various factors, including our inability to improve our refining capacities, failure to meet market preferences and trends, failure to upgrade our infrastructure, machines, automation, equipment, and technology as required to cater to the requirement of changing demand and market preferences, our failure to maintain quality and consistency in our operations or to ensure scaling of our operations to correspond with our strategy and customer demand. Our inability to respond to regular competition, and other operational and management difficulties. Any failure on our part to implement our strategy due to many reasons as attributed aforesaid could be detrimental to our long-term business outlook and our growth prospects and may materially affect our business, financial condition and result of operations. For further details of our strategies, see **"Our Business"** on page 149.

Further, our ability to sustain growth depends primarily upon our ability to manage key issues such as our ability to sustain existing relationship with our clients, ability to obtain raw material at better prices, ability to compete effectively, ability to scaling of our operations, adhering to high quality and execution standards, our ability to expand our refining capabilities, the effectiveness of our marketing initiatives, selecting and retaining skilled personnel. Sustained growth also puts pressure on our ability to effectively manage and control historical and emerging risks. Our inability to effectively manage any of these issues and implement our business strategies may adversely affect our business growth and, as a result, impact our businesses, financial condition and results of operations.

40. Improper storage, processing and handling of materials and products may cause damage to our inventory leading to an adverse effect on our business, results of operations and cash flows.

Our inventory primarily consists of materials and components used in our operations and products. Our materials, refining processes and products are susceptible to damage or contamination if not appropriately stored, handled and processed, which may affect the quality of the finished product.

In the event such damage or contamination is detected at the refining facility or at our project sites during quality checks, we may have to suspend refining activities, lower capacity utilizations and delay work at project sites, which could materially and adversely affect our business prospects and financial performance. Improper storage may also result in damage to our inventory due to adverse weather conditions or longer than usual storage periods, which may also require us to incur additional expenses in replacing that portion of the inventory and/ or incur additional expenses in maintenance and improvement of our storage infrastructure, which may adversely affect our profit margin.

Further, the quality of the raw materials used, microscopic impurities such as dust and other contaminants, difficulties in the refining process or malfunctions of the equipment or facilities used can lower yields, cause quality control problems, interrupt refining or result in loss of products.

41. Any change in the government laws could affect the flow of our operations and disrupt our business activities.

Our company needs to comply with various laws/regulations due to the nature of business that we conduct. These laws are subject to change at the discretion of the government. Our Company may be subject to increased expenses to comply with any change in the applicable laws which may affect adversely on the flow of operations. Failure to do so may also incur penalties.

42. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees, expand our distribution network and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

43. We may not be successful in implementing our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

44. The average cost of acquisition of Equity Shares by our Promoters could be lower than the floor price.

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Floor Price of the Price Band as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company,

please refer chapter titled **“Summary of Issue Document”** and **“Capital Structure”** beginning on pages 23 and 80 respectively.

45. Our Company may not completely utilise the Net Proceeds of the Issue for the objects stated in FY 2023-24 and FY 2024-25.

Our Company proposes to deploy the entire Net Proceeds towards the objects as described above during FY 2023-24 and FY 2024-25. However, if the Net Proceeds are not completely utilised for the objects stated in Red Herring Prospectus in FY 2023-24 and FY 2024-25 due to factors such as (i) economic and business conditions; (ii) increased competition; (iii) market conditions outside the control of our Company and its management; and (iv) other commercial considerations such as availability of alternate financial resources, the same would be utilised (in part or full) in a subsequent period as may be determined by our Company in accordance with applicable law. For further details on the use of the Issue Proceeds, please refer chapter titled **“Objects of the Issue”** beginning on page 101.

46. Our future funds requirements, in the form of issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.

We may require additional capital from time to time depending on our business needs. Any issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

47. In addition to standard remuneration or benefits and reimbursement of expenses, some of our Promoters, Directors and key managerial personnel are interested in our Company to the extent of their shareholding, dividend entitlement and lease rent received, in our Company.

Our Promoters, Directors and Key Managerial Personnel are interested in our Company to the extent of remuneration paid to them for services rendered and reimbursement of expenses payable to them. Further, some of our Promoters, Directors and Key Managerial Personnel may also be interested to the extent of their shareholding, dividend entitlement and lease rental in our Company. For details on interest of our Promoters in lease rental, refer **“Risk Factor 42 - Properties, on which we have our registered office and refining facilities, are not owned by us. Any termination or dispute in relation to this lease/ rental agreement may have an adverse effect on our business operations and results thereof”**, for other information, see **“Capital Structure”**, **“Our Management”** and **“Financial Statements as Restated”** on pages 80, 185 and 215 respectively.

48. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above ₹ 10,000 Lakhs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our finances. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the Designated Stock Exchange and shall also simultaneously make the material deviations/ adverse comments of the audit committee public.

49. Our Promoters will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

After completion of the Issue, our Promoters will collectively own 72.61% of the Equity Shares. As a result, our Promoters will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

Issue Specific Risks

50. There are restrictions on daily / weekly / monthly movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by designated stock exchanges in India, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchanges do not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

51. The Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is proposed to be determined through a fixed price process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

52. After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors;
- Changes in our estimates of performance or recommendations by financial analysts;
- Significant developments in India's economic and fiscal policies; and
- Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

53. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares has been determined by Book Built Method. This price is based on numerous factors (For further information, please refer chapter titled "**Basis for Issue Price**" beginning on page 114 and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

54. You will not be able to sell immediately on Stock Exchange any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in the Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, 2013, in the event that the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

55. QIB and Non-Institutional investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting the Bid.

Pursuant to SEBI ICDR Regulations, QIBs and Non-Institutional investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting the Bid. Retail Individual Investors can revise their Bid during the Bid Period and withdraw their Bids until Bid Closing date. While our Company is required to complete Allotment pursuant to Issue within four working days from the Bid Closing date, events affecting the Bidders decision to invest in Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, result of operations or financial condition may arise between the date of submission of the Bid and allotment. Our Company may complete the allotment of Equity shares even if such events occur, and such events limit the Bidders ability to sell the Equity Shares allotted pursuant to the Issue or cause the trading price of Equity Shares to decline on listing.

56. Sale of Equity Shares by our Promoter or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of equity shares by our Promoter or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

EXTERNAL RISK

Industry Related Risks

57. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and the results of operations.

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

58. A slowdown in economic growth in India could have an adverse effect on our business, results of operations, financial condition and cash flows.

Our performance and growth are, and will be, dependent to a large extent on the health of the Indian economy and consumption spending by households. Economic growth in India is affected by various factors including domestic consumption and savings, rate of inflation in India, balance of trade movements, and global economic uncertainty. Most of our assets and employees are located in India, and we intend to continue to develop and expand in India.

Our revenue is generated primarily from the sale of edible and industrial salt. Consumption of these products has increased as a function of increased affluence and purchasing power of retail customers in India, which has been positively and materially affecting our operating results. Consequently, future changes in the Indian economy, especially the purchasing power of consumers, is expected to directly impact our revenues and results of operations.

Further, India has in the past experienced high rates of inflation. In addition, from time to time, the Government of India has taken measures to control inflation, which have included tightening monetary policy by raising interest rates, restricting the availability of credit and inhibiting economic growth.

Inflation, measures to combat inflation and public speculation about possible governmental actions to combat inflation have also contributed significantly to economic uncertainty in India and heightened volatility in the Indian capital markets. Periods of higher inflation may also slow the growth rate of the Indian economy and increase some of our costs and expenses. To the extent that the demand for our products decreases or costs and expenses increase, and we are not able to pass those increases in costs and expenses on to our customers, our operating margins and operating income may be adversely affected, which could have a material adverse effect on our business, financial condition and results of operations.

Other Risks

59. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Prospectus.

As stated in the reports of the Auditor included in this Prospectus under chapter ***“Financial Statements as restated”*** beginning on page 215, the financial statements included in this Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Prospectus.

Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this Prospectus should accordingly be limited.

60. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.

The regulatory and policy environment in India is evolving and subject to change. Such changes in applicable law and policy in India, including the instances described below, may adversely affect our business, financial condition, results of operation, performance and prospects in India, to the extent that we are not able to suitably respond to and comply with such changes.

For instance, in November 2016, the Government of India demonetized certain – high value denominations of currency. Trading and retail businesses in India were impacted for a limited period of time on account of such demonetization. Such businesses have subsequently needed to introduce additional point of sale instruments to improve their collection process.

The Government of India implemented a comprehensive national goods and service tax (“GST”) regime that combines taxes and levies by the central and state governments into a unified rate structure from July 01, 2017, which we believe will result in fundamental changes. However, given

its recent introduction, there is no established practice regarding the implementation of, and compliance with, GST. The implementation of the new GST regime has increased the operational and compliance burden for Indian companies and has also led to various uncertainties. Any future increases and amendments to the GST regime may further affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. Further, as GST is implemented, there can be no assurance that we will not be required to comply with additional procedures and/or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of GST may have a material adverse effect on our business, financial condition and results of operations.

Further, the General Anti Avoidance Rules came into effect on April 1, 2017. The effect of the application of these provisions to our business in India is at present uncertain. Furthermore, the Finance Act, 2019 instituted a number of amendments to the existing direct and indirect tax regime which includes the withdrawal of long-term capital gains exemptions on equity shares, long term capital gains applicability in the hands of Foreign Institutional Investors and applicability of dividend distribution tax for certain transactions with shareholders, among others.

61. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and de-regulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

62. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which our company operates contained in the Prospectus.

While facts and other statistics in this Prospectus relating to India, the Indian economy and the industry in which our company operates has been based on various government publications and reports from government agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled ***"Our Industry"*** beginning on page 128. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

63. Financial instability in Indian financial markets could adversely affect our Company's results of operations and financial condition.

In this globalized world, the Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, say in the United States of America, Europe, China or other emerging economies, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil. Any prolonged financial crisis may have an adverse impact on the Indian economy, thereby resulting in a material and adverse effect on our Company's business, operations, financial condition, profitability and price of its Shares. Stock exchanges in India have in the past experienced substantial fluctuations in the prices of listed securities.

64. Conditions in the Indian securities market may affect the price or liquidity of our Equity Shares.

The Indian securities markets are smaller than securities markets in more developed economies and the regulation and monitoring of Indian securities markets and the activities of investors, brokers and other participants differ, in some cases significantly, from those in the more developed economies. Indian stock exchanges have in the past experienced substantial fluctuations in the prices of listed securities. Further, the Indian stock exchanges have experienced volatility in the recent times. The Indian stock exchanges have also experienced problems that have affected the market price and liquidity of the securities of Indian companies, such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. In addition, the governing bodies of the Indian stock exchanges have from time-to-time restricted securities from trading and limited price movements. A closure of, or trading stoppage on the SME Platform of BSE Limited could adversely affect the trading price of the Equity Shares.

65. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

66. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will

require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

67. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy; disrupt the transportation of goods and supplies, and costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

68. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

69. *The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the Book Running Lead Manager have entered into a Market Making agreement dated **July 20, 2023** with the following Market Maker, duly registered with National Stock Exchange of India Limited to fulfill the obligations of Market Making:

Holani Consultants Private Limited

401 – 405 & 416 – 418 4th Floor,
Soni Paris Point, Jai Singh Highway,
Bani Park, Jaipur – 302016, Rajasthan

Telephone: +91 – 141 – 2203996

Fax: +91 – 141 – 2201259

E-mail ID: broking@holaniconsultants.co.in

Website: www.holaniconsultants.co.in

Contact Person: Mr. Suraj Joshi

SEBI Registration No.: INZ000299835

Market Maker Registration No.: (SME segment of NSE): 90225

Holani Consultants Private Limited, registered with EMERGE Platform of National Stock Exchange of India Limited (“**NSE EMERGE**”), will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations, 2018.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI ICDR Regulations, 2018, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2 – way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The Spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange. Further, the Market Maker(s) shall inform the Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The Prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of EMERGE Platform of NSE and SEBI from time to time.
3. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of Rs. 38/- per share the minimum lot size is 3000 Equity Shares thus minimum depth of the quote shall be Rs. 1,14,000 until the same, would be revised by EMERGE Platform of NSE.
4. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our Company reaches to 25% of Issue Size (including the 2,46,000 Equity Shares out to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% Equity Shares would not be taken in to consideration of computing the threshold of 25% of issue size. As soon as the Shares of Market Maker in our Company reduce to 24% of Issue Size, the Market Maker will resume providing 2–way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, EMERGE Platform of NSE may intimate the same to SEBI after due verification.

6. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
7. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, Holani Consultants Private Limited is acting as the sole Market Maker.
8. On the first day of the listing, there will be pre – opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity share on the Stock Exchange.
9. The shares of the Company will be traded in continuous trading session from the time and day the company gets listed on EMERGE Platform of NSE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
10. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to Rs. 250 crores, the applicable price bands for the first day shall be:
 - In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The following spread will be applicable on the SME Exchange Platform.

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to Sale Price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

11. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force – majeure will be applicable for non – controllable reasons. The decision of the Exchange for deciding controllable and non – controllable reasons would be final.
12. The Market Maker(s) shall have the right to terminate said arrangement by giving one – month notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above – mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Book Running Lead Manager reserve the

right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our Corporate Office from 11.00 a.m. to 5.00 p.m. on working days.

13. EMERGE Platform of NSE will have all margins which are applicable on the NSE EMERGE viz., Mark – to – Market, Value – At – Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. EMERGE Platform of NSE can impose any other margins as deemed necessary from time-to-time.
14. EMERGE Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non – compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two – way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities/ trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

15. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs. 20 crores to Rs. 50 crores	20%	19%
Rs. 50 to Rs. 80 crores	15%	14%
Above Rs. 80 crores	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/ EMERGE Platform of NSE from time to time.

16. All the above – mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time

Our Promoters have confirmed to our company and the Book Runner Lead Manager that the acquisition of equity shares held by our promoters has been financed from their internal accruals and no loans or financial assistance from any banks or financial institutions have been availed of by them for this purpose.

The minimum Promoters' contribution has been brought in to the extent of not less than the specified minimum lot and from the persons defined as 'promoter' under the SEBI (ICDR) Regulations. The Equity Shares that are being locked in are not ineligible for computation of

Promoters' contribution in terms of Regulation 237 of the SEBI ICDR Regulations. In connection, we confirm the following: -

- a) The Equity Shares offered for minimum 20% Promoters' contribution have not been acquired in the three years preceding the date of this Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoters' contribution;
- b) The minimum Promoters' contribution does not include Equity Shares acquired during the one year preceding the date of this Prospectus at a price lower than the Issue Price;
- c) Our Company has not been formed by the conversion of a partnership firm into a Company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm;
- d) The Equity Shares held by the Promoters and offered for minimum Promoters' contribution are not subject to any pledge;
- e) All the Equity Shares of our Company held by the Promoters are held in dematerialized form prior to filing of the Prospectus; and
- f) The Equity Shares offered for Promoters' contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoters for inclusion of its subscription in the Promoters' contribution subject to lock-in.

19. Details of Share Capital of the Promoters Lock in for one year

In addition to 20% of the post issue capital of our company held by the Promoters, which will be locked-in for three years, the balance 94,16,250 Equity Shares held by Promoters shall be locked in for a period of one year from the date of allotment in the Initial Public Offer as provided in clause (b) of Regulation 238 of the SEBI (ICDR) Regulations, 2018.

20. Lock in of Equity Shares held by Persons other than the Promoters:

In terms of Regulation 239 of the SEBI (ICDR) Regulations, 2018, the entire pre-issue capital held by the Persons other than the Promoters shall be locked in for a period of one year from the date of allotment in the Initial Public Offer. Accordingly, Nil Equity shares held by the Persons other than the Promoters shall be locked in for a period of one year from the date of allotment in the Initial Public Offer.

21. Inscription or recording of non-transferability:

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the depository.

22. Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the Equity Shares held by our Promoters and locked in may be pledged as a collateral security for a loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or housing finance company, subject to following;

- In case of Minimum Promoters' Contribution, the loan has been granted to the issuer company or its subsidiary(ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters' contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

23. Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable;

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoter or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

We further confirm that our Promoters contribution of 20% of the post issue equity share capital does not include any contribution from Alternative Investment Fund, Foreign Venture Capital Investors, Scheduled Commercial Banks, Public Financial Institutions or Insurance Companies registered under IRDA.

24. Our Company, our Directors and the BRLM has not entered into any buy back arrangements for the purchase of Equity Shares being issued through the Issue from any person.
25. As on date of the Prospectus, all the equity shares of our company are fully paid-up. Further, since the entire Issue price in respect of the Issue is payable on application, all the successful applicants will be issued fully paid-up equity shares.
26. Neither the BRLM, nor their associates hold any Equity Shares of our Company as on the date of the Prospectus.
27. There are no safety net arrangements for this public issue.
28. As per RBI regulations, OCBs are not allowed to participate in this Issue.
29. Our Company has not raised any bridge loan against the proceeds of this Issue. However, depending on business requirements, we may consider raising bridge financing facilities, pending receipt of the Net Proceeds.
30. There are no Equity Shares against which depository receipts have been issued.

31. Our Company undertakes that at any given time, there shall be only one denomination for our Equity Shares, unless otherwise permitted by law.
32. We shall ensure that transactions in Equity Shares by the Promoter and members of the Promoter Group, if any, between the date of filing the Draft Red Herring Prospectus and the Issue Closing Date shall be reported to the Stock Exchanges within 24 hours of such transactions being completed.
33. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off to the nearest multiple of minimum allotment lot, while finalizing the Basis of Allotment. Consequently, the actual Allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-Issue paid up capital after the Issue would also increase by the excess amount of Allotment so made. In such an event, the Equity Shares held by our Promoters and subject to lock-in shall be suitably increased; so as to ensure that a minimum of 20% of the post Issue paid-up capital is locked in.
34. As on date of this Prospectus there are no outstanding warrants, options or rights to convert debentures loans or other financial instruments into our Equity Shares.
35. A Bidder cannot make a Bid for more than the number of Equity Shares being issued through this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
36. No incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise shall be offered by any person connected with the distribution of the issue to any person for making an application in the Initial Public Offer, except for fees or commission for services rendered in relation to the issue.
37. Our Promoters and the members of our Promoters' Group will not participate in this Issue.
38. None of our Directors or Key Managerial Personnel holds Equity Shares in our Company, except as stated in the chapter titled "***Our Management***" beginning on page 185.

Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangements of finance under Regulation 230(1)(e) of the SEBI (ICDR) Regulations and clause 9(C) of Part A Schedule VI of the SEBI ICDR Regulations (Which require firm arrangement of finance through verifiable means for 75% of stated means of finance, excluding the issue proceeds and existing identifiable internal accruals).

Our fund requirements and deployment of the Net Proceeds with regard to the aforesaid object are based on internal management estimates and on current market conditions, and have not been appraised by any external agency or bank or financial institution or other independent agency. They are based on current conditions of our business which are subject to change in the future. Our Company operates in a highly competitive and dynamic industry and may have to revise our estimates from time to time on account of changes in external circumstances or costs, or changes in other financial conditions, business or strategy. Our historical funding requirements may not be reflective of our future funding plans. In case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements may be financed through our internal accruals and/or incremental debt, as required. If the actual utilization towards any of the objects is lower than the proposed deployment, such balance will be used for future growth opportunities including funding existing objects, if required, and general corporate purposes, to the extent that the total amount to be utilized towards the general corporate purposes will not exceed 25% of the Gross Proceeds in compliance with the SEBI ICDR Regulations.

DETAILS OF THE OBJECTS OF THE ISSUE

The details in relation to the objects of the Issue are set forth herein below.

1. Capital Expenditure for Quality Enhancement.

Our Company proposes to utilise an estimated amount of up to Rs. 113.18 lakhs from the Net Proceeds towards capital expenditure on acquisition of colour sorting machines and its allied components to strategically enhance the quality of its products. This capital expenditure intends to improve the purity of our salt products while revolutionizing the salt refining process. The machines will enable the sorting of individual items on a production line by colour. The machine will be equipped with high resolution optical sensors to identify unwanted items from the main line. Our company with the introduction of this machine in the refining process will be able to generate salt of white colour of highest grade which will eventually increase our product quality and selling prices.

The capital expenditure although will not increase our refining capacity in any manner however with the introduction of cutting-edge technology and modern equipment it will increase our Company's competitiveness in the industry, enabling our company to produce premium-grade salt that adheres to the most stringent quality standards. The enhanced refining capabilities are expected to drive operational efficiency and increase refining quality. We are committed to delivering exceptional value to our customers, and this strategic investment will further solidify our position as a leader in the salt refining market.

A detailed breakup of estimated cost which are proposed to be funded from the Net Issue Proceeds is set forth below:

The Key Features of the 12 Chute Salt Colour Sorte Machine:

The 12 Chute Salt Colour Sorte Machine is a piece of equipment that uses advanced technology to automate the process of sorting salt crystals based on their colour and other visual characteristics. It has twelve separate chutes through which salt crystals flow, allowing for efficient sorting of a large volume of salt. The machine also has high-resolution optical sensors that capture detailed images of salt crystals, and advanced image processing software that analyses the data collected by the optical sensors to determine the colour and quality of each salt crystal. Based on this analysis, the machine uses an air ejection system to selectively remove salt crystals that do not meet the desired colour or quality standards. The machine also has a touchscreen interface that allows operators to monitor and control the sorting process, adjust settings, and access data about the sorted batches. Additionally, the machine can be programmed to sort salt crystals according to specific colour parameters, making it flexible to match the desired final product specifications.

2. Brand Creation and Marketing Expenses

Our Company proposes to utilise Rs. 106.30 Lakhs towards Brand Creation and Marketing Expenses segment to strengthen the company's brand identity and expand its market presence.

The importance of building a strong brand identity in the fiercely competitive consumer products sector is acknowledged by our company. By allocating a portion of the funds raised through this public offering towards brand creation and marketing initiatives, the company aims to enhance its brand recognition, create a unique brand persona, and foster consumer loyalty.

As part of its brand creation strategy, our Company has secured an exclusive agreement with the renowned Bollywood actress, Karishma Kapoor, to serve as its brand ambassador. This association is intended to leverage the widespread popularity and appeal of Ms. Kapoor to connect with a broader consumer base, especially in urban and semi-urban areas. The partnership with Ms. Karishma Kapoor is expected to amplify the company's marketing efforts and significantly increase its visibility across various digital platforms channels, including social and digital media. We will be hiring a digital marketing agency to create and execute a comprehensive social media advertising campaign on various platforms such as Instagram, Facebook, WhatsApp and twitter so that we will reach our target audience and drive brand awareness and engagement. The agency will work with us to develop a creative and engaging campaign that aligns with our brand identity and messaging. This partnership will help us to achieve our marketing goals and reach our target audience more effectively.

The comprehensive breakdown of expenses for our brand strengthening and marketing initiatives is as follows:

S.No.	Particulars	Amount (Rs. in lakhs)
1	Brand Ambassador	41.30
2	Production Charges	40.00
3	Advertisement Charges	25.00
	Total	106.30

By investing in brand creation and marketing, our Company aims to solidify its position as a trusted and preferred choice among consumers, drive product sales, and pave the way for sustainable growth and long-term success in the market. The company's strategic focus on building a compelling brand identity and harnessing the influence of Ms. Karishma Kapoor as a brand ambassador reflects its commitment to delivering high-quality products and creating a lasting impact in the ever-evolving consumer landscape.

3. Funding working capital requirements of our Company.

We fund our working capital requirements in the ordinary course of our business from our internal accruals, net worth and financing from various banks and financial institutions. Based on the Restated Financials of the company as on March 31, 2023, the company expects to increase its turnover by the end of FY 2023-24. Increased turnover will lead to higher investments in inventories and receivables. Therefore, our company will require additional funds for meeting its incremental working capital requirements.

Our Company's existing working capital requirement and funding on the basis of Restated Financial Statements for fiscal year 2022-23, 2021-22 and 2020-21 are as stated below:

*Pursuant to the certificate dated July 26, 2023, issued by Peer Review Auditors of the company, M/s R.K. Malpani & Associates, Chartered Accountants.

Assumptions of Working Capital requirement

Our company in its history has first time achieved the sales of more than Rs.100 Cr since the incorporation. The main reasons for such rise in the turnover on account of supply of salts under the

various govt sponsored welfare schemes run by various State Governments namely UP State Governments, Jharkhand State Governments and MP State Governments by our company for the first time. Details of sale made to them under these welfare schemes is as under:

(Amount in Lakhs)

S. No.	Particulars	For the year ended March 31, 2023		For the year ended March 31, 2022		For the year ended March 31, 2021	
		Amount	%	Amount	%	Amount	%
1.	Director Food, Civil Supply & Consumer (Jharkhand Govt)	1889.40	16.06%	-	-	-	-
2.	MP State Civil Suppliers Corp Ltd. (MP Govt)	1445.64	12.29%	-	-	-	-
3.	National Agriculture Co-Operative Marketing Federation of India Ltd (UP Govt)	631.54	5.37%	1520.14	22.99%	-	-
	Total	3966.58	33.72%	1520.14	22.99%	-	-

Note: Pursuant to the certificate dated July 31, 2023, issued by Peer Review Auditors of the company, M/s R.K. Malpani & Associates, Chartered Accountants.

The revenue of the company due to these supplies has increased from Rs.6611.09 lakhs to 11764.19 Lakhs. Even though the turnover of the company increased by 100%, the investment of the company in working capital remained the same, when compared with last two financials years under consideration. This increased turnover coupled with same investment in the working capital has resulted in decrease in working capital cycle (In days) of the company in significant manner with reductions in holding of inventories and trade receivables. This is evident in the table below:

(Approximate holding Period in days)

Particulars	FY 2020-21 (Actual Restated)	FY 2021-22 (Actual Restated)	FY 2022-23 (Actual Restated)
Current Assets:			
Inventories: -			
Raw Material	24	34	22
Finished goods	6	9	5
Trade Receivables	67	77	46
Current Liabilities:			
Trade payables	13	26	14
Net working Capital Cycle	84	94	59

(30 days in a month have been considered)

This is peculiar financial year for the company wherein all the State Governments were giving orders for supply on urgent basis and making the payment of our supplied on the immediate basis for the personal interests. With speedy supply and fast payments our company was able to double its turnover (100% rise) on the same amount of the working capital which is not possible in normal operating conditions.

While estimating our working capital requirements for the coming years namely FY 2024 and FY 2025 we have assumed the normal industry accepted holding levels for inventories and trade receivables rather than anticipating on any remarkable year. Further also, now the state governments have started supply of salts on regular basis in their welfare schemes and have various suppliers to supply them, therefore they are not in hurry to buy and payments are also done on normal basis of two months credit period. We have looking after these trends have estimated the holding of inventories and trade receivables on last three-year average basis which is demonstrated below:

(Approximate holding Period in days)

Particulars	FY 2020-21 (Actual Restated)	FY 2021-22 (Actual Restated)	FY 2022-23 (Actual Restated)	FY 2023-24 (Estimated)	FY 2024-25 (Projected)

Trade Receivables	67	77	46	61	73

Trade payables	13	26	14	5	1
Net working Capital Cycle	84	94	59	87	110

Justifications for Holding Period levels:

Justifications for holding period level mentioned in the table above are provided below:

Particulars	Justification for Holding Levels
Inventories:	<p>Raw material: Our Company procures raw material which is essential for our refinery. In the FY 2020-21, 2021-22 and 2022-23, our Company maintained raw material inventory levels for 24 days, 34 days and 22 days respectively.</p> <p>Raw materials are majorly procured from our promoters and from the open market suppliers with whom our Company has long standing business relationships. Hence, the materials are available as and when required. This ensures minimum lead time and smooth functioning of the refining process. Therefore, our Company plans to maintain the holding levels to 25 days for FY 2023-24 and 28 days for FY 2024-25. The levels projected by us for FY 24 & FY 25 are projected on the basis of past trends only.</p> <p>Finished Goods: In FY 2020-21, 2021-22 and 2022-23, our Company maintained finished goods inventory levels for 6 days, 9 days and 5 days respectively. Historically, we have kept stock of finished goods between 5-9 days according to the demand pattern of our products. Thus, we estimate finished goods inventory days at similar levels to 6 days in FY 2023-24 and 9 days for FY 2024-25.</p>
Trade Receivables	<p>Trade receivables form major part of the working capital cycle of salt industry. Historically they have typically ranged from 46-77 days. With the improvements in the quality and brand promotions and our company strategy to expand into new geographies and penetrate Business to Consumer (B2C) markets, the sales of our company are bound to increase. Increase in sales will lead to more investment in trade receivables and thereby leading to increase in working capital. We have estimated the holding level for trade receivables as 61 days in the fiscal year 2024 and 73 days for FY 2024-25 in line with industry trends and our past trends.</p> <p>The explanation with respect to the strategy of entering into B2C Market Segment and to expand into new geographies is as under:</p> <p>(i) Expansion into the B2C Market Segment: During FY 24, our company is strategically venturing into the Business-to-Consumer (B2C) market segment. To effectively tap into this market, we have undertaken several initiatives:</p> <ul style="list-style-type: none"> ➤ Redesigned Packaging: We have revamped our product packaging to align with the preferences of B2C consumers. The new packaging not only enhances the visual appeal but also meets the quality standards expected by high-end consumers.

Particulars	Justification for Holding Levels
	<p>➤ Targeting Upper- and Middle-Class Communities: Our primary focus within the B2C market is on upper- and middle-class communities. This segment presents significant growth opportunities for our premium products.</p> <p>As we intensify our efforts to cater to a broader consumer base, there is a corresponding need for an increased working capital. This is primarily attributed to the heightened demand for our products, necessitating the procurement of larger quantities of raw salt for the refining process.</p> <p>(ii) Expansion into New Geographies: In addition to our B2C expansion, we are embarking on a geographical expansion plan by entering South and Central India. To facilitate this expansion, we have made a strategic investment in acquiring industrial land located in Village Chirai Moti, Tehsil Bhachau, District Kacchh, Gujarat. The said land was earlier owned by BSE Main Board listed entity namely Saboo Sodium Cloro Limited engaged in the same trade. The land has certain constructed area and only investment required was in the form of plant and machinery. The benefits for this acquisition shall be as under</p> <p>➤ New Refining Unit: We will establish a state-of-the-art refining unit on the acquired land. This facility will enable us to streamline production processes, reduce costs, and meet the growing demand effectively. This acquisition will help our company to enter the southern India and Central India with reduced cost of transportation. With reduced cost, our products will be cheaper in comparison to other vendors and with enhanced marketing and brand endorsements, the sale of the company will improve.</p> <p>Export Opportunities: The location of our new refining unit near the Kandla port in Gujarat provides us with a significant advantage for exports. This strategic proximity to the port reduces transportation costs and enhances our competitiveness in the global market.</p>
Trade Payables	Our trade payables have a direct correlation to our business growth. Holding levels for trade payables have ranged from 13-26 days. Our Company will deploy major IPO proceeds in payment of outstanding creditors and acquiring finished goods during a low credit period and hence assumed the holding level for trade payables as 5 days in the fiscal year 2024 and 1 days in the fiscal year 2025. This is expected to enable our Company to get better terms from our vendors.
Other Current Assets	Other current assets are computed from the Restated Financial Information and include, amongst others, balance with statutory authorities, cash and cash equivalents, advances for supply of goods and other assets. Other current assets have been maintained in line with the projected business activity for the forthcoming years.
Other Current Liabilities	Other current assets are computed from the Restated Financial Information and include, amongst others, statutory dues, provision for taxation, advances from customers/deposits from dealers and other liabilities. Other current liabilities have been maintained in line with the projected business activity for the forthcoming years.

4. General corporate purposes

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the net proceeds aggregating Rs. 370.18 lakhs towards the general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Net Proceeds, for general corporate purpose including but not restricted to the following:

- a) Meeting operating expenses;
- b) the strengthening of our business development and marketing capabilities;
- c) Strategic Initiatives and
- d) On – going general corporate exigencies, which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act.

We confirm that any issue related expenses shall not be considered as a part of general corporate purpose. Further, we confirm that the amount for general corporate purposes, as mentioned in the Red Herring Prospectus and the Prospectus, shall not exceed 25% of the amount being raised by our Company through this Issue, in compliance with SEBI ICDR Regulations.

Furthermore, in accordance with Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall furnish to the Stock Exchanges on a half yearly basis, a statement indicating (i) deviations, if any, in the utilization of the Net Proceeds of the Issue from the Objects of the Issue as stated above; and (ii) details of category wise variations in the utilization of the Net Proceeds of the Issue from the Objects of the Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results, after placing the same before the Audit Committee.

VARIATIONS IN OBJECT

In accordance with Sections 13(8) and 27 of the Companies Act, our Company shall not vary the objects of the Issue unless our Company is authorized to do so by way of a special resolution of its Shareholders and such variation will be in accordance with the applicable laws including the Companies Act and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details and be published in accordance with the Companies Act. Pursuant to Sections 13(8) and 27 of the Companies Act, our Promoters or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, subject to the provisions of the Companies Act and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with the Companies Act and the SEBI ICDR Regulations.

OTHER CONFIRMATIONS

No part of the Net Proceeds will be paid by us to the promoter and promoter group, the directors, associates or key management personnel or senior management or group companies, except in the normal course of business and in compliance with the applicable law.

BASIS FOR ISSUE PRICE

The Issue Price will be determined by our Company in consultation with the Book Running Lead Manager on the basis of assessment of market demand for the Equity Shares offered in the Issue through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is Rs. 10/- each and the Issue Price is 3.60 times the face value at the lower end of the Price Band and 3.80 times the face value at the higher end of the Price Band.

The financial data presented in this section are based on our Company's Restated Financial Statements. Investors should also refer to the sections titled "**Risk Factors**", "**Our Business**", "**Financial Statements as Restated**" and "**Management's Discussion and Analysis of Financial Position and Results of Operations**" on pages 32, 149, 215 and 251 respectively, to get a more informed view before making the investment decision.

QUALITATIVE FACTORS

Some of the qualitative factors which form the basis for computing the Issue Price are:

- Experienced management team and promoters with qualified workforce.
- Established refining facility and integrated production with cost efficiencies.
- Strong and consistent financial performance.
- Focus on quality and safety.
- Long and strong relationship with customers and dealers and efficient supply chain management.
- Cordial relationship between management and labour.

For further details, see "**Our Business – Our Competitive Strength**" on page 152.

QUANTITATIVE FACTORS

The Information presented below relating to the company is based on the Restated Financial Statements for the fiscal year ended on March 31, 2023, March 31, 2022 and March 31, 2021 prepared in accordance with GAAP, The Companies Act, 2013 and SEBI ICDR Regulations. For details, see the chapter titled "**Restated Financial Statements**" and "**Other Financial Information**" beginning on pages 215 and 249.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

I. Adjusted Basic & Diluted Earnings per share ("EPS") (Pre-Issue and as adjusted for changes in capital after last balance sheet date).

Financial Year	Basic EPS (Rs.)	Diluted EPS (Rs.)	Weights
March 31, 2023	2.72	2.72	3
March 31, 2022	0.48	0.48	2
March 31, 2021	0.52	0.52	1
Weighted Average EPS	1.61		

Notes:

1. Basic and diluted earnings EPS calculations are in accordance with AS-20 'Earnings Per Share', notified under section 133 of Companies Act, 2013 read together along with paragraph 7 of Companies (Accounts) Rules, 2014.
2. Basic Earnings per share = Net profit after tax as restated attributable to equity shareholders for the year/Weighted average number of equity shares outstanding during the year.
3. Diluted Earnings per share = Net profit after tax as restated / Weighted average number of potential equity shares outstanding during the year.

4. The weighted average basic and diluted EPS is a product of basic and diluted EPS and respective assigned weight, dividing the resultant by total aggregate weight. i.e. (EPS x Weight) for each year/Total of weights.
5. Weighted Average Number of Equity Shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor and bonus shares issued after the balance sheet date. The time weighing factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.
6. The figures disclosed above are based on the Restated Financial Statements of our Company.
7. The face value of each Equity Share is Rs. 10/- each.
8. Our company has issued and allotted 2166375 bonus shares on July 12, 2023 after the last balance sheet reported in this DRHP. Appropriate adjustments has been made in calculation of EPS pursuant to this bonus issue after balance sheet date.

II. Price to Earning (“P/E”) ratio in relation to Price Band of Rs. 36/- to Rs. 38/- per Equity Share: (Pre-Issue)

Particulars	P/E at Floor Price (Number of times)	P/E at Cap Price (Number of times)
P/E based on Adjusted Basic & Diluted EPS for FY 2022 – 23	13.23	13.97

Industry Peer Group P/E ratio

Based on the peer group information (excluding our Company) given below in this section:

Particulars	P/E Ratio
Highest	816.50
Lowest	816.50
Industry Composite	816.50

Notes:

- (1) The industry high and low has been considered from the industry peer set provided later in this chapter. The Industry Composite has been calculated as the arithmetic average P/E of the industry peer set disclosed in this section. For further details, see “**Comparison of Accounting Ratios with listed industry peers**” on page 116.
- (2) The industry P/E ratio mentioned above is as computed based on the closing market price of equity shares of our peer group companies listed on BSE Ltd as on **June 30, 2023** divided by basic EPS for the financial year ended March 31, 2023.

III. Return on Net Worth (“RONW”)

As derived from the Restated Financial Statements of our Company:

Financial Year	RONW (%)	Weight
March 31, 2023	21.86	3
March 31, 2022	5.37	2
March 31, 2021	6.08	1
Weighted Average	13.73	

Notes:

- (1) Return on Net Worth (%) = Net Profit/(Loss) after tax divided by net worth (excluding revaluation reserve) as restated at the end of the year. Net worth has been computed as a sum of paid-up share capital and reserve & surplus.
- (2) The Weighted Average Return on Net Worth = Aggregate of year-wise weighed average RONW divided by the aggregate of weights i.e. [(RONW x Weight) for each fiscal year] / [Total of weights].

IV. Net Asset Value per Equity Share (Face Value of Rs. 10/- each)

Net Asset Value per Equity Share	Amount in (Rs.)
Net Asset Value per Equity Share as on March 31, 2023	14.94
Net Asset Value per Equity Share after the Issue – At Cap Price	22.12
Net Asset Value per Equity Share after the Issue – At Floor Price	21.50
Issue Price per Equity Share	38.00

- (1) Net Asset Value per Equity Share = Net worth at the end of the respective year divided by the weighted average number of equity shares outstanding as at the end of respective year.
- (2) Net worth has been computed as a sum of paid-up share capital and reserve & surplus.
- (3) Issue Price per Equity Share will be determined on conclusion of the Book Building Process.

V. Comparison of Accounting Ratios with Listed Industry Peers:

Following is the comparison with our peer companies listed in India:

Name of the Company	Face value (Rs. per share)	Total Revenue for financial year 2023 (Rs. in Lakhs)	EPS for financial year 2023 (Rs.)		NAV per equity share	P/E (Based on Diluted EPS) **	RONW (%)
			Basic	Diluted			
Goyal Salt Limited*	10	11,764.19	2.72 [#]	2.72 [#]	14.94	13.97	21.86%

Saboo Sodium Chloro Limited	10	4,935.61	0.02	0.02	11.03	816.50	0.19

*Financial information of our Company is derived from the Restated Financial Statements for the Financial Year ended March 31, 2023.

** Listed Peers closing market price as on **June 30, 2023**, on BSE Ltd has been considered for calculation of P/E.

The Company has allotted 86,65,500 equity shares of face value of Rs. 10/- each as Bonus Shares in the ratio of 4:1 i.e., 4 (Four) Equity Share having face value of Rs. 10/- each for every 1 (One) Equity share having face value of Rs.10/- each on February 1, 2023 and 21,66,375 equity shares of face value of Rs. 10/- each as Bonus Shares in the ratio of 4:1 i.e., 1 (One) Equity Share having face value of Rs. 10/- each for every 5 (Five) Equity share having face value of Rs.10/- each on July 12, 2023. The effect of issue of the Bonus Equity Shares have been considered for calculation of Earnings Per Shares for the period presented in the above results as required as per AS-20 " Earning Per Share".

Source: All the financial information for listed industry peers mentioned above is on a Standalone basis from the audited financial statements of a respective company for the year ended March 31, 2023, submitted to stock exchange i.e., Bombay Stock Exchange of India Limited and from the respective company website.

Notes:

- 1) Considering the nature and size of the business of the Company, the peers are not strictly comparable. However, the above Companies have been included for broad comparison.
- 2) Basic EPS and Diluted EPS refer to the Basic EPS and Diluted EPS sourced from the financial statements of the respective company for the year ended March 31, 2023.
- 3) P/E Ratio has been computed based on the closing market price of equity shares on BSE Ltd as on **June 30, 2023**, divided by the Basic EPS provided above in the table.
- 4) For listed peers, RONW is computed as profit after tax for the year ended March 31, 2023, divided by Shareholder's equity.
- 5) Shareholder's Equity has been computed as sum of paid-up share capital and reserve & surplus.
- 6) Net Asset Value per share ("**NAV**") (in Rs.) is computed as the closing net worth divided by the equity shares outstanding as on March 31, 2023.
- 7) Total revenue for Saboo Sodium Chloro Limited for the financial year ending 2023 also includes business from other operations, other than Salt business.

The Issue Price is 3.80 times of the face value of the Equity Shares.

The Issue Price of Rs. 38/- has been determined by our Company in consultation with the BRLM, on the basis of assessment of demand from investors for Equity Shares through the Book Building Process and, is justified in view of the above qualitative and quantitative parameters.

Investors should read the above-mentioned information along with chapters titled **“Our Business”**, **“Management’s Discussion and Analysis of Financial Position and Results of Operations”** and sections titled **“Risk Factors”** and **“Financial Statements as Restated”** beginning on pages 149, 251, 32 and 215 respectively to have a more informed view.

ANNEXURE A

STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND THE SHAREHOLDERS OF THE COMPANY UNDER THE DIRECT AND INDIRECT TAX LAWS IN INDIA.

I. SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY UNDER DIRECT TAXATION

Outlined below are the special tax benefits available to **Goyal Salt Limited** (the “**Company**”), its Shareholders under the Income-tax Act, 1961 (the “**Act**”) as amended by the Finance Act, 2022 applicable for the Financial Year 2022-23 relevant to the Assessment Year 2023-24.

- **Lower corporate tax rate under section 115BAA**

Section 115BAA has been inserted in the Act w.e.f. FY 2019-20. It gives an option to domestic company to be governed by this section from a particular assessment year. If a company opts for section 115BAA of the Act, the company can pay corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and education cess of 4%). However once opted for reduced rate of taxation under the said section, it cannot be subsequently withdrawn.

Section 115BAA further provides that domestic companies availing the option will not be required to pay Minimum Alternate Tax (MAT) on their ‘book profits’ under section 115JB of the Act. However, such a company will no longer be eligible to avail any specified exemptions / incentives under the Act and will also need to comply with the other conditions specified in section 115BAA. Also, if a company opts for section 115BAA, the tax credit (under section 115JAA), if any, which it is entitled to on account of MAT paid in earlier years, will no longer be available.

Further, it shall not be allowed to claim set-off of any brought forward losses arising to it on account of additional depreciation and other specified incentives.

The Company has already evaluated and opted for the lower corporate tax rate of 25.168% (prescribed under section 115BAA of the Act) with effect from AY 2023-24.

Special direct tax benefits available to the Shareholders

There are no special direct tax benefits available to the shareholders.

II. TAX BENEFITS AVAILABLE TO THE COMPANY UNDER INDIRECT TAXES

At present, the company is not entitled to any special tax benefits under the Act.

Special indirect tax benefits available to the Shareholders

The Shareholders of the Company are not entitled to any special tax benefits under the Act.

Notes:

1. There are no other special direct and indirect tax benefits that are available to the Company presently.
2. The above Statement sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.

3. For direct tax benefits, this Annexure sets out only the special tax benefits available to the Company, the shareholders under the current Income-tax Act, 1961 i.e., the Act as amended by the Finance Act, 2022 applicable for the Financial Year 2022-23 relevant to the Assessment Year 2023-24, presently in force in India.
4. This Annexure is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his/her own tax advisor with respect to specific tax arising out of their participation in the Issue.
5. Our views expressed in this statement are based on the facts and assumptions as indicated in the statement. No assurance is provided that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.

GLOBAL ECONOMIC OVERVIEW

GLOBAL PROSPECTS

Global growth has slowed to the extent that the global economy is perilously close to falling into recession—defined as a contraction in annual global per capita income—only three years after emerging from the pandemic-induced recession of 2020. Very high inflation has triggered unexpectedly rapid and synchronous monetary policy tightening around the world to contain it, including across major advanced economies. Although this tightening has been necessary for price stability, it has contributed to a significant worsening of global financial conditions, which is exerting a substantial drag on activity. This drag is set to deepen given the lags between changes in monetary policy and its economic impacts, and the fact that real rates are expected to continue to increase.

Asset prices have been in broad, synchronous decline, investment growth has weakened substantially, and housing markets in many countries are worsening rapidly. Shockwaves continue to emanate from the Russian Federation’s invasion of Ukraine, especially in energy and other commodity markets. Against this backdrop, confidence has fallen precipitously. The world’s three major engines of growth—the United States, the euro area, and China—are undergoing a period of pronounced

weakness, with adverse spillovers for emerging market and developing economies (EMDEs), many of which are already struggling with weakening domestic conditions.

Global inflation has been pushed higher by demand pressures, including those from the lagged effects of earlier policy support, and supply shocks, including disruptions to both global supply chains and the availability of key commodities. In some countries, inflation has also been spurred by large currency depreciations relative to the U.S. dollar, as well as tight labour market conditions.

Inflation remains high worldwide and well above central bank targets in almost all inflation targeting economies. Although inflation is likely to gradually moderate over the course of the year, there are signs that underlying inflation pressures could be becoming more persistent. In response, central banks around the world have been tightening policy faster than previously expected. Monetary policy tightening in advanced economies, a strong U.S. dollar, geopolitical tensions, and high inflation have dampened risk appetite and led to widespread capital outflows and slowing bond issuance across

EMDEs. Financial conditions have particularly worsened for less creditworthy EMDEs, especially if they are also energy importers.

Fiscal space has narrowed considerably, and concerns over debt sustainability in many countries have risen as global financial conditions have made it more difficult to service debt loads that have accumulated rapidly in recent years, particularly during the pandemic. Nonetheless, many governments have announced new support measures to shield households and firms from the effects of sharply rising prices, slowing the pace of fiscal consolidation as pandemic-related stimulus is withdrawn.

Most commodity prices have eased, to varying degrees, largely due to the slowdown in global growth and concerns about the possibility of a global recession. By historical standards, however, they remain elevated, prolonging challenges associated with energy and food insecurity. Crude oil prices have steadily declined from their mid-2022 peak; meanwhile, natural gas prices in Europe soared to an all-time high in August but have since fallen back toward pre-invasion levels. Non-energy prices, particularly metal prices, have declined alongside weak demand. While food prices have eased from earlier peaks, food price inflation remains very high in some EMDEs.

Against this backdrop, global growth is forecast to slow to 1.7 percent in 2023. This pace of growth would be the third weakest in nearly three decades, overshadowed only by the global recessions caused by the pandemic in 2020 and the global financial crisis in 2009. This forecast is 1.3 percentage points lower than in June, largely reflecting more aggressive monetary policy tightening, deteriorating financial conditions, and declining confidence. Growth projections have been downgraded for almost all advanced economies and about two-thirds of EMDEs in 2023, and for about half of all countries in 2024. Global trade is also expected to slow sharply alongside global growth, despite support from a continued recovery in services trade. Downgrades to growth projections mean that global activity is now expected to fall even further below its pre-pandemic trend over the forecast horizon, with EMDEs accounting for most of the shortfall from trend. This suggests that the negative shocks of the past three years—namely the pandemic, the invasion of Ukraine, and the rapid increase in inflation and associated tightening of monetary policy worldwide—are having a lasting impact on economic prospects.

Share of countries with downgrades in growth forecasts

Deviation of output from pre-pandemic trends

In advanced economies, conditions have deteriorated sharply, owing to declining confidence alongside high inflation and rapid monetary policy tightening. In the United States, one of the most aggressive monetary policy tightening cycles in recent history is expected to slow growth sharply. The euro area is also contending with severe energy supply disruptions and price hikes associated with the Russian Federation’s invasion of Ukraine. In all, growth in advanced economies is forecast to slow from 2.5 percent in 2022 to 0.5 percent in 2023.

GLOBAL RISK AND POLICY CHALLENGES

Soaring inflation reflects a combination of supply and demand factors, including large price increases for food and energy products priced in U.S. dollars. Inflation has risen particularly rapidly in poorer countries, partially due to the greater share of food in consumer spending. Relative to previous projections, global inflation is assumed to remain higher for longer. After peaking at 7.6 percent in 2022, global headline CPI inflation is expected to remain elevated at 5.2 percent in 2023 before easing to 3.2 percent in 2024, above its 2015-19 average of 2.3 percent.

Risks to the growth outlook are tilted to the downside. In light of high inflation and repeated negative supply shocks, there is substantial uncertainty about the impact of central bank policy in terms of both magnitude and timing. As a result, the risk of policy missteps is elevated. Global inflation may be pushed higher by renewed supply disruptions, including to key commodities, and elevated core inflation may persist. To bring inflation under control, central banks may need to hike policy rates more than is currently expected. Financial stress among sovereigns, banks, and nonbank financial institutions may result from the combination of additional monetary tightening, softer growth, and falling confidence in an environment of elevated debt. Given already-weak global growth, a combination of sharper monetary policy tightening and financial stress could result in a more pronounced slowdown or even a global recession this year. Weaker-than-expected activity in China amid pandemic-related disruptions and stress in the real estate sector, rising geopolitical tensions and trade fragmentation, and climate change could also result in markedly slower growth.

Global interest rates and inflation under different scenarios

Global growth under different scenarios

The weak global outlook and the heightened downside risks highlight the challenges facing policy makers around the world. Urgent action is needed to attenuate the risk of global recession stemming, in part, from the fastest and most synchronized monetary tightening in decades. As they focus on reducing record-high inflation, central banks in advanced economies and EMDEs need to take into account the possibility that cross-border spillovers from other monetary authorities' actions may tighten financial conditions more than expected. Discussions among central banks can help mitigate risks associated with financial stability and avoid an excessive global economic slowdown in the pursuit of inflation objectives.

The international community needs to intensify its support to large numbers of displaced people and others affected by conflict or food insecurity, particularly in LICs. In responding to food and energy shocks, governments need to avoid imposing export restrictions and instead attenuate the impact on the poor through support measures targeted at low-income groups. The international community also needs to reduce the risk of debt crises in EMDEs, including by supporting timely debt restructuring. Given the rising human and economic costs of more frequent climate-related disasters, particularly in small states, speedy action to foster the energy transition is critical for mitigating climate change.

Global efforts need to be complemented by decisive policy action at the national level. While monetary policy cycles are peaking in some EMDEs, further tightening may be needed in others to rein in inflation. Financial stability risks stoked by global and domestic policy tightening can be mitigated by strengthening macroprudential regulation and promptly addressing financial vulnerabilities such as rising nonperforming loans.

GLOBAL TRADE

Global trade growth decelerated in the second half of 2022, in tandem with deteriorating activity in major economies. Weakening trade mirrored the slowdown in global industrial production, as demand shifted toward its pre-pandemic composition and away from goods. Despite this moderation, goods trade surpassed pre-pandemic levels last year; meanwhile, services trade continued to recover, supported by the gradual shift in demand toward services. Tourism flows rebounded as many countries eased travel restrictions but remained well below pre-pandemic levels and uneven across regions (WTO 2022).

Although global supply chain pressures are still above pre-pandemic levels, they have eased since mid-2022, as reflected in lower transportation costs and normalization of inventories. Weakening demand for goods is expected to reduce these pressures further in 2023.

After softening to 4 percent in 2022, global trade growth is expected to decelerate further to 1.6 percent in 2023, largely reflecting weakening global demand. Trade is envisaged to be particularly subdued in EMDEs with strong trade linkages to major economies where demand is expected to slow sharply. In all, the current post-recession rebound in global trade is on course to be among the weakest on record. Travel and tourism are expected to pick up further but will be constrained by slower global activity and high input costs. Goods trade is expected to moderate owing to subdued demand and a gradual shift in consumption toward services.

(Source: <https://www.worldbank.org/en/publication/global-economic-prospects>)

GLOBAL INFLATION

Inflation rose throughout 2022 in almost all economies. Median global headline inflation exceeded 9 percent in the second half of the year, its highest level since 1995. Inflation reached almost 10 percent in EMDEs, its highest level since 2008, and in advanced economies just over 9 percent, the highest since 1982. Inflation was above target in virtually all countries that have adopted inflation targeting.

Soaring inflation in 2022 reflected a combination of demand and supply factors. On the demand side, the acceleration of growth during the initial rebound from the 2020 global recession, as well as the

lagged effects of earlier macroeconomic support, contributed to persistent price pressures. Price increases were particularly large in sectors such as shipping and air travel, where compositional shifts in demand encountered ongoing capacity constraints and supply chain. On the supply side, shortages of key commodities, exacerbated by Russia’s invasion of Ukraine, contributed substantially to higher energy and food prices. In some countries, tight conditions and mismatches in labour markets further added to rising wages and higher input and production costs. Finally, many countries experienced large currency depreciations that passed through into higher import, producer, and consumer prices. The higher share of food in consumer spending has caused inflation to accelerate more in low-income countries compared to other EMDEs.

Inflation has risen across a broad range of goods and services. Global core inflation has risen markedly, reaching over 6 percent late last year, its highest level since 1992. As a result, short-term (one-year-ahead) inflation expectations have risen in most economies. In contrast, long-term (five year-ahead) inflation expectations have been relatively more stable, edging up by only about 0.15 percentage point in both advanced economies and EMDEs since the onset of the pandemic. This stability may reflect the credibility of the commitment of most central banks to confront inflation, reinforced by recent policy tightening.

Inflationary pressures started to abate toward the end of 2022, reflecting weakening demand and easing commodity prices. The share of countries where inflation is accelerating is trending down. In the face of substantial monetary tightening, slowing activity, easing supply chain disruptions, and moderating prices for many nonenergy commodities, both core and headline inflation are expected to decline over the forecast horizon. In many countries, however, high core inflation has been unexpectedly persistent, suggesting that global inflation will remain elevated for longer than previously envisaged.

Share of economies with rising inflation

(Source: <https://www.worldbank.org/en/publication/global-economic-prospects>)

FINANCIAL DEVELOPMENTS

Global financial conditions have tightened sharply, with risk appetite dampened by slowing global growth, persistently elevated inflation, and faster-than-expected monetary tightening. Long-term government bond yields in the United States and Germany increased at their fastest pace in nearly three decades in 2022, reaching their highest levels since 2007 and 2011, respectively, in October. In the United Kingdom, a sharp deterioration in liquidity related to collateral calls on pension fund derivative positions prompted central bank intervention in gilt markets for financial stability purposes. Equity markets worldwide saw substantial declines—by December, the MSCI World equity index had declined nearly 20 percent since the start of the year, with equity market indexes down more than 15 percent (in U.S. dollar terms) in about half of countries.

As in past tightening episodes, tighter monetary policy in advanced economies weighed on EMDE capital flows. China experienced sizable debt market outflows in 2022, while other EMDEs remained in a protracted period of generally weak debt and equity flows that started in 2021. The U.S. dollar also appreciated markedly in 2022, by about 14 percent on a GDP-weighted basis by October, before

moderating somewhat later in the year. Most EMDE currencies depreciated against the U.S. dollar, but economies with fiscal deficits greater than 3 percent of GDP saw eight times more depreciation, on average, than other EMDEs.

(Source: <https://www.worldbank.org/en/publication/global-economic-prospects>)

RECENT DEVELOPMENTS AND OUTLOOK

Conditions in advanced economies have deteriorated sharply since mid-2022 amid high inflation, rapid monetary tightening, reduced fiscal support, and major energy disruptions in Europe. The monetary tightening cycle and continued energy supply pressures are projected to slow growth further in 2023, especially in the euro area. In China, activity weakened last year and remains vulnerable to a prolonged drag from the real estate sector and continued pandemic-related disruptions.

The outlook for EMDEs has deteriorated markedly due to tighter financial conditions and weaker external demand. High inflation, monetary policy tightening, and adverse effects from the Russian Federation's invasion of Ukraine are expected to weigh on EMDE activity. LICs are being particularly affected by high prices and shortages of food.

INDIAN ECONOMIC OVERVIEW

INTRODUCTION

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

MARKET SIZE

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion

(US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

(Source: <https://www.ibef.org/economy/indian-economy-overview>)

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- PMI Services remained comfortably in the expansionary zone at 56.7 during April-September 2022
- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- According to data released by the Ministry of Statistics & Programme Implementation (MOSPI), India's Consumer Price Index (CPI) based retail inflation reached 7.41% in September 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- Home & Cooperation Minister Mr. Amit Shah, laid the foundation stone and performed Bhoomi Pujan of Shri Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by the Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for the IT companies and start-ups in both the countries.
- India and Namibia entered into a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly-developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022:
 - Prime Minister Mr. Narendra Modi, laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground breaking ceremony of the UP Investors Summit in Lucknow.
 - The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of biocapsule, an encapsulation technology for bio-fertilization on 30 June, 2022.

- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.

- In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance,

increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

SALT INDUSTRY

GLOBAL MARKET

Salt, a crucial element of life, is manufactured as a seasoning for human consumption as well as used in chemical industries. The most prominent use for salt is as a feedstock for the production of industrial chemicals. The worldwide market for salt production was valued at over 29 billion U.S. dollars in 2021, with 290 million metric tons of salt produced that year. China, the United States, and India are the top three countries for salt production and altogether produced a combined total of over 130 million metric tons of salt in 2021.

India exports the most salt of any country, transporting over 8.5 billion kilograms in 2021. The United States was the leading importer of salt worldwide that year, where it is used in industrial applications within sectors such as pharmaceuticals, agriculture and livestock, and chemical productions.

The United States imported about 16 million metric tons of salt in 2021, a slight increase from 15.6 million the year before. As of 2021, the price of vacuum and open pan salt in the United States was estimated to stand at 220 U.S. dollars per ton, while the price of solar salt amounted to approximately 120 U.S. dollars per ton during the same year.

Ways of extraction

Almost sixty percentage of salt production in the whole world goes to the industrial usage. Only the remaining forty percent is used for miscellaneous purposes that major constitutes the application in the form of food additives. When you talk about the worldwide salt production, it is mandatory to know the different ways that the salt is obtained all over the globe.

Prima facie, evaporation of sea water to obtain salts is the method carried out in majority parts of the Asian subcontinents. Especially in the India and China, the salt production is done in this way and they obtain almost 99.5 percentage of purity still. The salts produced this way are being washed again chemically to remove the impurities and then it is shipped.

Different parts of the globe

There are still other forms of obtaining salts as well. Even in India and China you could find some of these different forms of extracting salt. One is through mining process. This is salt extraction from the salt beds underneath the earth. Such a sort of salts is then allowed to be prepared in the laboratories to be modified to the form of fine granules as we see the table salt.

Salts obtained in this way are in majority from the United States of America as well as other European continents. Their purity levels are a big challenge though. They are not competent to the great purity levels obtained as one gets from the salts of India and China. 99.5 to 99.7 is the range of purity that could be obtained from these salts of the west. Most of them find applications only in the industries.

It could be evident by now that almost all of those fine graded salts are just the western brand names carrying eastern salt inside. Anyhow, there is one more variety of salt obtained from the brine. This is called as solution mining process. This is almost one third of the total salt production methods in the world.

All those salts extracted from the Australia and Mexico is essentially of this kind of manufacturing. The level of purity that is obtained is of the highest grade when you compare with the other forms of salt extraction. The purity range varies somewhere in between to the second decimals of 99.9. It depends from place to place from the set standards of production process carried out.

Industrial applications

Sometimes it is also about the raw salt content which is obtained from a particular place. There are certain traces of impurities at micro levels which are just integral part of the salt itself and it could not be removed even after so many sophisticated processes and techniques employed. Worldwide salt production for industrial applications includes the organic synthesis, petroleum production, bye products fractional distillation and many more processes.

DOMESTIC MARKET

India is the third largest Salt producing Country in the World after China and USA with Global annual production being about 230 million tonnes. The growth and achievement of Salt Industry over the last 60 years has been spectacular. When India attained Independence in 1947, salt was being imported from the United Kingdom & Adens to meet its domestic requirement. But today it has not only achieved self-sufficiency in production of salt to meet its domestic requirement but also in a position of exporting surplus salt to foreign countries.

SOURCES OF SALT:

The main sources of salt in India are:

- *Sea brine* - While the ocean is a natural salt brine, hydraulic mining (or solution mining) of salt involves pumping water below the earth's surface to dissolve salt deposits and create a salt brine. This brine is then pumped to the surface and evaporated to create salt.

- *Lake Brine* - A brine pool, sometimes called an underwater lake, deepwater or brine lake, is a volume of brine collected in a seafloor depression. The pools are dense bodies of water that have a salinity that is three to eight times greater than the surrounding ocean.

(Source: https://en.wikipedia.org/wiki/Brine_pool#:~:text=A%20brine%20pool%2C%20sometimes%20called,greater%20than%20the%20surrounding%20ocean.)

- *Sub-soil brine* – Underground brine (subsoil) is considered to be the sea water cut-off from oceans and concentrated by sunlight. It contains the elements of chloride, sulphate, calcium, magnesium, sodium and potassium in higher proportion. The physical parameter of rainfall data was collected because it interferes by diluting the brine and reducing the rate of evaporation. The monitoring of the physical and chemical parameters of brine at various stages viz, source, reservoir, condenser, crystallizer and bittern of the subsoil salt-pan gives plentiful possibilities for the management of the salt-pans.

- *Rock salt deposits* – Halite more commonly known as Rock salt is a mineral formed from sodium chloride. Its chemical formula is NaCl and this also includes other variations of salt such as common salt and table salt. Rock salt tends to be the industrial name used for Halite. It forms as isometric crystals and is typically colourless or white, but may also be other colours depending on the amount and type of impurities contained within it. The salt occurs in beds of sedimentary evaporite minerals. This is caused by large lakes and seas drying up. These salt beds can be hundreds of metres deep.

MAJOR SALT PRODUCING CENTERS:

Sea water is an inexhaustible source of salt. Salt production along the coast is limited by weather and soil conditions. The major salt producing centers are:

Marine Salt works along the coast of

- Gujarat (Jamnagar, Mithapur, Jhokhar, Chira, Bhavnagar, Rajula, Dahej, Gandhidham, Kandla, Maliya, Lavanpur),
- Tamil Nadu (Tuticorin, Vedaranyam, Covelong),
- Andhra Pradesh (Chinnaganjam, Iskapalli, Krishnapatnam, Kakinada & Naupada), Maharashtra (Bhandup, Bhayandar, Palghar),
- Orissa (Ganjam, Sumadi) and
- West Bengal (Contai)

Inland Salt Works in

Rajasthan using lake brine and sub-soil brine viz. Sambhar Lake, Nawa, Rajas, Kuchhman, Sujangarh and Phalodi.

Salt works in Rann of Kutch using Sub-soil brine viz: Kharaghoda, Dhrangadhra; Santalpur.

Rock Salt Deposits at Mandi in the State of Himachal Pradesh.

PROFILE & STATUS OF SALT INDUSTRY

There are about 11799 salt manufacturers engaged in production of Common salt in an extent of about 6.09 lakh acres in the Country. It is estimated that 87.6 per cent of the total number of salt manufacturers are small salt producers (having an individual extent of less than 10 acres for salt manufacture), 5.8% is large scale producers (having an individual extent of more than 100 acres) and

6.6 % is medium scale producers (having an individual extent between 10 and 100 acres). Average Annual Production of Salt in India is 215.80 lakh tonnes whereas ever high production of 240 lakh tonnes was recorded during 2009-10 followed by 221 lakh tonnes during 2012-13 (Upto 2/13).

Gujarat, Tamil Nadu and Rajasthan are surplus Salt producing States accounting for about 96 per cent of the Country's production. Gujarat contributes 76.7 per cent to the total production, followed by Tamil Nadu (11.16 %) and Rajasthan (9.86%). The rest 2.28% production comes from Andhra Pradesh, Maharashtra, Orissa, Karnataka, West Bengal, Goa, Himachal Pradesh, Diu & Daman. On an average 62% of the total production is from large salt producers followed by small scale producers (28%) and rest by medium scale producers.

The average annual supplies of salt for human consumption is about 59 lakh tonnes and that for industrial consumption is about 107 lakh tonnes; 60% of the salt for human consumption moves by rail and 40 % by road. 88% of the salt for industrial consumption moves by road, 10 % by rail and 2% by coastal shipment to various industries; when the total indigenous supplies are taken, 72 per cent moves by road, 27% moves by rail and 1% by sea.

India exports surplus production of salt to the tune of about 35 lakh tonnes on an average; During the year 2011-12, a record export of 38 lakh tonnes was achieved primarily due to surge of demand from China. Other major countries importing salt from India are Japan, Bangladesh, Indonesia, South Korea, North Korea, Malaysia, U.A.E., Vietnam, Qatar etc.

Government of India has adopted the strategy of Universal Salt Iodisation and Consumption for elimination of Iodine Deficiency Disorders (IDD) in the country under the National Iodine Deficiency Disorders Control Programme (NIDDCP). Iodine is supplemented in the diet through Iodised Salt for combating IDD. The Programme was started in 1962 initially confining to Goitre endemic areas but after 1984 it was implemented throughout the country. Thus, as on date a significant progress has been made on Universal Salt Iodisation. The country produces about 62 lakh tonnes of Iodised salt and about 59.7 lakh tonnes of iodised salt is supplied for human consumption against the requirement of about 60.5 lakh tonnes for entire population. The country has created more than adequate salt iodisation capacity of over 175 lakh tonnes.

Salt Industry is labour intensive in the country. About 1.11 lakh labourers are employed daily in the Salt Industry on an average. Salt Commissioner's Organisation has put in place a number of Labour Welfare Schemes ameliorating the working and living conditions of salt labourers.

TYPES OF SALTS

Edible Salt:

Edible salt is a type of salt that is safe for human consumption and is used in various industries for different purposes. Some of its common uses in the industry are:

- **Food Industry:** Edible salt is primarily used in the food industry for flavoring, preservation, and as a seasoning agent. It is used in the production of various food items such as snacks, canned foods, meat products, and bakery products.
- **Chemical Industry:** Edible salt is also used in the chemical industry for the production of various chemicals such as caustic soda, chlorine, and soda ash.
- **Water Treatment:** Edible salt is used for water treatment to remove impurities and to make water safe for consumption.
- **Pharmaceutical Industry:** Edible salt is used in the pharmaceutical industry as a raw material for the production of medicines and other medical products.
- **Agriculture Industry:** Edible salt is used in the agriculture industry as a fertilizer and for animal feed.

These companies are involved in the production and distribution of various types of salts, including industrial salt, edible salt, and specialty salt products.

Industrial Salt:

Natural salt has been used by humans since the beginning of humanity. Industrial salt did not even exist before the twentieth century. But this crucial difference is ignored by a large portion of the medical profession and by the government, which considers all salt to be the same.

Industrial Salt, that has purity less than edible salt. The main difference is the industrial salt with salty food at a lower purity level, not refining and no iodization of the industrial type. The purity of oral salt is 99%.

Industrial salt is a type of salt that is used for a wide range of industrial applications. It is primarily used in the chemical industry for the production of caustic soda, chlorine, and other chemicals. Industrial salt is also used in the

- **Chemical Industry:** Industrial salt is widely used in the chemical industry as a raw material for the production of various chemicals such as caustic soda, soda ash, and chlorine.
- **Oil and Gas Industry:** Industrial salt is used in the oil and gas industry as a drilling fluid, which helps in stabilizing the borehole and preventing fluid loss.
- **Water Treatment Industry:** Industrial salt is used in the water treatment industry as a coagulant for removing impurities and contaminants from water.
- **Food Processing Industry:** Industrial salt is used in the food processing industry as a preservative and flavour enhancer.
- **Deicing Industry:** Industrial salt is used as a deicing agent to melt ice and snow from roads, highways, and airports.
- **Agriculture Industry:** Industrial salt is used in the agriculture industry as a fertilizer and to control the growth of weeds.
- **Textile Industry:** Industrial salt is used in the textile industry as a dyeing agent and for bleaching fabrics.
- **Animal Feed Industry:** Industrial salt is used in the animal feed industry as a source of minerals and to improve palatability.
- **Pharmaceutical Industry:** Industrial salt is used in the pharmaceutical industry as a buffering agent and for the production of various drugs.

- Construction Industry: Industrial salt is used in the construction industry as a concrete additive, which helps in improving the strength and durability of concrete.

There are several large-cap detergent manufacturing companies that use industrial salt in their production process. Some examples include:

- Procter & Gamble Co. (P&G).
- Unilever NV
- Henkel AG & Co. KGaA.
- The Clorox Company
- Colgate-Palmolive Company

Please note that this is not an exhaustive list and there may be other companies that also use industrial salt in their production process.

Industrial salt is usually produced by mining rock salt deposits, which are then crushed and purified through a series of processes. It can also be produced through the evaporation of saltwater.

Industrial salt is often sold in large quantities, typically in bags or in bulk, and is priced differently than table salt. It is generally less refined and contains higher levels of impurities, such as calcium and magnesium, which can be beneficial for certain industrial processes.

Some of the major worldwide manufacturing players in the salt industries are:

- Tata Chemicals,
- AkzoNobel N.V.,
- Cargill Inc.,
- Compass Minerals,
- China National Salt Industry Corporation,
- K+S AG, and
- Morton Salt.

Provided list of Indian salt manufacturing companies are as follows:

- Tata Chemicals - Tata Salt, Tata Salt Lite, Tata Black Salt, Tata Rock Salt
- Sambhar Salts Limited - Sambhar Salt
- Hindustan Salts Limited - Sambhar Salt, Kharaghoda Salt, Mandi Salt
- Ankur Chemfood Limited - Ankur Salt, Surya Salt, Surya Premium Salt
- Nirma Limited - Nirma Shudh Iodized Salt
- Gujarat Heavy Chemicals Limited - GACL Salt
- Aditya Birla Chemicals Limited - ABC Salt
- Dhanlaxmi Salt - Dhanlaxmi Salt
- Shree Ambica Salt Works - Ambica Salt

These companies are involved in the production and marketing of various types of salt, such as industrial salt, edible salt, and specialty salt.

Please note that this is not an exhaustive list and there may be other Indian salt companies in the market as well.

GOVERNMENT OF INDIA'S ROLE IN DEVELOPMENT OF SALT INDUSTRY:

Salt is a Central subject in the Constitution of India and appears as item No.58 of the Union List of the 7th Schedule, which reads:

- a) Manufacture, Supply and Distribution of Salt by Union Agencies; and
- b) Regulation and control of manufacture, supply and distribution of salt by other agencies

Central Government is responsible for controlling all aspects of the Salt Industry. Salt Commissioner's Organisation, an attached Office under the Ministry of Commerce & Industry (Department of Industrial Policy & Promotion), Government of India, is entrusted with the above task.

Government of India has delicensed Salt Industry by deleting provisions relating to Salt in the Central Excise & Salt Act, 1944 vide Finance Bill of 1996-97. In line with Government of India's Policy of Liberalisation and simplification of Procedures, the Salt Cess Rules, 1964, have been amended vide Notification No.GSR 639(E) dated 04.09.2001. Salt Commissioner's Organisation plays a facilitating role in overall growth and development of Salt Industry in the country.

The thrust of the Salt Commissioner's Organisation currently is on the following:

- Technological Development and Quality Improvement
- Salt Iodisation Programme for combating Iodine Deficiency Disorders
- Infrastructure Development promoting Salt Industry
- Labour Welfare Schemes for Salt Workers particularly housing under NAMA K MAZDOOR AWAS YOJNA
- Export of Salt

Indian salt industry is going global

Salt production of India is 18 to 20 million tons per annum and India is the third largest salt manufacturer of the World, after China & USA. Out of this about 3.5 million tons salt is washed in mechanized washing plants and up graded to international standard having purity 99.5% for Chlor-Alkali industry. The major quantity of washed salt is exported to Qatar, Japan and other countries and consumed by Indian chlor-alkali industry. The washing plants are increasing day by day and quality is also improving very fast.

About 218020 Hectares land is under salt production:

- In last five years more than 15 Salt Washing plants have come up to meet requirement for high purity salt.
- Now few Salt Works are fully mechanized with washing plants and they have achieved the following quality-
 - i. Sodium Chloride (NaCl) % 96.50 - 97.50 (on wet basis)
 - ii. Moisture (H₂O) % 01.50 - 03.00
 - iii. Calcium (Ca) % 00.03 - 00.05
 - iv. Magnesium (Mg) % 00.02 - 00.03
 - v. Sulphate (So₄) % 00.10 - 00.15
 - vi. Insolubles % 00.01 - 00.03

- The price of above salt, having purity 99.5%, after taking into consideration washing losses, stevedoring and other logistic expenses with marginal profit is about 15 to 16 USD per ton on FOBT basis. At present this quality salt is available in limited quantity but availability is increasing very fast as more and more washing plants are coming up in India.

Potential for the Growth of Salt Industry

- India has very long coast line and out of that Gujarat Coast line is of 1600 Kms
- In Gujarat in addition to existing salt industry lot of Land available along the side of coast for developing more salt works.
- Climatic conditions are suitable for salt industry.
- Easy Availability of skilled labours
- Good Administration of our Govt. and their Corporation.
- Our low cost of production
- Government support for critical infrastructure facilities.
- Minor Ports have loading capacity 5000 tons /day to 20000 tons /day in mid-stream loading where as big port like Kandla have achieved the av. rate of loading of 25000 tons / day. We have a big advantage that ships of the capacity from 5000 tons to 100,000 tons could be loaded at our ports. There is potential for developing more ports as per requirement. In south India there is also a big port, Tuticorin close to salt manufacturing area.
- Now only 20% industries have gone for mechanization and modernization, 50% from balance can also go immediately.
- Average yield of salt works is only 100 tons per hectare. This can be increased to 300 tons per annum by adopting modernization.

Opportunities

- Export Market- 1) Qatar 2) Malaysia 3) Philippines 4) Japan 5) China 6) Vietnam 7) Indonesia 8) Nepal
- India's location is very suitable to supply salt to China, Japan, Middle East and to other Asian countries.
- India has potential to increase productivity as well as quality.
- Available manpower.
- Wind Power-largest coastal line of Gujarat has potential to Generate 5000 MW through Wind Energy. The Salt Industry can make use of this energy jointly through associations.
- Availability of good major and minor ports as well as of good anchor points.
- To grab the developing market of Middle East.

GOVERNMENT SCHEMES

1. One Nation One Ration Card:

Introduction:

The implementation of nation-wide portability of ration cards through “One Nation One Ration Card (ONORC)” scheme, is an endeavour of the Department of Food & Public Distribution, Government of India to empower about 81 crore beneficiaries. This plan has been launched under the National Food Security Act (NFSA), 2013, which aims to ensure that anyone can take their share of food grains from any district of any state of the country.

Objective:

- Through this facility, while a migrant beneficiary is able to get ration at the destination he or she is working in, his/her family back home is also allowed to get their part of the entitled ration to support itself.
- This system provides flexibility to all NFSA beneficiaries to lift their foodgrains from any FPS (Fair Price Shop) of their choice.

Need:

- Owing to the defined coverage of beneficiaries under the National Food Security Act (NFSA), 2013 in each State/UT, it was difficult for migrant beneficiaries to get a new ration card issued. Even if they were able to get one issued, it introduced the 'duplicity' of ration cards/beneficiaries in the country's Targeted Public Distribution System (TPDS), thereby potentially depriving many other left-out and genuinely deserving beneficiaries from getting included under the fold of NFSA.
- Now problems of getting a new ration card and duplicity of beneficiaries are solved and the government is enabling the inclusion of all genuine beneficiaries of State/UT through portability under the fold of NFSA.
- This mechanism can plug the leakage/diversion of un-lifted foodgrains in FPSs, as they can now be lifted by their rightful beneficiaries through portability and gets adjusted between States/UTs, thereby minimizing the chances of diversion.

Technology Driven Scheme:

- The scheme enables migrant beneficiaries to get their food grains from a FPS of their choice in most parts of the country, by using their same/existing ration card with biometric authentication of identity on an Electronic Point of Sale (e-POS) device
- This system of portability is being implemented in all states and Union Territories where the system is being built upon the strong foundations of computerized Targeted Public Distribution System (TPDS) operations. This includes the installed infrastructure of ePOS devices at the FPS and seeding of beneficiaries' Aadhaar numbers with their ration cards.
- A copy of either the Ration card or Aadhaar card is acceptable. Beneficiaries can simply tell either their Ration card number or seeded Aadhaar number to the FPS dealer to receive their ration.
- The Department of Food & Public Distribution, in association with NIC, has launched a Mobile Application "MERA RATION" for the benefit of NFSA beneficiaries, particularly migrant beneficiaries, to take maximum advantage of the One Nation One Ration Card (ONORC) plan.
- Currently, the 'Mera Ration' mobile application is available in 12 languages.

- On it, other information like registration of migrants, details of available entitlements, location of nearby FPS, information on past transactions, eligibility criteria, list of ONORC states, etc. can be accessed.

Outcomes of ONORC:

The broad-based reform of portability covering nearly 81 Crore NFSA beneficiaries in all States/UTs is being achieved with minimal outlay of just Rs. 127 Crore, over a period of 4 years.

- This is a one-of- its-kind Citizen-Centric initiative in the country, swiftly implemented in 34 States/UTs in a short-span of time (as of August 2021), after being sanctioned in 2018-19 and implemented from August 2019.
- ONORC was helpful to NFSA beneficiaries in availing food grains from any location during COVID pandemic/ lockdown period.
- During the period between 01-April-2020 and 30-September-2021, about 24.32 crore portability transactions under NFSA were carried out across States/UTs, benefiting large number of NFSA beneficiaries, mostly migrants, at the Fair Price Shops (FPS) near to their location of work/temporary stay.
- Under the NSFA, almost 23.6 crore Ration cards have been digitized to cover 80 crore beneficiaries of all states/UTs.
- Almost 93.1 % Ration Cards and 90.1 % beneficiaries are Aadhar-seeded at a national level.
- Online allocation orders for food grains for all FPS has been implemented in all states/UTs, besides Chandigarh and Puducherry.
- Supply Chain Management of food grains is computerized in 31 States/UTs for online management of stocks in godowns and its in-and-out movement.

2. Pradhan Mantri Garib Kalyan Anna Yojana

Chief Minister Yogi Adityanath's government distributed over 1.4 million tonnes (MT) of wheat, 0.95 MT of rice, 0.10 MT of chana (gram), 101.9 million litres of soybean oil and 100,000 tonnes of salt as free ration. This was part of the Covid relief package, officials said.

The ration was distributed to around 146 million beneficiaries across the state, and is estimated to have cost the exchequer around Rs 300 crore per month, officials said.

The distribution of soybean oil, salt and chana, was in addition to the free foodgrain distributed through the Public Distribution System (PDS) under the Centre's National Food Security Act (NFSA) and also the Pradhan Mantri Gareeb Kalyan Ann Yojana (PMGKAY).

Previously, the addition items to the free foodgrain scheme were applicable until September 2022. However, the Uttar Pradesh government may consider reintroducing the scheme based on public needs.

3. Mid-day meal

The National Programme of Nutritional Support to Primary Education (NP-NSPE) which is popularly known as the Mid-day Meal Scheme was launched by the Government of India in 1995. NP-NSPE states that it aims to address "classroom hunger" and encourage poor children, belonging to disadvantaged sections, to attend school regularly and help them concentrate on

classroom activities. The mid-day meal programme is a multi-faceted programme of the Government of India that, among other things, also seeks to address issues of food security, lack of nutrition and access to education on a nationwide scale. The Scheme is the world's largest school feeding programme reaching out to about 12 crore children in over 12.65 lakh schools/EGS centres across the country.

The level of malnutrition is of great concern in India with over 40% of children being classified as undernourished. Anaemia affects over 3/4th of the school children due to low intake of iron and folic acid. The reasons for such high levels of malnutrition and anaemia are complex. They include poverty, gender inequity, specific dietary patterns and recurrent illness, all these acting in conjunction.

School feeding programmes are popular in the developing world and beyond, not only because of their educational but also for their nutritional benefits. Mid-day meal acts as a regular source of "supplementary nutrition" for children, which facilitates their healthy growth. To achieve the objectives of the Scheme, the guidelines prescribe specific nutritional content in the mid-day meal

On 15th August 1995, Midday Meal Scheme was launched in India for children under the name of 'National Programme of Nutritional Support to Primary Education' (NP-NSPE). Recently (September 2021), the Government renamed this scheme to Pradhan Mantri Poshan Shakti Nirman or 'PM POSHAN'. Each alteration in name brings some changes in the scheme.

Under the Midday Meal Scheme in India, around 11.80 crore children (in 11.20 lakh government and government-aided schools) will get hot cooked food.

However, under the new scheme 'PM POSHAN', 24 lakhs of children studying in pre-primary schools who are already covered under the Integrated Child Development Services will get food under the MDM scheme.

The PM Poshan will be operational initially for 5 years (2021-22 to 2025-26). Here, the Central Government will take responsibility for Rs. 54,061 crores of the total approximate expenditure of Rs. 1.3 lakh crore. On the other hand, the State Governments will pay Rs. 31,733 crores.

Note: The Central Government will release Rs. 45,000 crores as subsidies for food grains.

OVERVIEW

Our Company was originally incorporated as “Goyal Salt Private Limited” at Jaipur as a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation dated November 26, 2010, issued by the RoC, Rajasthan bearing Corporate Identification Number U24298RJ2010PTC033409. Subsequently, our Company was converted into a public limited company under the Companies Act, 2013, pursuant to the approval accorded by our Shareholders at their extraordinary general meeting held on April 29, 2023. Consequently, the name of our Company was changed to “Goyal Salt Limited” and a fresh certificate of incorporation consequent upon conversion from a private limited company to a public limited company was issued to our Company by the RoC, Jaipur on May 18, 2023 and Corporate Identification Number is changed as U24298RJ2010PLC033409. The registered office of our company is situated at Plot No. 229-230, Guru Jambheshwar Nagar, Lane No. 7 Gandhi Path, Vaishali Nagar Jaipur 302021.

Our Company is primarily engaged in the business of refining of raw salts procured from sub soil brine in the state of Rajasthan for useable as industrial salts and edible salts. Our company refines and supplies pure, refined and quality range of triple refined free flow iodized salt, industrial salt, double fortified salt and triple refined half dry salt. Our refining process does not involve any adulteration from chemical and harmful substances. We have well equipped refinery at Nawa City, adjacent to famous Sambhar Lake. In addition to refinery, we also have lease rights to harvest raw salt over 18.66 Hectare of land issued by Government of Rajasthan in the vicinity of salt producing area of Nawa City in Rajasthan. Our refinery complex area is situated in Nawa City having total area of 1.45 Hectare of land and have dedicated space for the refining of salts, storage of raw salts procured from sub soil brine and packaging of refined salts. We have a team of well qualified and dedicated technical man

power for quality control, production, efficiency, maintenance, research and maintenance, finance and accounting.

The raw material required to process refined salt is raw salt itself. Our Company sources its raw material mainly from the open market purchases which is around 75% of the total requirement of raw salt required by us for all our products which are Refined Free Flow Iodized Salt, Refined Free Flow Industrial Salt, Double Fortified Salt and Refined Half Dry Salt. In addition to the open market purchases, we source our raw material from our promoters-controlled entities and own harvesting of raw salts on the salt lands owned by our Company which supply around 23% and 2% respectively of the total requirement of the raw material required by us. For more details, please refer to the heading **“Raw Materials”** on Page 156 of the DRHP.

Over the past couple of years, our company has outgrown itself into the production of refined iodised salt and double fortified salt. Edible salt, also called table salt or just salt, is a mineral, commonly consumed by humans. There are different forms of edible salt: unrefined salt, refined salt, table salt or iodised salt. Raw salt comes in fine or larger crystals. In nature, it includes not only sodium chloride, but also other vital trace minerals. The company supplies its refined salt in the packaging of half kg and one kg for home consumption and fifty kg bags and jumbo bags for industrial use.

Our Company also produces/supplies industrial salt. Industrial salt are in high demand due to the diversity of applications in the soap and detergent industries, textile and dyeing industries to industries producing glass, polyester, plastics, rubber and leather and as well as in the chemical industry. Salt assists in cleaning gas and oil wells and is an essential component in the manufacture of paper, tires, brass, bleach and case-hardened steel. Salt is part of the caustic soda and chloralkali processes. It is also used as ice melters in various countries. Another use of industrial salt is the pharmaceutical industry. Salt is mostly used in the preparation of saline solutions and the production of capsules. From making intravenous formulas to contact solutions, industrial salt is quite important for saline solutions and thus for the pharma industry. The pigment industry uses industrial salt as a filler and grinding agent during the manufacturing process.

Besides these different industrial uses of salt, salt finds usage in more areas such as animal feeding salt, water softening/water treatment salt, and pool salt.

It is anticipated that a growing demand for industrial salt will be driven primarily by increasing industrialization owing to its wide range of industrial applications. In particular, demand is expected to increase from the food and beverage industry, soap and detergent industry, the chlor-alkali sector in the chemical industry as well as chemical processing, water treatment, agriculture and dyeing.

The process flow for the production of industrial salt is same as that for the refined salt until the stage of getting the finished product. The finished product is further processed to obtain refined free flow salt by adding iodine to it. On getting the finished salt, it is then packed in bags of 50 kg and 1 tonne as per the requirements of the dealer/customer. For more details on the refining process please refer to the flow chart and Process Flow of refinery under the heading **“Refining Process”** on Page 157 of the DRHP.

We have an integrated production facility for our raw salt, industrial salt, and edible salt, at Nawa city which is located on the edge of Sambhar Lake. Our experience of more than a decade has enabled us to build an effective business model that gives us control over our processes from raw material procurement, refining and marketing to sales through our network. Our business model allows us to monitor and control the quality of our products on the supply side, and provides us the ability to respond quickly to our customers’ needs and preferences on the demand side. Our company adheres to the industry’s best quality product accreditations. Our Company has obtained following certifications / recognition:

1. The company has received IS 7224:2006 standard from Bureau of Indian Standards for refined iodized salt.
2. The company has also been accredited with ISO 22000:2018 standard for refined iodized salt, double fortified salt, pink salt and black salt.
3. The Company has also obtained license from FSSAI for the refining of proprietary food vide license no. 10013013000498.
4. It has also received IS 16232:2014 from Bureau of Indian Standards for iron fortified iodized salt (double fortified salt).
5. License HACCCP for refined iodised salt and iron fortified iodised salt (DFS), Pink Salt (Rock salt), Black Salt.

Our Company is managed by our promoters and directors, Mr. Rajesh Goyal, Mr. Pramesh Goyal and Mr. Lokesh Goyal having rich experience and exposure of about 20 years in the salt industry.

Our company has well-equipped refining unit with latest technology plant and machinery for refining of salt and quality control lab with in house testing equipment's to test the quality of our products. Our finished products undergo a strict quality check to ensure that they are of required quality as per the standards set. Our in-house testing team regulates and monitors the quality, safety and packaging of the products. Our facility is equipped with its own quality check department, research and product development department and stockyard.

Our company's revenue breakdown is based solely on domestic sales. We have not engaged in any export activities and therefore do not have any revenue attributed to exports. It is important to highlight that while our current revenue sources are limited to domestic sales, we have future intentions to expand our operations into exporting our products.

Further our Company generates its revenue from both manufacturing and trading sales. Our Company generates 40.88% of its revenue from its trading business. We source our finished product from third parties in the cases where our demands are more than our supplies. In such cases, we purchase the refined salt from the open market and sell it to our customer/dealer depending upon the order quantity. If the order specifically requires us to deliver the product under our brand name, then it is supplied in our packaging else sold in normal packaging as required by the customer/dealer. Besides sourcing the refined salt from the open market, we also source it from our promoters' owned firms.

Until now, there has been no union of our employees. We have not faced any strikes, lock – outs or any other labour protests in our organization since the inception of our business. Further, the employee attrition in the Company has been very low, including the Covid-19 pandemic period, portraying the affable relationship of the management with the workforce of the Company.

OUR BUSINESS STRATEGIES

Our focus is on expanding our operations in existing as well as new markets. Our Company meticulously engineered with a cutting-edge technology and aptly supported by an efficient team of trained personnel who marketed the product in unexplored markets, had soon positioned itself as one of the popular brands in Indian market and paved the way for acquiring bigger share of this competitive market. We intend to provide high quality products to our clients and grow our business by leveraging our strengths and implementing the following strategies:

➤ **Expand and increase our production capacity**

Salt sets the dye in fabric and is used to produce glass, polyester, plastics and leather as well as in the chemical industry, food and beverage industry, soap and detergent industry, cattle feed industry, pharmaceutical industry and energy industry. Salt assists in cleaning and drilling in gas and oil wells and is an essential component in the manufacture of paper, tires, brass, bleach and case-hardened steel. The growing number of water treatment plants across the globe is expected to increase the usage of industrial salts. The increasing application of de-icing through industrial salts is also fostering the demand for industrial salts in the cold countries.

Further our Company at present focusing on B2B sales and government sales for its edible salt sales. Our company aiming to become B2C player in future with focus on sale of products by brand creation as there is enormous demand for branded salt. Our Company has associated itself with a Bollywood celebrity Ms. Karishma Kapoor for the brand creation and promotion.

To cater to the growing demand from our existing customers and to meet the requirements of our new customers and dealers, we intend to expand our refining capacities for salt production. At present our refinery is located at Nawa City and has a refining capacity of about 700 tonnes per day and we further intend to increase our capacity to meet the market demands. For this we have purchased an industrial converted land at Village Chirai Moti Tehsil Bhachau District Kacchh and we intend to start new units with enhanced capacity to meet the requirements of our existing and new customers and dealers in domestic as well as global markets. Increased refining capacity will allow us to increase our inventories during slow times, allowing us to stock more product to fill short-notice orders or stockpile inventory to fill large orders that arrive when we are pressed for capacity. The factors to be considered in capacity planning are to assess the level of market demand, cost of production and the availability of funds and thus keeping in mind all these factors we strive to further expand our refining capacity.

➤ **Build new customer base and enter new geographical markets**

We intend to cater to the increasing demand of our existing customers by enhancing the distribution reach of our products. Enhancing our presence in additional regions will enable us to reach out to a larger market. Our presence in the domestic market and intension to reach out in the international markets will help us in capitalizing on the expected growth in demand of industrial salt and edible salt and present us with significant opportunities for growth of our

existing market share. Further, keeping in pace with the market trends, we have started to expand our business through various brands. We aim to continuously develop so as to keep up with the evolving demands of the customers. We aim to achieve this by maintaining the high quality, timely delivery, competitive pricing and reliability of our products.

Historically, we have established profitable relationships with our key customer groups. The long-standing relationships that we have enjoyed with our customers over the years and the repeat and increased orders received from them are an indicator of our position as a preferred source as compared to our competitors.

With our redesigned packaging, we are making a strategic move to penetrate the Business-to-consumer (B2C) market, with a specific focus on upper- and middle-class communities. This new approach allows us to cater to high-end consumers while also supplying our premium product to hotels and restaurants. By diversifying our sales channels, we aim to maximize our market reach and build a new class of devoted consumers. The updated packaging represents our commitment to meeting diverse consumer expectations and strengthening our position in the market.

We are intending to expand globally to serve our existing customers as well as to secure new direct customers and expand the reach of our products in new markets. We intend to achieve this by having dedicated sales and marketing teams whose primary focus will be on business development in international markets and in certain focussed geographies. Our focus will also be to strengthen our sales team to ensure that we are able to deliver products to our customers in a timely manner.

➤ **To adopt a holistic approach in building '  , a brand in the salt industry**

Branding is a long-term strategy that governs transformation, positioning, perception, recognition and loyalty. Holistic Marketing approach contemplates that business and all of its activities should focus on towards a single common goal to achieve the great customer experience. Since this approach aligns the services, systems and processes of a salt refining unit, its proper implementation results in a consistent brand building exercise that is efficient and effective. Therefore, we intend to build a brand name in the salt industry that caters to provide quality product to its customers and dealers in a cost efficient and timely manner.

The renowned Bollywood Superstar Ms. Karishma Kapoor has been appointed as the Brand Ambassador for our Company, continuing our objective of brand building and sales growth. The proceeds from the issue will be used to fund this strategic partnership, which will increase both domestic and international brand recognition. We aim to set ourselves apart from rivals in the salt market by using effective advertising and using Karishma Kapoor's influence, building a powerful and alluring brand image that propels sales to new heights.

➤ **PAN India Presence and target potential export markets**

PAN India Presence means Presence Across Nation and therefore operating totally across the nation of India. We strive to operate on a nationwide scale and have a presence across the country. India is the third largest producer of salt in the world after US and China. In India, Gujarat accounted for about 80% of the total salt production of the country. We intend to start our units in all those states that are rich in raw salt so as to acquire a major share in the salt market of the country. Apart from being present in all the salt producing states we intend to explore and target the global markets as well. As the export of salt is more about logistics and less about salt itself, the cost of transportation adds a value which is more than the cost of its production. Salt is mainly exported from the Kandla port, in Gujarat where we have acquired industrial converted land to

set up our refining unit as cost of production will reduce as export will be done through ports located here.

➤ **Continue to focus on quality, environment, health and safety**

The high quality and safety complying products are of much importance for customer retention and repeat – order flow. We intend to have close interaction with our customers to strengthen our relationships with them and enabling us to understand the market perception and demand for our products. We will continue to focus on sustainability by emphasizing quality, environment, health and safety. Maintaining a high standard of quality for our products is critical to our brand and continued growth. Across our facility, we have put in place quality systems that cover all areas of our business processes from refining and supply chain to product delivery to ensure consistent quality, efficiency and safety of our products. Our products adhere to national quality standards. Our products go through various quality checks at various stages, including random sampling check and quality check by internal and external agencies. We consider the potential impact of our activities on the local environment and have set stringent environmental standards, which meet regulatory requirements.

Recognizing the significance of salt as a product consumed by all classes of society, we are investing in two new colour sorting machines to ensure that our refining process generates the highest quality output. In our pursuit of environmental responsibility, we have set stringent standards and employ measures to mitigate any harmful impact on the local environment. This includes employee training on environmental management and compliance.

Further, the power needs for our facility are presently powered by electricity and solar energy. In addition, we have separate labour quarters for all the labours. All our workers stays in house in the factory premises and are provided with food and other essential commodities. Further all our employees are equipped with proper safety equipments like helmets, gloves, masks, safety jackets and gum boots.

OUR PRODUCTS

Our product portfolio includes Refined Free Flow Iodized salt, Refined Free Flow Industrial salt, Double Fortified salt and Refined Half Dry salt. A brief of the same is given below:

1. Refined Free Flow Iodized Salt

It is finely ground salt with small, even-sized crystals, typically created from raw salt. It usually contains an anti-caking agent to keep it free flowing, even in high humidity. Salt is used universally for seasoning of the food in all kinds of cuisines all over the world. It contains active ingredients and is widely appreciated for its accurate composition, fine free flow nature and purity. The iodization of the edible salt ensures fulfilment of daily required iodine need of the body for protection against iodine deficiency diseases.

The raw salt is drawn from the subsoil brine water of Sambhar Lake, an inland salt water lake in Rajasthan. The salt is then processed, iodized, treated, and packed at most hygienic state-of-the-art sophisticated plant and contains no organic chemicals. Thus, the salt that reaches the customer is truly exceptional with high purity and quality.

Refined Free Flow Iodized salt is the edible that we consume on a daily basis. It contains iodine and is basically used in home consumption. It is sold in the packets of one kg and half kg and these are further packed in the bags containing 25 packets of one kg and 50 packets of half kg. Mostly one kg packets are sold as compared to half kg packets. The main brands under which our product is sold are:

- Goyal – Platinum Category
- Healthcare - Premium category
- Idea - Standard category
- Fortuner - Regular category

There are several other brands under which we sell our product according to the requirements of our customer and dealers and prevailing market conditions.

2. Refined Free Flow Industrial Salt

We refine salt for a variety of industries ranging from soap and detergent industries, textile and dyeing industries to industries producing glass, polyester, plastics and leather and as well as in the chemical industry. Salt assists in cleaning gas and oil wells and is an essential component in the

manufacture of paper, tires, brass, bleach and case-hardened steel. Salt is part of the caustic soda and chloralkali processes. It is also used as ice melters in various countries. Industrial salts are often purchased in bulk and in various levels of purity depending on the application.

Industrial salt is sold in the packaging of 50 kg and 1 tonne quantity as per the requirement of the dealer/ customer under the brand names Apollo and Double Horse.

Specification:

Description	Content
Moisture	0.40%
Water Insoluble	0.28%
Sodium Chloride (NaCl)	99.01%
Calcium	0.05%
Magnesium	0.07%
Sulphate	0.31%
Ferrocyanide (Anti caking agent)	<10 PPM
Iron	< 20 PPM
Particle size	1 MM

3. Double Fortified Salt

Double Fortified Salt (DFS) contains both iodine as potassium iodate, and iron as ferrous fumarate, compounds that were found to be most suitable for this application in terms of nutrient stability and taste. The World Health Organisation initiated this DFS to fight against anaemia diseases. Iodized salt is fortified with Encapsulate Ferrous Fumarate (EFF) to provide person's daily iodine and iron requirements and is highly effective for the body. An essential ingredient for food preparation, salt has an unmatched distribution platform with a uniform uptake amongst all income groups, including the poorest. Salt consumption is not affected by seasonal availability, and salt is consumed daily in small and regular quantities, making it an attractive vehicle for fortification.

It is sold in the packets of 1 kg under the brand name Mediplus and it is also supplied to various schemes started by State Governments.

Specification:

Description	Content
Moisture	0.46%
Water Insoluble	0.73%
Sodium Chloride (NaCl)	98.37%
Phosphorus	89.80 PPM
Magnesium	0.06%
Sulphate	0.58%
Iron	998 PPM
Iodine	40.2 PPM

4. Refined Half Dry Salt

This is the type of salt in which moisture content is upto 4%. Refined Half Dry Salt is a type of salt that is processed to remove impurities and moisture, resulting in a salt with a higher moisture content than regular table salt.

This type of salt is often used in cooking and food processing as it dissolves quickly and evenly, making it ideal for seasoning and preserving foods. It is commonly used in the production of snack foods, bakery products, and processed meats.

Overall, Refined Half Dry Salt is a versatile ingredient that can be used in a wide range of applications, both in edible and industrial use.

RAW MATERIALS

The raw material required to harvest refined salt is raw salt itself. There are various methods of procuring raw salt and the raw material produced by us or supplied to us is done through solar evaporation method. The simplest method of evaporating brine is solar evaporation, but it can only be used in hot, dry, sunny places. The brine is collected into shallow ponds and allowed to evaporate in the sun. Insoluble impurities such as sand and clay and slightly soluble impurities such as calcium carbonate settle to the bottom as evaporation begins. The brine is pumped or moved by gravity flow to another pond where calcium sulfate settles out as evaporation continues. The remaining brine is moved to yet another pond where the salt settles out as evaporation proceeds. The brine is moved one more time before evaporation is complete to prevent highly soluble impurities such as magnesium chloride, magnesium sulfate, potassium chloride, and magnesium bromide from settling out with the salt. These substances may be collected separately for commercial use. Evaporated salt intended for food processing is very pure, containing as much as 99.99% sodium chloride before additives are mixed in. This is important not only for safety and good taste, but because certain impurities can cause problems with certain foods. This is the basic process through which we obtain raw salt which is then further processed and purified to make it fit for consumption.

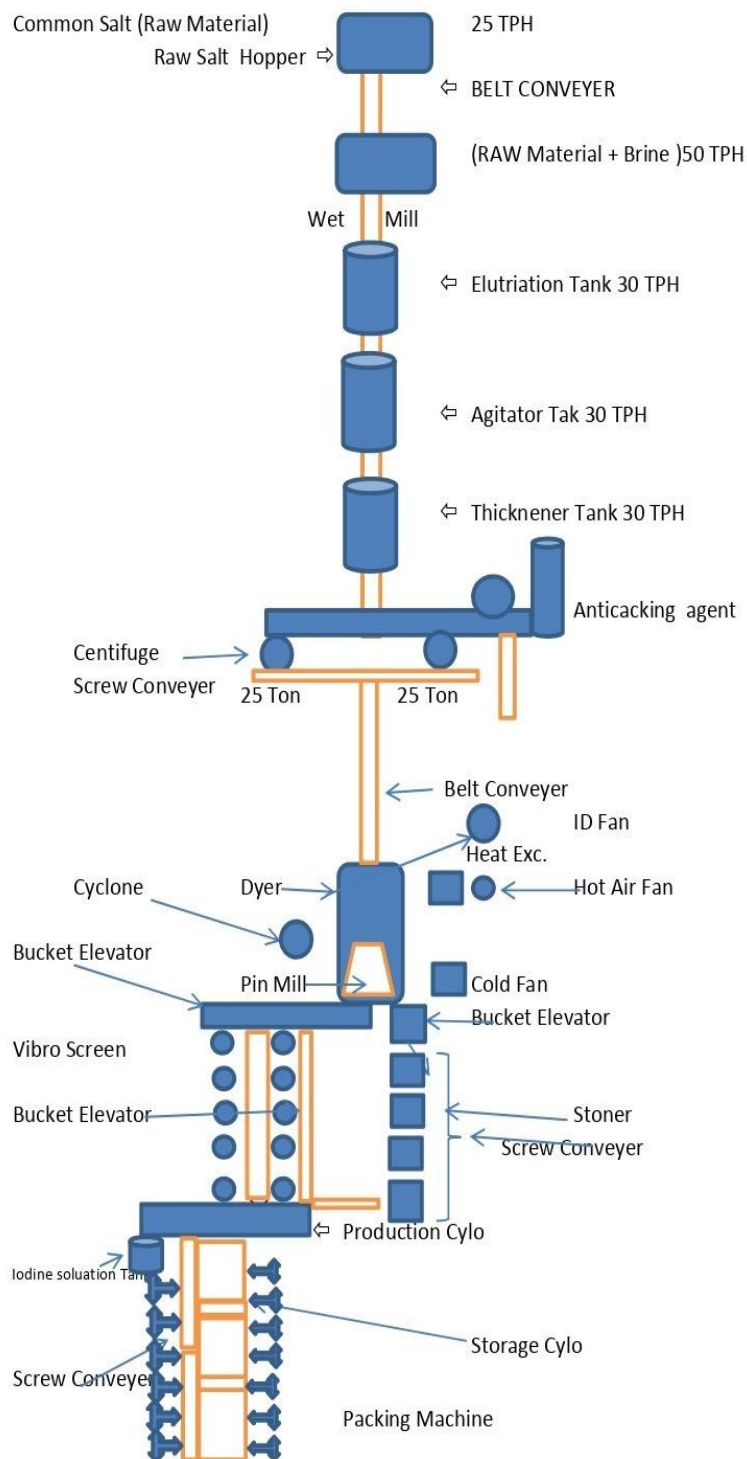

Regular and consistent availability of raw materials is essential for our refinery to run on a continuous basis. Raw salts harvesting depends on weather conditions, availability of saline water and appropriate saline land. Major harvesting of the raw salt is done summer and very little or no harvesting is done in monsoons and chilly winters as evaporation of salt from brine does not take place. Our company to ensure its regular supply make stocking of raw salts majorly in summer reasons so that in lean seasons i.e. monsoons and winter there is no shortage of raw materials.

Our company has 18.66 hectare of leasehold land under its name, and which is used for the purpose of harvesting of raw salt. In additions to harvesting of raw salts in the 18.66 Hectare of lease hold land owned by our company, (6) promoters of our company also have leasehold rights to harvest raw salts on 84.65 Hectare of salt land. Our company has done exclusive MOUs with our promoters to supply entire harvesting of raw salts in their lands to our company at market price so as to ensure adequate and regular supply of raw salts for refinery. The raw salt procured from promoters owned lands and owned land is around 23% and 2% of our annual requirements for the fiscal year 2023. In additions to supply of raw salts from own lands and promoter's firms, our company purchases around 75% of its requirements of raw salts from open market purchases.

Further refining of raw salts into Free Flow Iodized Salt, Half Dry Salt and double fortified salts leads to process loss of quantity of raw salt in the form of handling and stocking of raw salt due to moisture loss, washing and cleaning of raw salt while refining process and salt fumes. During the period reported in this DRHP our company has reported process loss of 25.86%, 24.30% and 20.48% for period ending on March 31, 2023, 2022 and 2021.

REFINING PROCESS

The process of refining of raw salts of our company is outlined below:

Process flow of refinery

Firstly, the raw salt is dumped into the hopper and then carried forward with the help of a belt conveyor. Then the raw material is mixed with brine and further crushed in a wet mill. Thereafter, it is sent in the elutriation tank in which it is washed. Then it is further washed in the agitator tank and

pumped to thickener tank where the slurry gets thickened. Then the crushed salt is washed in three different tanks and in three different ways. This process is the triple refined process of salt. It is then further sent to centrifuge machine which separates water and salt. This is done by rotating the fluid at a high speed, thereby separating the salt particles from the water.

Then the separated particles are mixed with anticaking agent, potassium ferrocyanide and with the help of a screw conveyor it is transferred to a lumb crusher which is placed above the fluid-based dryer. The job of the lumb crusher is to evenly spread the salt particles in the dryer. Then the heat exchanger blows the hot air in the dryer at a temperature of 220°-230°C. As heat is applied, the moisture content is reduced and the salt becomes free flow. Then the bucket elevator carries it further to vibro that segregates uneven salt particles and pin mill crushes that uneven particle into even particles. The process is repeated till the particles are made of even size and then the screw conveyor transfers it to Iodine solution tank in which iodine is mixed in the salt. Thereafter is it send to storage cyclo and then the final product is ready. The sample is then tested in the lab for quality check and inspection. If the samples pass all the quality parameters specified, the product is then further send for its packaging. It is then packed in the in the packaging bags of half kg, one kg and fifty kg or more as per the demand and requirements of the dealer and per the category of the salt whether it for edible use or industrial use. After being packed, it is then dispatched to various customers and dealers.

Maintaining a high standard of quality of our products and adhering to client specifications is critical for continued growth. Across our refining facility, we have implemented statistical process control and quality assurance techniques to ensure consistent quality, efficiency and safety of the products. As part of our quality control process, we monitor all stages of refining process. We have implemented checks and testing systems, from the procurement of raw materials to the final product, to ensure the quality of our products and to ensure that the products that we deliver do not deviate from our customers' specifications.

CAPACITY UTILIZATION

Our company has received approval from the Salt Commissioner, Govt of India for the refining of salt of 3,60,000 MT of salt in a year (including 64,800 MT for Double Fortified Salt) for Unit-I and 1,08,000 MT of salt in a year for our unit-II. Currently, our infrastructure has the installed capacity of 2,50,000 MT PA for Unit-I and 60,000 MT PA for Unit-II. Installed capacity and capacity utilization is as under:

S. No.	Period	Location	Name of Product	Unit Measurement of Production	Installed Capacity	Actual Production	Capacity Utilization in %

Capacity Utilization for Refined Free Flow Iodized and Refined Half Dry Salt is pursuant to the Certificate dated June 01, 2023 from Narendra Tanwar – N – Associates Chartered Engineer and capacity utilization for Refined Free Flow Industrial and Double Fortified Salt is pursuant to Certificate dated June 19, 2023 from the statutory auditor of our company M/s Arvind R Agarwal & Co. Chartered Accountants.

DETAILS OF OUR BUSINESS LOCATIONS

We currently operate from the following office and refining units:

- **Registered Office / Corporate Office:** Plot No.229-230, Guru Jambheshwar Nagar, Lane No.7 Gandhi Path, Vaishali Nagar, Jaipur, Rajasthan 302021
- **Refining Unit 1:** Khasra No. 546, Mohanpura By pass Road, Nawa city, District Nagaur, Rajasthan 341509
- **Refining Unit 2:** Khasra No. 92, Ward No. 1, Salt Colony Area, Nawa City, Nagaur, Rajasthan 341509
- **Administrative Office:** Khasra No. 546, Mohanpura By pass Road, Nawa city, District Nagaur, Rajasthan 341509

For further details regarding ownership and lease of the above locations, please refer to **“Our Business – Properties”** on page 169.

PLANT AND MACHINERY

Our refinery has modern and latest technology machines for production and testing. We have constantly invested and upgraded our equipment which has aided us in providing best quality output for our clients.

The existing owned plant and machinery are as follows:

UTILITIES AND INFRASTRUCTURE FACILITIES

POWER

Our Company requires power for the efficient working and timely production of our production unit. The power requirement of the office is for lighting, systems, equipments and machines for running etc. Adequate power is available which is met through the electric supply by respective area electricity Board with a capacity of 620 KVA and our Company have installed transformer of 1000 KVA. Our Company has also installed two DG sets of 380 KVA and 500 KVA for power backup. We have also installed solar panels of 502 KW at our unit which assists in the supply of electricity.

WATER

Water is required for domestic as well as for refining purposes. The company meets its fresh water requirement for its refining unit and domestic purpose through water tankers.

LOGISTICS

Transportation is key element in our business operations. Raw material is bought to our refinery from third party transport suppliers. Similarly, our finished are transported to various destinations in India either via rail network for bulk orders and other orders are transported via third party logistics providers. Our facility is equipped with a stockyard, enabling smooth functioning of our operations. We do not have any contractual arrangements or agreements with third-party transportation and logistics providers and engage their services, as and when required.

SALES AND MARKETING SETUP

Our business is predominantly conducted on a business-to-business basis and our focus is on maintaining constant contact with customers and to ensure timely delivery. Our sales and marketing activities for our products are carried out by our sales and marketing personnel, who are responsible for taking new orders, quoting rates and understanding the needs of our customers.

Marketing is an important function of any organization and our company is no exception to it. We have deployed a team of efficient marketing professionals for the marketing and promotion of our products. We have some reputed companies in this industry as our customers. Our success lies in the strength of our relationship with our customers who have been associated with our Company for a long period. Our sales personnel through their vast experience and good connections with the clients owing to timely delivery of quality and safe products play an instrumental role in creating and expanding the work platform for our company. To retain our customers, our promoters regularly interact with them and focuses on gaining an insight into the additional needs of such customers. We have spread our presence to domestic markets with large sales potential, low infrastructure costs and the availability of professional expertise. We have experienced & skill management team to motivate the sub-ordinates & staff to step towards their achievements & organizational goals. With their efficient management skills & co-ordination with sub-ordinate, they are always working as a catalyst to encourage the entire team for the development & nourishment of the organization.

Regular interaction is ensured not only to maintain the client base but also to gain insight into the design and specification needs of our diverse clientele. With large sales potential, year-round production, high demand of our products, streamlined refining process, raw material proximity, some extent of backward integration and availability of professional & technical expertise of our promoters, we plan to grow geographically in the foreseeable period of time.

Looking into this aspect, our marketing strategy is framed in the following way:

- focusing on the customers
- making the effort to become a preferred supplier.
- interacting with customers at multiple levels.
- Focusing on the development of “adjacent” products, markets, and applications.

We also have an effective feedback procedure in place for our clients regarding our products which help us in improving and maintaining the efficiency of our products and achieving desired level of customer satisfaction.

COMPETITION

Our competition varies by market, geographic area and type of product. As a result, to remain competitive in our markets, we must continuously strive to reduce our costs of production, transportation and distribution and improve our operating efficiencies. We compete primarily on the

basis of product quality, technology, cost, delivery and service, as well as quality and depth of senior level relationships.

The industry in which we operate is unorganized and fragmented with many small and medium-sized companies. Salt industry being a global industry, we face competition from various domestic and international players. We compete with other traders on the basis of service quality, price and reliability. The scale and scope of our operations allow us to meet our customers' requirements better than other suppliers. Due to industry's fragmented nature, there is no authentic data available to our Company on total industry size and markets share of our Company vis-a-vis the competitors.

The principal elements of competition in our industry are quality, technical ability, performance record, sustainable relationship with existing clients and vendors, use of technically upgraded plant and machinery, timely delivery and reliability. We compete against our competitors by establishing ourselves as knowledge-based production unit with industry expertise in the segment which enables us to provide our clients with quality products. However, price is the deciding factor in most cases.

COLLABORATION

There is no collaboration as on the date of filing of the Prospectus.

MAJOR CUSTOMERS AND SUPPLIERS

We majorly procure our raw materials and sell our products to various dealers / wholesalers. The following is the breakup of top five and top ten customers and suppliers of our Company for the year ended on March 31, 2023:

(Amount In Lakhs)

Particulars	Customers		Suppliers

HUMAN RESOURCES

Our employees are key contributors to our business success. We focus on attracting and retaining the best possible talent. Our company looks for specific skill-sets, interests and background that would be an asset for our business.

As on **June 20, 2023**, we had 314 employees (i.e., 31 Regular, 231 Contractual and 52 Temporary Employees) which include Accounts & Finance, Compliance, Maintenance, Marketing & Logistics, Production & Operations, Quality, Top Level Management and Permanent Labour. We seek to maintain a culture of innovation by empowering our employees at all levels of our organization. Our success depends upon our ability to attract, develop, motivate and retain highly-skilled and multi-dimensional team members. Our people management strategy is based on four key components: recruiting, training and development, compensation and retention.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, please see the section titled “Government and Statutory Approvals” on page 284.

A. STATUTORY AND COMMERCIAL LAWS

The Companies Act, 2013 & Companies Act, 1956

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Companies Act, 2013 received the assent of President of India on 29th August 2013. At present, almost all the provisions of this law have been made effective except few to which extend the Companies Act, 1956 is still applicable. The Ministry of Corporate Affairs has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013. The Companies Act primarily regulates the formation, financing, functioning and winding up of companies. The Companies Act, 2013 prescribes regulatory mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies.

Indian Contract Act, 1872

The Indian Contract Act, 1872 (“**Contract Act**”) codifies the way in which a contract is entered, executed and implemented and implications of breach of a contract. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced, as amended from time to time. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them. Each contract creates some right and duties upon the contracting parties. The Contract Act deals with the enforcement of these rights and duties upon the parties. The Contract Act also lays down provisions of indemnity, guarantee, bailment and agency. Provisions relating to sale of goods and partnership which were originally in the Act are now subject matter of separate enactments viz., the Sale of Goods Act, 1930 and the Indian Partnership Act 1932. The objective of the Contract Act is to ensure that the rights and obligations arising out of a contract are honoured and that legal remedies are made available to those who are affected.

Competition Act, 2002

The Competition Act, 2002 (“**Competition Act**”) prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (“**CCI**”) as the authority under the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on 4th March, 2011 and came into effect on 1st June, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as individuals and group.

The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India. Effective from 1st June, 2011, all combinations have to be notified to the CCI within thirty (30) days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and Section 5(b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Consumer Protection Act, 2019

The Consumer Protection Act, 2019 (“**Consumer Act**”), has repealed Consumer Protection Act, 1986 and provides for the protection of interest of the consumers and the settlement of disputes raised by the consumers. The provisions of the Consumer Protection Act, 2019 have been made effective *vide* notification no. F. No. J-9/1/2020-CPU dated July 23, 2020 and notification no. F. No. J-9/1/2020-CPU dated July 15, 2020 as issued by the Central Government. The Consumer Act sets out a mechanism for consumers to file complaints against, *inter alia*, service providers in cases of deficiencies in services, unfair or restrictive trade practices and excessive pricing. A three-tier consumer grievance redressal mechanism has been implemented pursuant to the Consumer Act, at the national, state and district levels. Further, the Consumer Act established a Central Consumer Protection Authority to promote, enforce and protect the rights of consumers. If the allegations specified in a complaint about the services provided are proved, the service provider can be directed to *inter alia* remove the deficiencies in the services in question, return to the complainant the charges paid by the complainant and pay compensation, including punitive damages, for any loss or injury suffered by the consumer. Non-compliance with the orders of the authorities may attract criminal penalties in the form of fines and/or imprisonment.

Legal Metrology Act, 2009 and the Legal Metrology (Packaged Commodities) Rules, 2011

The Legal Metrology Act, 2009 (“**LM Act**”) seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number. The LM Act and rules framed thereunder regulate, *inter alia*, the labelling and packaging of commodities, verification of weights and measures used, and lists penalties for offences and compounding of offences under it. The Controller of Legal Metrology Department is the competent authority to grant the license under the LM Act. Any manufacturer dealing instruments for weights and measuring of goods must procure a license from the state department under the LM Act.

The Legal Metrology (Packaged Commodities) Rules, 2011 (“**Packaged Commodities Rules**”) were framed under Section 52(2) (j) and (q) of the LM Act and lay down specific provisions applicable to packages intended for retail sale, wholesale and for export and import. A “pre –packaged commodity” means a commodity which without the purchaser being present is placed in a package of a pre-determined quantity. The key provisions of the Packaged Commodities Rules provide that it is illegal to manufacture, pack, sell, import, distribute, deliver, offer, expose or possess for sale any pre-packaged commodity unless the package is in such standard quantities or number and bears thereon such declarations and particulars as prescribed. Further, all pre-packaged commodities must conform to the declarations provided thereon as per the requirement of Section 18(1) of the LM Act and no pre-packaged commodity shall be packed with error in net quantity beyond the limit prescribed in the first schedule of the Packaged Commodity

Rules. The Packaged Commodity Rules were amended in the year 2017 to increase protection granted to consumers. Some recent additions include increased visibility of retail price, removal of dual maximum retail price and bringing e-commerce within the ambit of these rules.

Food Safety and Standards Act, 2006 (“FSSA”)

The FSSA was enacted on August 23, 2006 with a view to consolidate the laws relating to food and to establish the Food Safety and Standards Authority of India (the “**Food Authority**”) for setting out scientific standards for articles of food and to regulate their manufacture, storage, distribution, sale and import to ensure availability of safe and wholesome food for human consumption. The Food Authority is required to provide scientific advice and technical support to the Government of India and the state governments in framing the policy and rules relating to food safety and nutrition. The FSSA also sets out requirements for licensing and registering food businesses, general principles for food safety, and responsibilities of the food business operator and liability of manufacturers and sellers, and adjudication by ‘Food Safety Appellate Tribunal’.

In exercise of powers under the FSSA, the Food Authority has framed the Food Safety and Standards Rules, 2011 (“**FSSR**”) as notified in the Gazette of India dated May 5, 2011 and operative since August 5, 2011. The FSSR provides the procedure for registration and licensing process for food business and lays down detailed standards for various food products. The FSSR also sets out the enforcement structure of ‘commissioner of food safety’, ‘the food safety officer’ and ‘the food analyst’ and procedures of taking extracts, seizure, sampling and analysis. The FSSA lays down penalties for various offences (including recall procedures). The Food Authority has also framed other food safety and standards regulations like Food Safety and Standards (Licensing and Registration of Food Businesses) Regulations, 2011, Food Safety and Standards (Packaging) Regulations, 2018 etc.

The Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016 (“**BIS Act**”) has been brought into force with effect from October 12, 2017, repealing and replacing the Bureau of Indian Standards Act, 1986. The BIS Act establishes Bureau of Indian Standards (“**BIS**”) as the National Standards Body of India. The BIS Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. The BIS Act also allows multiple type of simplified conformity assessment schemes including self-declaration of conformity against a standard which will give simplified options to manufacturers to adhere to the standards and get certificate of conformity. Further, the BIS Act also provides for repair or recall, including product liability of the products bearing a standard mark but not conforming to the relevant Indian Standard.

B. LAWS RELATING TO LABOUR AND EMPLOYMENT

Employees State Insurance Act, 1948

Employees State Insurance Act, 1948 (“**ESI Act**”) as amended, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

Employees Provident Fund and Miscellaneous Provisions Act, 1952 and the schemes formulated there under

This Employees Provident Fund and Miscellaneous Provisions Act, 1952 (“**EPF Act**”) provides for the institution of provident funds, family pension funds and deposit linked insurance fund for the employees in the factories and other establishments. Accordingly, the following schemes are formulated for the benefit of such employees:

- (i) **The Employees Provident Fund Scheme, 1952:** As per this scheme, a provident fund is constituted and both the employees and employer contribute to the fund at the rate of 12% (or 10% in certain cases) of the basic wages, dearness allowance and retaining allowance, if any, payable to employees per month.
- (ii) **The Employees’ Pension Scheme, 1995:** Employees’ Pension Scheme is a pension scheme for survivors, old aged and disabled persons. This scheme derives its financial resource by partial diversion from the provident fund contribution, the rate being 8.33%. Thus, a part of contribution representing 8.33% of the employee’s pay shall be remitted by the employer to the employees’ pension fund within fifteen (15) days of the close of every month by a separate bank draft or cheque on account of the employees’ pension fund contribution in such manner as may be specified in this behalf by the appropriate authority constituted under the EPF Act.
- (iii) **The Employees Deposit Linked Insurance Scheme, 1976:** As per this scheme, the contribution by the employer shall be remitted by him together with administrative charges at such rate as the Central Government may fix from time to time under Section 6C (4) of the EPF Act, to the insurance fund within fifteen (15) days of the close of every month by a separate bank draft or cheque or by remittance in cash in such manner as may be specified in this behalf by the appropriate authority constituted under the EPF Act.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act**”)**

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“**SHWW Act**”) provides for the protection of women at work place and prevention of sexual harassment at work place. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e., a written complaint is to be made within a period of three (3) months from the date of the last incident. If the establishment has less than ten (10) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs.50,000/- (Rupees Fifty Thousand Only).

Shops and Establishment Laws

The shops and establishment laws govern a company in the states where it has offices/ godowns/ shops. It regulates the conditions of work and employment in shops and commercial

establishments and generally prescribes obligations in respect of registration, opening and closing hours, daily and weekly working hours, health and safety measures, and wages for overtime work. The state law relevant to the Company are the Shops and Commercial Establishments laws as applicable in the state of Rajasthan.

Factories Act, 1948

The Factories Act, 1948 ("**Factories Act**") consolidates the law relating to labour in factories. The main objective of the Factories Act is to regulate the working conditions in factories, to regulate health, safety welfare, and annual leave and enact special provision in respect of young persons, women and children who work in the factories. Any factory which fulfils the criteria given in the Factories Act is required to obtain a registration under the Factories Act. Under the Factories Act, the State Government may make rules mandating approval for proposed factories and requiring licensing and registration of factories.

The Payment of Wages Act, 1936

The Payment of Wages Act applies to the persons employed in the factories and to persons employed in industrial or other establishments, either directly or indirectly through a sub-contractor, where the monthly wages payable to such persons is less than Rs. 24,000/-. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

In order to rationalize and reform all labour laws in India, the Indian Government has notified four labour codes which are yet to come into force as on the date of this Prospectus, which are as follows:

(a) The Code on Social Security, 2020*

The Code on Social Security, 2020 has been passed by both the houses of parliament and has received the assent of the President on September 28, 2020. However, the Code on Social Security will be in force from such date the Central Government by notification may appoint and is yet to be notified. The said Code will subsume various social security, retirement and employee benefit laws like ESI Act, EPF Act, Maternity Benefit Act, Payment of Gratuity Act, etc.

(b) The Code on Wages, 2019*

The Ministry of Law and Justice, Government of India has enacted the Code on Wages, 2019 ("**Wage Code**") on August 8, 2019, which seeks to amend and consolidate the laws relating to wages and bonus and matters connected therewith or incidental thereto. The Wage Code will be in force from such date the Central Government by notification may appoint and is yet to be notified. The Wage Code subsumes the provisions of the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.

(c) Industrial Relations Code, 2020

The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The provisions of this code will be brought into force on a date to be notified by the appropriate government.

(d) Occupational Safety, Health and Working Conditions Code, 2020*

The Ministry of Law and Justice, Government of India has published the Occupational Safety, Health and Working Conditions Code, 2020 (“**OSH Code**”) on 29th September, 2020 and the same will be in force from such date the Central Government by notification may appoint. However, the same has not been notified yet, The OSH Code aims to consolidate and amend the laws regulating the occupational safety, health and working conditions of the persons employed in an establishment and for matters connected therewith or incidental thereto. The OSH Code has subsumed several key pieces of legislation on the working conditions of labour and consolidated it into one comprehensive act, including, inter alia, the Contract Labour (Regulation and Abolition) Act, 1970, the Factories Act, 1948, etc.

** These codes shall become effective on the day that the Government shall notify for this purpose.*

C. ENVIRONMENTAL LAWS

Environment Protection Act, 1986 and Environment Protection Rules, 1986

The purpose of the Environment Protection Act, 1986 (“**EPA**”) is to act as an umbrella legislation providing a framework for Central Government to co-ordinate of environment protection activities of various central and state authorities. The said Act prohibits person carrying on business, operations, process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed by the Government in this regard.

Further, the Environment Protection Rules, 1986 (“**EP Rules**”) specify, inter alia, the standards for emission or discharge of environmental pollutants, restrictions on the location of industries and restrictions on the handling of hazardous substances in different areas. For contravention of any of the provisions of the EPA or the EP Rules framed thereunder, the punishment includes either imprisonment or fine or both.

Water (Prevention & Control of Pollution) Act, 1974

The Water (Prevention & Control of Pollution) Act, 1974 (“**Water Act**”) provides for the prevention and control of water pollution and the maintaining or restoring of wholesomeness of water, for the establishment, with a view to carrying out the purposes aforesaid, of Boards for the prevention and control of water pollution, for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith. Under the provisions of Water Act, an entrepreneur running or establishing any industry or process, and discharging effluent/emitting pollutants into any water resources or on land/air and polluting thereby the environmental water/air is required to obtain consent.

Air (Prevention & Control of Pollution) Act, 1981

The Air (Prevention & Control of Pollution) Act, 1981 (“**Air Act**”) provide for the prevention, control and abatement of air pollution, for the establishment, with a view to carrying out the aforesaid purposes, of Boards, for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith. Under the provisions of Air Act, an entrepreneur running or establishing any industry or process, and discharging effluent/emitting pollutants into air and polluting thereby the environmental air is required to obtain consent.

The Income Tax Act, 1961

The Income Tax Act, 1961 (“**Tax Act**”) deals with taxation of individuals, corporate, partnership firms and others. As per the provisions of the Tax Act, the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of books of accounts and relevant supporting documents and registers are mandatory under the Tax Act. Filing of returns of income is compulsory for all assesses. The maintenance of books of accounts and relevant supporting documents and registers are mandatory under the Tax Act.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e., bringing into India from a place outside India or at the time of export of goods i.e., taken out of India to a place outside India. Any Company desirous of importing or exporting any goods is first required to get it registered and obtain an IEC (Importer Exporter Code).

Rajasthan Municipalities Act, 2009 and Rajasthan Municipalities (Urban Development Tax) Rules, 2016

The Rajasthan Municipalities (Urban Development Tax) Rules, 2016 (“**UD Tax Rules**”) have been framed under Section 337 of the Rajasthan Municipalities Act, 2009. Rule 3 of the UD Tax Rules gives power to every municipality to collect tax from the person primarily liable to pay the tax, on lands and buildings situated in the municipal limits at such rate and from such date as may be specified in the notification issued by the State Government, from time to time. The UD Tax Rules read with notification of the Self-Governance Department of Government of Rajasthan dated 24th August 2016 provide that every industrial establishment of an area measuring more than 300 square yards is required to pay the urban development tax to urban local bodies constituted under the respective jurisdiction.

E. INTELLECTUAL PROPERTY LAWS

The Trade Marks Act, 1999

The Trade Marks Act, 1999 (“**TM Act**”) provides for the process for making an application and obtaining registration of trademarks in India. The purpose of the TM Act is to grant exclusive rights to marks such as a brand, label, heading and to obtain relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks.

F. FOREIGN INVESTMENT REGULATIONS

Foreign Investment Regulations

In terms of the Consolidated FDI Policy, 2020, issued by the Department for Promotion of Industry and Internal Trade (formerly, Departmental of Industrial Policy and Promotion), 100% foreign investment is permitted under automatic route in the manufacturing sector.

The Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992, provides for the development and regulation of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto.

Foreign Exchange Management Act, 1999 and rules and regulations framed thereunder

Foreign investment in India is governed primarily by the provisions of the Foreign Exchange Management Act, 1999 (“**FEMA**”) which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations (*as defined hereunder*), no prior consents and approvals are required from the RBI, for foreign direct investment (“**FDI**”) under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 vide notification F.No. 1/14/EM/2015 dated October 17, 2019 (“**FEMA Regulations**”) which governs transfer by or issue security to a person resident outside India. FEMA Regulations repealed the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 and Foreign Exchange Management (Acquisition and Transfer of Immovable Property in India) Regulations, 2018.

Foreign Direct Investment Policy, 2020

With the intent and objective of the Government of India to attract and promote foreign direct investment in order to supplement domestic capital, technology and skills, for accelerated economic growth. The Government of India has put in place a policy framework on Foreign Direct Investment, which is transparent, predictable and easily comprehensible. This framework is embodied in the Circular on Consolidated FDI Policy, which may be updated every year, to capture and keep pace with the regulatory changes, effected in the interregnum. The Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through press notes/press releases which are notified by the RBI as amendments to the Foreign Exchange Management (Transfer or Issue of Security by Persons Resident Outside India) Regulations, 2000. These notifications take effect from the date of issue of press notes/ press releases, unless specified otherwise therein. In case of any conflict, the relevant FEMA Notification will prevail. The procedural instructions are issued by the RBI *vide* A.P. (DIR Series) Circulars. The regulatory framework, over a period of time, thus, consists of Acts, Regulations, Press Notes, Press Releases, Clarifications, etc.

B. Significant Accounting Policies

(i) Basis of preparation:

The summary statement of restated assets and liabilities of the Company as at 31st March, 2023, 31st March, 2022 and 31st March, 2021 and the related summary statement of restated profit and loss and cash flows for the period ended 31st March, 2023, 31st March, 2022 and 31st March, 2021 (collectively referred to as the "Restated summary financial information") have been prepared specifically for the purpose of inclusion in the offer document to be filed by the Company in connection with the proposed Initial Public Offering (hereinafter referred to as 'IPO').

The restated summary financial information has been prepared by applying necessary adjustments to the financial statements ('financial statements') of the Company. The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the accounting standards specified under section 133 of the Companies Act, 2013, of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) regulations 2009, as amended (the "Regulations"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistently applied.

(ii) Use of estimates:

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and the reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, income taxes, post sales customer support and the useful lives of Property Plant and Equipments and intangible assets.

(iii) Revenue Recognition:

- a) Revenue from sale of goods is recognized when significant risk and rewards of ownership of the goods have been passed to the buyer and it is reasonable to expect ultimate collection. Sale of goods is recognized net of discount and other taxes as the same is recovered from customers and passed on to the government.

- b) Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- c) Other Income: Other items of income and expenditure are recognized on accrual basis and as a going concern the accounting policies are consistent with the generally accepted accounting policies.

(iv) Property, Plant and Equipment including Intangible assets:

Tangible Assets

The tangible items of property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any, using the cost model as prescribed under Accounting Standard, AS-10 "Property, Plant & Equipment". Cost of an item of property, plant and equipment comprises of the purchase price, including import duties, if any, non-refundable purchase taxes, after deducting trade discounts and rebates, and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization/depletion. The cost comprises purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

(v) Depreciation & Amortisation:

The Company has applied the estimated useful lives as specified in Schedule II of the Companies Act 2013 and calculated the depreciation as per the Written Down Value (WDV) method. Depreciation on new assets acquired during the year is provided at the rates applicable from the date of acquisition to the end of the financial year.

Intangible assets are amortized as per the Written Down Value (WDV) method over the estimated useful life as specified in Schedule II of the Companies Act 2013. In respect of the assets sold during the year, amortization is provided from the beginning of the year till the date of its disposal.

(vi) Inventories

Inventories of raw material and consumables are valued at cost and inventories of finished goods are valued at lower of cost and net realizable value. Cost comprises of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is FIFO.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost necessary to make the sale.

(vii) Employee Benefits

(i) Short-term employee benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the statement of Profit and loss for the year which includes benefits like salary, wages, bonus and are recognized as expenses in the period in which the employee renders the related service.

(ii) Post Employment benefits:

Defined Contribution Plan:

The Company has Defined Contribution Plans for Post-employment benefits in the form of Provident Fund for all employees which are administered by Regional Provident Fund Commissioner. Provident Fund and Employee State Insurance are classified as defined contribution plans as the Company has no further obligation beyond making the contributions. The Company's contributions to Defined Contribution plans are charged to the Statement of Profit and Loss as and when incurred.

Defined benefit Plans:

Unfunded Plan the Company has a defined benefit plan for post-employment benefit in the form of Gratuity.

Liability for the above defined benefit plan is provided on the basis of valuation, as at the Balance Sheet date, carried out by an independent actuary. The actuarial method used for measuring the liability is the Projected Unit Credit method.

(viii) Borrowing Cost

Borrowing costs are interest, commitment charges and other costs incurred by an enterprise in connection with Short Term/ Long-Term borrowing of funds. Borrowing cost directly attributable to acquisition or construction of qualifying assets are capitalized as a part of the cost of the assets, up to the date the asset is ready for its intended use. All other borrowing costs are recognized in the Statement of Profit and Loss in the year in which they are incurred.

(ix) Earnings Per Share

The earnings in ascertaining the Company's EPS comprises the net profit after tax attributable to equity shareholders and includes the post-tax effect of any extraordinary items. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit/(loss) after tax attributable to Equity Shareholders (including the post-tax effect of extra ordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period.

(x) Taxation

Tax expense for the year comprising current tax & deferred tax are considered in determining the net profit for the year. Provision is made for current tax and based on tax liability computed in accordance with relevant tax laws applicable to the Company. Provision is made for deferred tax for all timing difference arising between taxable incomes & accounting income at currently enacted or substantively enacted tax rates, as the case may be. Deferred tax assets (other than in situation of unabsorbed depreciation and carry forward losses) are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date. Deferred tax assets, in situation of unabsorbed depreciation and carry forward losses under tax laws are recognized only to the extent that where is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be recognized. Deferred Tax Assets and Deferred Tax Liability are been offset wherever the Company has a legally enforceable right to set off current tax assets against current tax liability and where the Deferred Tax Asset and Deferred Tax Liability relate to Income taxes is levied by the same taxation authority.

(xi) Provisions, Contingent Liabilities and Contingent Assets

1. Provisions

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our **“Restated Financial Statements”** which have been included in this Prospectus. The following discussion and analysis of our financial condition and results of operations is based on our Restated Financial Statements for the Fiscal Years ended on March 31, 2023, 2022, and 2021 including the related notes and reports, included in this Prospectus prepared in accordance with requirements of the Companies Act and restated in accordance with the SEBI Regulations, which differ in certain material respects from IFRS, U.S. GAAP and GAAP in other countries. Our Financial Statements, as restated have been derived from our audited financial statements for the respective years. Accordingly, the degree to which our Restated Financial Statements will provide meaningful information to a prospective investor in countries other than India is entirely dependent on the reader’s level of familiarity with Indian GAAP, Companies Act, SEBI Regulations and other relevant accounting practices in India.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under **“Risk Factors”** and **“Forward Looking Statements”** beginning on pages 32 and 21 respectively, and elsewhere in this Prospectus.

Our Fiscal Year ends on March 31 of each year. Accordingly, all references to a particular Fiscal Year are to the 12 months ended March 31 of that year.

OVERVIEW

Our Company was originally incorporated as “Goyal Salt Private Limited” at Jaipur as a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation dated November 26, 2010, issued by the ROC, Rajasthan bearing Corporate Identification Number U24298RJ2010PTC033409. Subsequently, our Company was converted into a public limited company under the Companies Act, 2013, pursuant to the approval accorded by our Shareholders at their meeting held on April 29, 2023. Consequently, the name of our Company was changed to “Goyal Salt Limited” and a fresh certificate of incorporation consequent upon conversion from a private limited company to a public limited company was issued to our Company by the ROC, Jaipur on May 18, 2023 and Corporate Identification Number is changed as U24298RJ2010PLC033409. The registered office of our company is situated at Plot No. 229-230, Guru Jambheshwar Nagar, Lane No. 7 Gandhi Path, Vaishali Nagar Jaipur 302021.

Our Company is primarily engaged in the business of refining of raw salts procured from sub soil brine in the state of Rajasthan for useable as industrial salts and edible salts. Our company refines and supplies pure, refined and quality range of triple refined free flow iodized salt, industrial salt, double fortified salt and triple refined half dry salt. Our refining process does not involve any adulteration from chemical and harmful substances. We have well equipped refinery at Nawa City, adjacent to famous Sambhar Lake. In addition to refinery, we also have lease rights to harvest raw salt over 18.66 Hectare of land issued by Government of Rajasthan in the vicinity of salt producing area of Nawa City in Rajasthan. Our refinery complex area is situated in Nawa City having total area of 1.45 Hectare of land and have dedicated space for the refining of salts, storage of raw salts procured from sub soil brine and packaging of refined salts. We have a team of well qualified and dedicated technical man power for quality control, production, efficiency, maintenance, research and maintenance, finance and accounting.

SIGNIFICANT MATERIAL DEVELOPMENTS SUBSEQUENT TO THE LAST FINANCIAL YEAR

In the opinion of the Board of Directors of our Company, since the date of the last financial statements disclosed in this Prospectus, there have not arisen any circumstance that materially and adversely affect or are likely to affect the business activities or profitability of our Company or the value of its assets or its ability to pay its material liabilities within the next twelve months except as mentioned below:

1. The Issue has been approved and authorised by the Board of Directors vide a resolution passed in their meeting held on May 18, 2023 and the issue has been approved and authorised by the Shareholders of our Company vide a special resolution passed pursuant to the Companies Act, 2013 at the extraordinary general meeting held on May 22, 2023.
2. Issued bonus shares of 21,66,375 equity shares having a face value of Rs. 10/- each in the ratio of 1:5 i.e., one equity share will be issued for every 5 equity shares held by the shareholder dated July 12, 2023.

KEY FACTORS THAT MAY AFFECT OUR RESULTS OF OPERATION

Our results of operations have been, and will be, affected by many factors, some of which are beyond our control. Our results of operations and financial conditions are affected by numerous factors including the following:

Ability to expand the customer base and devise new marketing strategies to create brand awareness thereby increasing the margins on sales.

Customer relationship are the core of our business. Our ability to grow our operations and increase sales depends upon the brand awareness of our products among the end consumers. We expect that our revenue growth will be primarily driven by the pace of adoption of our products by the end consumers. This will drive demand for our products by the end consumers from switching from their regular brand to our brand.

Our product mix comprises of edible salt fit for human consumption and industrial salt which has multiple application in chemical industry, pharma industry, refrigeration industry and ice cream industry etc. The sales to our industrial customers depend upon various factors such as price, quality and growth of their respective industry.

We believe we have substantial opportunity to grow our customer base. We have invested, and intend to continue to invest, in order to drive sales to new customers. In particular, we have made, and plan to continue to make, investments to enhance the expertise of our sales and marketing segment. Our business from existing customers has steadily grown and contributed a significant portion of our revenue. We believe that our ability to establish and strengthen customer relationships and expand the scope of our products and services will be an important factor in our future growth and our ability to continue increasing our profitability.

Leveraging on our present portfolio of customers and expertise in the verticals of our existing customers we aim to develop new customer relationships by identifying potential customers that operate within the same verticals as our existing customers. In addition, if we can generate healthy demand for our products, we may be able to increase our price, which would consequently lead to an increase in our revenues and profit margins. Conversely, if we are unable to provide products to our customers, either at all or at an acceptable price, or if our customers are dissatisfied with our product for any other reason, it would have an adverse effect on our revenues and our profits.

Cost of materials consumed

Our ability to remain competitive and profitable depends on our ability to source and maintain a stable and sufficient supply of raw materials at cost effective prices. Prices of raw salt have increased which has had a significant impact on our gross margins. We depend on external suppliers for our materials which is around 75% and from our promoter firms which is around 23%, the rest 2% of the raw salt is produced in the salt pans that are held in the name of our company.

As a result, the success of our business is significantly dependent on maintaining good relationships with suppliers. For further information on procurement of our raw materials, see ***“Our Business – Raw Materials”***.

Pricing and margin on our products and revenue mix

The rates we charge for our products are a key factor impacting our gross profit margins and profitability. These vary by the process undertaken to refine salt. The margin on our products is impacted by the increase in our costs in providing those products, which is influenced by purchase price of raw salt and other factors. As customer relationship matures and deepens, we seek to maximize our revenues and profitability by expanding the scope of products offered to that customer and winning higher profit margin. Further we intend to become a preferred supplier for our dealers to enhance the distribution reach of our products and thereby increasing our revenue.

Increasing competition in the industry

The market for manufacturing and trading of salt that we operate in is highly competitive, and we expect competition to persist and intensify. We believe that the principal competitive factors in our markets are reputation and track record, quality of the products offered, marketing and selling skills, ability to address customer’s timing requirements and price. Success of our operations depends on our ability to effectively compete by continuing to differentiate our brand and products from our competitors by maintaining our brand perception centered around quality which is at par with top producers and sellers of salt in the country. Further, to ensure higher volume of sales we follow price below competition strategy wherein we provide salt with quality equivalent to top manufacturers and sellers of salt in the country at prices below the market price.

Seasonality in production

Our success depends on the quantity of raw salt we refine. For ensuring continuous production of salt, we require continuous and regular supply of raw salt which we can refine and sell to our consumers. As our refinery is suitable for refining salt procured from lake brine and sub soil brine, the availability of such is dependent upon nature which is beyond our control such as reliance on rainfall, air humidity, temperature, land, sunlight and wind speed. To compensate for the seasonality, we stock inventory, while our fixed costs such as lease rentals, employee salaries, logistics related expenses which form a significant portion of cost remain relatively constant throughout the year.

Consequently, lower than expected production during the quarters which get affected due to climate changes can have a disproportionate impact on our operating results for the year and could impair our cash flows. The effect of seasonality is expected to decrease with greater geographical diversification.

Reliance on relatively few products

Majority of our revenues are derived from concentrated products portfolio. Our principal products are Refined free flow industrial salt, Refined free flow edible salt, Double fortified salt and refined half

dry salt. Our sales comprise of Business-to-business (B2B) which are at prevailing market price and to Institutional buyers which are undertaken at fixed price irrespective of the impact of the fluctuations in price. However, in the event that our customers do not renew or otherwise agree to new fixed sales contracts, but instead rely on purchase orders to govern the volume and other terms of sales of products, or there is any failure to retain such customers on terms that are commercially viable, or there is any decrease in orders from a major customer or a significant portion of our customers for our products, or there are any defaults or delays in payments by a major customer or a significant portion of our customers, our business, financial condition and results of operations could be materially and adversely affected.

Changes in fiscal, economic or political conditions in India

We are incorporated in India and we conduct our corporate affairs and our business from India. Consequently, our business operations, financial performance and the market price of our Equity Shares are affected by interest rates, government policies, taxation, social and other political and economic developments affecting India.

One setback that salt industry faces is that salt is not considered an agricultural produce and therefore salt farmers are not protected by Minimum Support Mechanism (MSP).

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy or certain regions in India, could adversely affect our business, results of operations and financial condition along with the price of the Equity Shares.

For more information on these and other factors / development which have or may affect us, please refer to chapters titled *"Risk Factors"*, *"Our Industry"* and *"Our Business"* beginning on page 32, 128 and 149 respectively.

KEY PERFORMANCE INDICATORS AND CERTAIN NON-GAAP MEASURES

In evaluating our business, we consider and use certain non-GAAP financial measures and key performance indicators that are presented below as supplemental measures to review and assess our operating performance. The presentation of these non-GAAP financial measures and key performance indicators are not intended to be considered in isolation or as a substitute for the Restated Financial Information. We present these non-GAAP financial measures and key performance indicators because they are used by our management to evaluate our operating performance. These non-GAAP financial measures are not defined under Ind AS and are not presented in accordance with Ind AS. The non-GAAP financial measures and key performance indicators have limitations as analytical tools. Further, these non-GAAP financial measures and key performance indicators may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore, these matrices should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity, profitability or results of operation.

EBITDA and EBITDA Margin

EBITDA is defined as our profit/loss before tax, finance cost, depreciation and amortization. Profit/loss before tax margin is defined as profit/loss before tax divided by revenue from operations. EBITDA margin is defined as our EBITDA as a percentage of revenue from operations.

The following table reconciles our profit/loss before tax (an AS financial measure) to EBITDA for the years indicated:

CHANGES IN ACCOUNTING POLICIES IN LAST THREE YEARS

There is no change in accounting policy in the last 3 years except for the provision of gratuity on an actuarial basis. For further details, please refer chapter titled **“Financial Statements as Restated”** beginning on page 215.

COMPARISON OF FINANCIAL YEAR ENDED MARCH 31,2023 WITH FINANCIAL YEAR ENDED MARCH 31,2022 BASED ON RESTATED FINANCIAL STATEMENTS.

Total Revenue

<i>(Amount in Lakhs)</i>		
2022-23	2021-22	Variance in %
11,770.68	6,615.00	77.94

Our total revenue has increased by 77.94% to Rs. 11,770.68 Lakhs for fiscal year 2022-23 from Rs. 6,615 Lakhs for fiscal year 2021-22 bifurcated into revenue from operations and other income.

Revenue from Operations

<i>(Amount in Lakhs)</i>		
2022-23	2021-22	Variance in %
11,764.19	6,611.09	77.95

Revenue from operations has increased by 77.95% to Rs. 11,764.19 Lakhs for fiscal year 2022-23 from Rs. 6,611.09 Lakhs for the fiscal year 2021-22. This is driven by the award of three government contracts for supply of salt namely (1) The government of Uttar Pradesh, (2) The government of Madhya Pradesh and (3) The government of Jharkhand. The additional turnover generated from sales of these three governments in FY 22-23 is Rs. 3,966.58 Lakhs. In addition to the raise in turnover due to additional sales there were also increase in the price of our finish products which contributed to increase in turnover.

Other Income

<i>(Amount in Lakhs)</i>		
2022-23	2021-22	Variance in %
6.49	3.91	65.98

During the year 2022-23, the other income of our company has increased to Rs. 6.49 Lakhs from Rs. 3.91 Lakhs in 2021-22, representing an increase by 65.98%. This was majorly due to rebate and discount, interest on FDR and insurance claim received.

QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations and our access to funds.

Liquidity Risk

Liquidity risk is the risk that will encounter difficulties in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure to the extent possible, that we will have sufficient liquidity to meet our liabilities when they are due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We manage liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Effect of Inflation

We are affected by inflation as it has an impact on the raw material cost, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

Reservations, qualifications and adverse remarks

Except as disclosed in chapter titled ***“Financial Statements as Restated”*** beginning on page 215, there have been no reservations, qualifications and adverse remarks.

Details of default, if any, including therein the amount involved, duration of default and present status, in repayment of statutory dues or repayment of debentures or repayment of deposits or repayment of loans from any bank or financial institution.

Except as disclosed in chapter titled ***“Financial Statements as Restated”*** beginning on page 215, there have been no defaults in payment of statutory dues or repayment of debentures and interest thereon

or repayment of deposits and interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

Material Frauds

There are no material frauds, as reported by our statutory auditor, committed against our Company, in the last three Fiscals.

Unusual or infrequent events or transactions

Except as described in this Prospectus, during the years under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

Significant economic changes that materially affected or are likely to affect income from continuing operations.

Indian rules and regulations as well as the overall growth of Indian economy have a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

Other than as described in the section titled **“Risk Factors”** beginning on page 32 to our knowledge there are no significant economic changes that materially affects or are likely to affect income of our Company from continuing operations.

Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.

Other than as disclosed in the section titled **“Risk Factors”** beginning on page 32 to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future changes in relationship between costs and revenues

Other than as described in chapter titled **“Risk Factors”** beginning on page 32 and in this section, to our knowledge there are no known factors that might affect the future relationship between cost and revenue. Our Company’s future costs and revenues will be determined by demand/ supply situation, government policies, global market situation and prices of our material.

The extent to which material increases in net sales or revenue are due to better content quality and increase in number of users.

Increase in revenue is by and large linked to increases in volume of business activity by the Company.

Status of any publicly announced new products / projects or business segments

Our Company has not announced any new projects or business segments, other than disclosed in the Prospectus. For details of our new projects or business segments please refer to the chapter titled **“Our Business”** beginning on page 149.

Increase in income

Increases in our income are due to the factors described above in this chapter under **“Key Factors that may Affect Our Results of Operation”** and chapter titled **“Risk Factors”** beginning on page 252 and 32.

The extent to which the business is seasonal

Our Company’s business is not seasonal in nature, but the availability of our principle raw material is seasonal.

Competitive Conditions

We face competition from existing and potential organized and unorganized competitors which is common for any business. We have, over a period of time, developed certain competitive strengths which have been discussed in section titled "***Our Business***" beginning on page 149.

FINANCIAL INDEBTEDNESS

Our Company has entered into financing arrangements with various banks in the ordinary course of business, including borrowings in the form of term loans and other working capital facilities to meet working capital requirements. For details of the borrowing powers of our Board, see **“Our Management- Borrowing Powers of our Board”** on page 189.

Our Company has obtained the necessary consents required under the relevant loan documentation for undertaking activities in relation to the Issue, including effecting a change in our capital structure, change in our shareholding pattern, change in our constitutional documents and change in the composition of our Board held by our Shareholders (including our Promoters) in connection with or post the Issue.

SECTION VII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated below there are no outstanding (i) criminal proceedings involving our Company, Directors, or Promoters (“**Relevant Parties**”); (ii) actions by statutory or regulatory authorities involving the Relevant Parties; (iii) outstanding claims relating to direct and indirect taxes involving the Relevant Parties; and (iv) other pending litigation as determined to be material by our Board pursuant to the Materiality Policy (as disclosed herein below); or (v) litigation involving a group company which has a material impact on our Company. Further, except as stated in this section, there are no disciplinary actions including penalties imposed by SEBI or stock exchanges against our Promoter in the last five Fiscal Years including any outstanding action.

For the purposes of (iv) above in terms of Materiality Policy adopted by a resolution of our Board dated **June 17, 2023**, pending litigation would be considered ‘material’ if the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of Rs. 2,00,000/- (Rupees Two Lakhs Only) and where the amount is not quantifiable, such pending cases are material from the perspective of the Company’s business, operations, prospects or reputation.

For the purposes of the above, pre-litigation notices received by the Relevant Parties from third parties (excluding those notices issued by statutory or regulatory or taxation authorities or notices threatening criminal action) have not and shall not, unless otherwise decided by our Board, be considered material until such time that any of the Relevant Parties is impleaded as a defendant in litigation before any judicial or arbitral forum.

Further, in accordance with the Materiality Policy, our Company has considered such creditors ‘material’ to whom the amount due is equal to or in excess of Rs. 2,00,000/- (Rupees Two Lakhs Only).

Our Company has no subsidiary or group company as of the date of this Prospectus.

Unless stated to the contrary, the information provided below is as of the date of this Prospectus. All terms defined in a particular litigation disclosure below are for that particular litigation only.

- (d). All Equity Shares held by our Promoters are in dematerialized form.
- (e). Our Company has made firm arrangements of finance through verifiable means towards seventy-five per cent (75%) of the stated means of finance for the project (the object for which monies are proposed to be raised to cover the objects of the Issue) proposed to be funded from Issue proceeds, excluding the amount to be raised through the proposed public issue or through existing identifiable internal accruals are not applicable to our Company.
- (f). The amount dedicated for general corporate purposes, as mentioned in "**Objects of the Issue**" on page 101, does not exceed twenty-five per cent (25%) of the amount being raised by the Issuer.
- (g). The amount for general corporate purposes and such objects where our Company has not identified acquisition or investment target, as mentioned in "**Objects of the Issue**" on page 101, does not exceed thirty-five per cent (35%) of the amount being raised by our Company.

We confirm that:

- (a). In accordance with Regulation 246 of the SEBI (ICDR) Regulations, SEBI has not issued any observations on our Draft Red Herring Prospectus. The Red Herring Prospectus and the Prospectus will be filed with the Registrar of Companies, Jaipur. Also, we shall ensure that our Book Running Lead Manager submits the copy of Red Herring Prospectus along with a Due Diligence Certificate as per Form A of Schedule V to SEBI (ICDR) Regulations including additional confirmations as required by SEBI at the time of submission of the Red Herring Prospectus with SEBI in Form G of Schedule V to SEBI (ICDR) Regulations. In accordance with sub-regulation (5) of

Regulation 246 of SEBI (ICDR) Regulations, a soft copy of the Red Herring Prospectus and the Prospectus shall be submitted to SEBI.

- (b). The face value of Equity Shares of Our Company is Rs. 10/- for each Equity Share. As detailed in the chapter "**Capital Structure**" on page 80.
- (c). Price of the Equity Shares is not less than the face value of the Equity Shares. For further details pertaining to pricing of Equity Shares please refer to "**Capital Structure**" on page 80.
- (d). In accordance with Regulation 260 of the SEBI (ICDR) Regulations, this Issue has been hundred percent (100%) underwritten and that the Book Running Lead Manager to the Issue has underwritten more than fifteen per cent (15%) of the total Issue size. For further details pertaining to said underwriting please refer to "**General Information – Underwriting**" on page 76.
- (e). In accordance with Regulation 261 of the SEBI ICDR Regulations, the Book Running Lead Manager will ensure compulsory market making for a minimum period of three (3) years from the date of listing of Equity Shares offered in the Issue. For further details of the market making arrangement see the chapter titled "**General Information**" beginning on page 69.
- (f). In accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the total number of proposed allottees in the Issue is greater than or equal to fifty (50), otherwise, the entire application money will be refunded forthwith. If the Equity Shares are not allotted and/or the application monies are not refunded or unblocked within four (4) days, our Company shall pay interest at the rate of fifteen (15%) per annum from expiry of four (4) days.
- (g). The post-issue paid up capital of our Company will be Rs. 1,790.02 Lakhs. For further information refer to the chapter "**Capital Structure**" beginning on page 80.

MECHANISM FOR INVESTOR GRIEVANCES AND REDRESSAL SYSTEM

The Company has appointed **Bigshare Services Private Limited** as the Registrar to the Issue, to handle the investor grievances in co-ordination with the Compliance Officer of the Company. All grievances relating to the present Issue may be addressed to the Registrar with a copy to the Compliance Officer, giving full details such as name, address of the applicant, UPI ID (if applicable), number of Equity Shares applied for, amount paid on application and name of bank and branch. The Company would monitor the work of the Registrar to ensure that the investor grievances are settled expeditiously and satisfactorily.

The Registrar to the Issue, namely, **Bigshare Services Private Limited**, will handle investor’s grievances pertaining to the Issue. A fortnightly status report of the complaints received and redressed by them would be forwarded to the Company. The Company would also be co-coordinating with the Registrar to the Issue in attending to the grievances to the investor.

All grievances relating to the ASBA process may be addressed to the SCSBs, giving full details such as name, address of the applicant, number of Equity Shares applied for, amount paid on application and the Designated Branch of the SCSB where the Application Form was submitted by the Applicant. We estimate that the average time required by us or the Registrar to the Issue or the SCSBs for the redressal of routine investor grievances will be seven (7) business days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, we will seek to redress these complaints as expeditiously as possible.

Our Company will constitute Stakeholders Relationship Committee in the meeting of our Board of Director(s) before listing of Equity Shares on Stock Exchange. For further details on the Committees, please refer to the section titled “**Our Management**” beginning on page 185.

Our Company has appointed Jayanti Jha as the Company Secretary and Compliance Officer to redress the complaints, if any, of the investors participating in the Issue. Contact details for our Compliance Officer are as follows:

Name: Jayanti Jha Roda

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialized form. As per the SEBI (ICDR) Regulations, 2018 the trading of the Equity Shares shall only be done in dematerialized form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated **July 03, 2023** amongst NSDL, our Company and the Registrar to the Issue; and
- Tripartite Agreement dated **July 03, 2023** amongst CDSL, our Company and the Registrar to the Issue.

Since trading of the Equity Shares is in dematerialized form, the tradable lot is 3000 Equity Shares. Allotment in this Issue will be only in electronic form in multiples of 3000 Equity Share subject to a minimum Allotment of 3000 Equity Shares to the successful bidders in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

EMPLOYEE DISCOUNT

Employee discount, if any, may be offered to Eligible Employees bidding in the Employee Reservation Portion respectively. Eligible Employees bidding in the Employee Reservation Portion respectively at a price within the Price Band can make payment at Bid Amount, that is, Bid Amount net of employee discount, if any, as applicable at the time of making a Bid. Eligible Employees bidding in the Employee Reservation Portion respectively at the Cut-Off Price have to ensure payment at the Cap Price, less employee discount, if any, as applicable, at the time of making a Bid.

MINIMUM NUMBER OF ALLOTTEES

Further in accordance with the Regulation 268 of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of Issue.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Jaipur, Rajasthan, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint tenants with benefits of survivorship.

NOMINATION FACILITY TO INVESTORS

In accordance with Section 72 of the Companies Act, 2013 the sole applicant, or the first applicant along with other joint applicants, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicants, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale / transfer / alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a) To register himself or herself as the holder of the Equity Shares; or
- b) To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the bidder would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

Our Company, in consultation with the Book Running Lead Manager, reserves the right to not proceed with the Issue after the Issue Opening Date but before the allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager through, the Registrar to the Issue, shall notify the SCSBs and the Sponsor Bank to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is registered with the RoC. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an Issue of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only on Business Days. Neither our Company nor the Book Runner Lead Manager is liable for any failure in uploading the Bids due to faults in any software / hardware system or otherwise. Any time mentioned in this Prospectus is Indian Standard Time.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the Face Value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e., the floor price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of any revision to the Price Band, the Bid / Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid / Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and at the terminals of the Syndicate Members.

In case of force majeure, banking strike or similar circumstances, the issuer may, in consultation with the BRLM, for reasons to be recorded in writing, extend the bidding (Issue) period disclosed in the Red Herring Prospectus, for a minimum period of three working days, subject to the Bid / Issue Period not exceeding 10 working days.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Application Forms prior to the Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

MINIMUM SUBSCRIPTION AND UNDERWRITING

This Issue is not restricted to any minimum subscription level and the Issue is 100% underwritten. If the Issuer does not receive the subscription of 100% of the Issue through this Issue document including devolvement of Underwriter within sixty days from the date of closure of the Issue, the issuer shall forthwith refund the entire subscription amount received. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 extended the timeline for implementation of UPI Phase II till March 31, 2020. Moreover, given the prevailing uncertainty due to the COVID- 19 pandemic, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, has decided to continue with the UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“**UPI Phase III**”), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with the circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, circular no. SEBI/HO/CFD/DIL2/ P/CIR/2021/570 dated June 02, 2021, and circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on or after May 1, 2021 except as set out in circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and the provision of this circular are deemed to form part of this Prospectus.

Furthermore, pursuant to circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to Rs. 5,00,000 shall use the UPI Mechanism. This circular has come into force for initial public offers opening on or after May 1, 2022 and the provisions of this circular are deemed to form part of this Prospectus. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/ 2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

The BRLM shall be the nodal entity for any issues arising out of public issuance process. In terms of regulation 23(4), 23(5) and regulation 271 of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, in SEBI Circular. No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, the timelines, processes and compensation policy shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and book running lead manager shall continue to coordinate with intermediaries involved in the said process.

Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this Section and is not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Prospectus.

Further, Our Company and the Book Running Lead Manager are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for Bid in this Issue.

PHASED IMPLEMENTATION OF UPI FOR BIDS BY RETAIL INDIVIDUAL BIDDERS AS PER THE UPI CIRCULAR

SEBI has issued the SEBI UPI circulars in relation to streamlining the process of public issue of, among others, equity shares. Pursuant to the SEBI UPI Circulars, the UPI mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for Bids by UPI Bidders through designated intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment Mechanism, the SEBI UPI Circular have introduced the UPI Mechanism in three phases in the following manner:

- **Phase I:** This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Bidder had the option to submit the ASBA Form with any of the designated intermediaries and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continue to be six Working Days.
- **Phase II:** This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI, vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by UPI Bidders through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.
- **Phase III:** The commencement period of Phase III is yet to be notified by SEBI. In this phase, the time duration from public issue closure to listing would be reduced to three Working Days.

Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Issue.

Pursuant to the SEBI UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the SEBI UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

The Issue will be made under UPI Phase II of the SEBI UPI Circulars, unless UPI Phase III of the SEBI UPI Circulars becomes effective and applicable on or prior to the Bid/ Issue Opening Date. If the Issue is made under UPI Phase III of the SEBI UPI Circulars, the same will be advertised in all editions of Business Standard, English national daily newspaper and all editions of Business Standard, Hindi national daily newspaper and all editions of Business Remedies, Hindi daily newspaper in Jaipur (Hindi also being the regional language of Jaipur, where our Registered and Corporate Office is located), each with wide circulation, on or prior to the Bid/ Issue Opening Date and such advertisement shall also be made available to the Stock Exchanges for the purpose of uploading on their websites.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the UPI Bidders using the UPI Mechanism.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks make an application as prescribed in Annexure I of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Further, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders applying in public issues where the application amount is up to Rs. 500,000 shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

- i) a syndicate member
- ii) a stock broker registered with a recognized stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity) ("**broker**")

¹ Bid cum Application Forms for Anchor Investors shall be available at the offices of the BRLM.

In case of ASBA Forms, the relevant Designated Intermediaries shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. Subsequently, for ASBA Forms (other than UPI Bidders using UPI Mechanism), Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank. Stock Exchanges shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders using the UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to UPI Bidders for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders (Bidding through UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e., the Sponsor Bank, NPCI or the Issuer bank) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank and the Issuer bank. The Sponsor Bank and the Bankers to the Issue shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability

The Sponsor Bank will undertake a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and will also ensure that all the responses received from NPCI are sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank will undertake reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with the Book Running Lead Managers in the format and within the timelines as specified under the SEBI UPI Circulars. Sponsor Bank and Issuer banks shall download UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI is to coordinate with Issuer banks and Sponsor Bank(s) on a continuous basis.

For all pending UPI Mandate Requests, the Sponsor Bank shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm on the Bid/Issue Closing Date (“Cut-Off Time”). Accordingly, UPI Bidders Bidding using through the UPI Mechanism should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse.

The Sponsor Bank shall host a web portal for intermediaries (closed user group) from the date of Bid/ Issue Opening Date till the date of listing of the Equity Shares with details of statistics of mandate blocks/unblocks, performance of apps and UPI handles, down-time/network latency (if any) across intermediaries and any such processes having an impact/bearing on the Issue Bidding process.

Further, Intermediaries shall retain physical bid cum application forms submitted by retail individual investors with UPI as a payment mechanism, for a period of six months and thereafter forward the same to the Company/ Registrar to the Issue. However, in case of electronic forms, “printouts” of such Bids need not be retained or sent to the Company. Intermediaries shall, at all times, maintain the electronic records relating to such forms for a minimum period of three years.

ELECTRONIC REGISTRATION OF BIDS

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Issue.
- b) On the Bid/Issue Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Red Herring Prospectus.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 5:00 pm on the Bid/Issue Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Issue

Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing.

Participation by the Promoters, the members of the Promoter Group, the Book Running Lead Manager, the Syndicate Member(s) and persons related to the Promoters/the members of the Promoter Group/the Book Running Lead Manager

The Book Running Lead Manager and the Syndicate Members shall not be allowed to purchase the Equity Shares in any manner, except towards fulfilling their underwriting obligations. However, the respective associates and affiliates of the Book Running Lead Manager and the Syndicate Member(s) may purchase Equity Shares in the Issue under the Non-Institutional Category and such subscription may be on their own account or on behalf of their clients. All categories of investors, including respective associates or affiliates of the Book Running Lead Manager and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Further, the Promoters and members of the Promoter Group shall not participate by applying for Equity Shares in the Issue.

Except as stated below, neither the Book Running Lead Manager nor any associate of the Book Running Lead Manager can apply in the Issue under the Anchor Investor Portion:

- (i) mutual funds sponsored by entities which are associate of the Book Running Lead Manager;
- (ii) insurance companies promoted by entities which are associate of the Book Running Lead Manager;
- (iii) AIFs sponsored by the entities which are associate of the Book Running Lead Manager; or
- (iv) FPIs (other than individuals, corporate bodies and family offices) sponsored by the entities which are associate of the Book Running Lead Manager.

Further, the Promoters and members of the Promoter Group shall not participate by applying for Equity Shares in the Issue. Further, persons related to the Promoters and the member of the Promoter Group shall not apply in the Issue under the Anchor Investor Portion.

However, a QIB who has any of the following rights in relation to our Company shall be deemed to be a person related to the Promoters or the members of the Promoter Group of our Company:

- (i) rights under a shareholders' agreement or voting agreement entered into with the Promoters or the members of the Promoter Group of our Company;
- (ii) veto rights; or
- (iii) right to appoint any nominee director on the Board.

Further, an Anchor Investor shall be deemed to be an "associate of the Book Running Lead Manager" if:

- (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or
- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, among the Anchor Investors and the Book Running Lead Manager.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (White in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (Blue in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries.

Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and Eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Eligible NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the SEBI UPI Circulars). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the SEBI UPI Circulars) to apply in the Issue, provided the UPI facility is enabled for their NRE/NRO accounts.

For details of restrictions on investment by NRIs, see “*Restrictions on Foreign Ownership of Indian Securities*” on page 340.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

BIDS BY HUFs

Bids by HUFs, should be made in the individual name of the Karta. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or First Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of the post-Issue Equity Share capital. Further, in terms of the FEMA Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company. With effect from April 1, 2020, the aggregate limit by FPIs shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%. In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (Blue in colour).

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

To ensure compliance with the applicable limits, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar to the Issue shall:

- (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI, and
- (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs, (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs, (iii) such offshore derivative instruments are issued after compliance with “know your client” norms, and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, among others, the following conditions:

- a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs may not be regarded as multiple Bids:

- FPIs which utilise the multi-investment manager (“MIM”) structure.
- Offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments.
- Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration.
- FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager.
- Multiple branches in different jurisdictions of foreign bank registered as FPIs.
- Government and Government related investors registered as Category I FPIs.
- Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to the aforesaid seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the applicant FPIs (with same PAN). In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilise any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation.

In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

BIDS BY ELIGIBLE EMPLOYEES

The Bid must be for a minimum of 3000 Equity Shares and in multiples of 3000 Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed Rs. 5,00,000 (net of employee discount, if any). However, the initial allocation to an Eligible Employee in the Employee Reservation Portion shall not exceed Rs. 2,00,000 (net of employee discount, if any). Allotment in the Employee Reservation Portion will be as detailed in the section “*Issue Structure*” on page 309.

Subsequent undersubscription, if any, in the Employee Reservation Portion shall be added back to the Net Issue.

Eligible Employees Bidding in the Employee Reservation Portion may Bid at the Cut-off Price.

Bids under the Employee Reservation Portion by Eligible Employees shall be:

1. Made only in the prescribed Bid cum Application Form or Revision Form.
2. Only Eligible Employees (excluding such other persons not eligible under applicable laws, rules, regulations and guidelines) would be eligible to apply in this Issue under the Employee Reservation Portion.
3. In case of joint bids, the sole/ first Bidder shall be the Eligible Employee.
4. Bids by Eligible Employees may be made at Cut-off Price.
5. Only those Bids, which are received at or above the Issue Price, would be considered for allocation under this portion.
6. The Bids must be for a minimum of 3000 Equity Shares and in multiples of 3000 Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed Rs. 5,00,000. The value of allotment to any employee shall not exceed Rs. 2,00,000. However, in the event of under-subscription in the employee reservation portion, the unsubscribed portion may be allotted on a proportionate basis, for a value in excess of Rs. 2,00,000, subject to the total allotment to an employee not exceeding Rs. 5,00,000. Subsequent undersubscription, if any, in the Employee Reservation Portion shall be added back to the Net Issue.
7. If the aggregate demand in this portion is less than or equal to 90,000 Equity Shares at or above the Issue Price, full allocation shall be made to the Eligible Employees to the extent of their demand.
8. Bids by Eligible Employees in the Employee Reservation Portion and in the Net Issue portion shall not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
9. Eligible Employees bidding in the Employee Reservation Portion may Bid either through the UPI mechanism or ASBA (including syndicate ASBA).

If the aggregate demand in this portion is greater than 90,000 Equity Shares at or above the Issue Price, the allocation shall be made on a proportionate basis. For the method of proportionate basis of Allotment, see "**Issue Procedure**" on page 314.

BIDS BY SEBI REGISTERED AIFS, VCFS AND FVCIS

The SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs. Post the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. The SEBI FVCI Regulations prescribe the investment restrictions on FVCIs. Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking.

The holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in initial public offerings.

Further, the shareholding of VCFs, Category I AIFs or Category II AIFs and FVCIs in a company prior to an initial public offering being undertaken by such company, shall be exempt from lock-in requirements, provided that such equity shares shall be locked in for a period of at least six months from the date of purchase by the VCF or AIF or FVCI. However, if such VCFs, Category I AIFs or Category II AIFs and FVCIs hold individually or with persons acting in concert, more than 20% of the pre-issue shareholding of such company, this exemption from lock-in requirements will not be applicable.

There is no reservation for Eligible NRIs, AIFs, FPIs and FVCIs. All such Bidders will be treated on the same basis with other categories for the purpose of allocation. Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company or the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, ("**Banking Regulation Act**"), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banking company's paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act, (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company, (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank, and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap does not apply to the cases mentioned in (i) and (ii) above.

Further, the aggregate investment by a banking company in all its subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments, cannot exceed 20% of the banking company's paid-up share capital and reserves.

The banking company is required to submit a time-bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary or a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in para 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars dated September 13, 2012 and January 2, 2013 issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such Bids.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof. The exposure norms for insurers are prescribed under Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 ("**IRDAI Investment Regulations**"), and are based on investments in the equity shares of a company, the entire group of the investee company and the industry sector in which the investee company operates. Bidders are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- (a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- (b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- (c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

*The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of Rs. 2,50,00,000 Lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of Rs. 5,00,00,000 Lakhs or more but less than Rs. 2,50,00,000 Lakhs.

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI, from time to time, including the IRDAI Investment Regulations for specific investment limits applicable to them.

BIDS BY NBFC-SI

In case of Bids made by NBFC-SI, a certified copy of the certificate of registration issued by RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate

from its statutory auditor(s), must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason thereof. NBFC-SI participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time. In accordance with existing regulations issued by RBI, OCBs cannot participate in this Issue.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, NBFC-SI, insurance funds set up by the army, navy or air force of the India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of Rs. 250 million (subject to applicable laws) and pension funds with a minimum corpus of Rs. 250 million, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reason thereof.

Our Company, in consultation with the Book Running Lead Manager, in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form, subject to such terms and conditions that our Company, in consultation with the Book Running Lead Manager, may deem fit.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs. 2,500 Lakhs, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid, without assigning any reason therefor.

The above information is given for the benefit of the Bidders. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable laws or regulation and as specified in the Red Herring Prospectus. Information for Bidders.

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such acknowledgement slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier acknowledgment slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges, nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company, nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

GENERAL INSTRUCTIONS

Please note that QIBs and Non-Institutional Investors are not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. Retail Individual Investors can revise their Bid(s) during the Bid/Issue Period and withdraw their Bid(s) until Bid/Issue Closing Date. Anchor Investors are not allowed to withdraw or lower the size of their Bids after the Anchor Investor Bidding Date.

Do's:

1. Check if you are eligible to apply as per the terms of the Red Herring Prospectus and under applicable law, rules, regulations, guidelines and approvals;
2. Ensure that you have Bid within the Price Band;
3. Ensure that you (other than the Anchor Investors) have mentioned the correct ASBA Account number (for all Bidders other than UPI Bidders Bidding using the UPI Mechanism) in the Bid cum Application Form and such ASBA account belongs to you and no one else. Further, UPI Bidders using the UPI Mechanism must also mention their UPI ID and shall use only their own bank account which is linked to their UPI ID;
4. UPI Bidders Bidding using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking is UPI 2.0 certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries;
5. UPI Bidders Bidding using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on SEBI website. UPI bidders shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on SEBI website is liable to be rejected;
6. Read all the instructions carefully and complete the Bid cum Application Form in the prescribed form;
7. Ensure that the details about the PAN, DP ID, Client ID and UPI ID (where applicable) are correct and the Bidders depository account is active, as Allotment of the Equity Shares will be in dematerialised form only;
8. Ensure that your Bid cum Application Form bearing the stamp of a Designated Intermediary is submitted to the Designated Intermediary at the Bidding Centre within the prescribed time. UPI Bidders using UPI Mechanism, may submit their ASBA Forms with Syndicate Members, Registered Brokers, CRTAs or CDPs and should ensure that the Bid cum Application Form contains the stamp of such Designated Intermediary;
9. In case of joint Bids, ensure that First Bidder is the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) and the signature of the First Bidder is included in the Bid cum Application Form;

10. If the First Bidder is not the ASBA Account holder (or the UPI-linked bank account holder, as the case may be), ensure that the Bid cum Application Form is signed by the ASBA Account holder (or the UPI linked bank account holder, as the case may be). Bidders (except UPI Bidders Bidding using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the correct bank account number of that SCSB in the Bid cum Application Form. UPI Bidders Bidding using the UPI Mechanism should ensure that they have mentioned the correct UPI-linked bank account number and their correct UPI ID in the Bid cum Application Form;
11. All Bidders (other than Anchor Investors) should submit their Bids through the ASBA process only;
12. Ensure that the name(s) given in the Bid cum Application Form is/are exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case of joint Bids, the Bid cum Application Form should contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names;
13. Ensure that you request for and receive a stamped acknowledgment in the form of a counterfoil or by specifying the application number for all your Bid options as proof of registration of the Bid cum Application Form from the concerned Designated Intermediary;
14. Ensure that you have funds equal to the Bid Amount in the ASBA Account maintained with the SCSB before submitting the Bid cum Application Form under the ASBA process to any of the Designated Intermediaries;
15. Submit revised Bids to the same Designated Intermediary, through whom the original Bid is placed and obtain a revised acknowledgment;
16. Except for Bids (i) on behalf of the Central or State Governments and the officials appointed by the courts, who, in terms of a SEBI circular dated June 30, 2008, may be exempt from specifying their PAN for transacting in the securities market, (ii) Bids by persons resident in the state of Sikkim, who, in terms of a SEBI circular dated July 20, 2006, may be exempted from specifying their PAN for transacting in the securities market, and (iii) any other category of Bidders, including without limitation, multilateral/bilateral institutions, which may be exempted from specifying their PAN for transacting in the securities market, all Bidders should mention their PAN allotted under the IT Act. The exemption for the Central or the State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same. All other applications in which PAN is not mentioned will be rejected;
17. Ensure that the Demographic Details are updated, true and correct in all respects;
18. Ensure that thumb impressions and signatures other than in the languages specified in the Eighth Schedule to the Constitution of India are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal;
19. Ensure that the category and the investor status is indicated in the Bid cum Application Form to ensure proper upload of your Bid in the electronic Bidding system of the Stock Exchanges;
20. Ensure that in case of Bids under power of attorney or by limited companies, corporates, trust etc., relevant documents, including a copy of the power of attorney, are submitted;
21. Ensure that Bids submitted by any person outside India should be in compliance with applicable foreign and Indian laws;
22. Bidders (except UPI Bidders Bidding using the UPI Mechanism) should instruct their respective banks to release the funds blocked in the ASBA Account under the ASBA process. UPI Bidders Bidding using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to application amount and subsequent debit of funds in case of Allotment, in a timely manner;
23. Note that in case the DP ID, Client ID and the PAN mentioned in their Bid cum Application Form and entered into the online IPO system of the Stock Exchanges by the relevant Designated

- Intermediary, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database, then such Bids are liable to be rejected;
24. Ensure that while Bidding through a Designated Intermediary, the Bid cum Application Form (other than for Anchor Investors and Retail Individual Investors) is submitted to a Designated Intermediary in a Bidding Centre and that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at least one branch at that location for the Designated Intermediary to deposit ASBA Forms (a list of such branches is available on the website of SEBI at www.sebi.gov.in);
 25. Ensure that you have correctly signed the authorisation/undertaking box in the Bid cum Application Form, or have otherwise provided an authorisation to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Bid cum Application Form at the time of submission of the Bid;
 26. UPI Bidders Bidding using the UPI Mechanism shall ensure that details of the Bid are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorisation of the mandate using their UPI PIN, the UPI Bidder may be deemed to have verified the attachment containing the application details of the UPI Bidder Bidding using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Bid Amount and authorised the Sponsor Bank to issue a request to block the Bid Amount mentioned in the Bid Cum Application Form in their ASBA Account;
 27. UPI Bidders Bidding using the UPI Mechanism should mention valid UPI ID of only the Bidder (in case of single account) and of the First Bidder (in case of joint account) in the Bid cum Application Form;
 28. UPI Bidders Bidding using the UPI Mechanism, who have revised their Bids subsequent to making the initial Bid, should also approve the revised UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to the revised Bid Amount in their account and subsequent debit of funds in case of allotment in a timely manner;
 29. Bids by Eligible NRIs, HUFs and FPIs other than individuals, corporate bodies and family offices, for a Bid Amount of less than Rs. 200,000 would be considered under the Retail Category for the purposes of allocation and Bids for a Bid Amount exceeding Rs. 200,000 would be considered under the Non- Institutional Category for allocation in the Issue;
 30. Ensure that Anchor Investors submit their Bid cum Application Forms only to the Book Running Lead Manager;
 31. Ensure that you have accepted the UPI Mandate Request received from the Sponsor Bank prior to 12:00 p.m. of the Working Day immediately after the Bid/ Issue Closing Date; and
 32. FPIs making MIM Bids using the same PAN, and different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorised employees of the Stock Exchanges, along with the Book Running Lead Manager and the Registrar to the Issue, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in the SEBI ICDR Regulations.

METHOD OF ALLOTMENT AS MAY BE PRESCRIBED BY SEBI FROM TIME TO TIME

Our Company will not make any Allotment in excess of the Equity Shares Issued through the Issue except in case of oversubscription for the purpose of rounding off to make Allotment, in consultation with the Designated Stock Exchange. Further, upon oversubscription, an Allotment of not more than 10% of the Net Issue may be made for the purpose of making Allotment in minimum Bid Lots.

The Allotment of Equity Shares to applicants other than to the Retail Individual Investors, Non-Institutional Investors and Anchor Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum Allotment being equal to the minimum application size as, determined and disclosed.

The Allotment of Equity Shares to each Retail Individual Investor and Non-Institutional Investor shall not be less than the minimum Bid Lot, subject to the availability of Equity Shares in the Retail Individual Investor category and the Non-Institutional Category, respectively, and the remaining available Equity Shares, if any, shall be Allotted on a proportionate basis.

PAYMENT INTO ESCROW ACCOUNT FOR ANCHOR INVESTORS

Our Company, in consultation with the Book Running Lead Managers in their absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. Anchor Investors are not permitted to Bid in the Issue through the ASBA process. Instead, Anchor Investors should transfer the Bid Amount (through direct credit, RTGS or NEFT). The payment instruments for payment into the Escrow Account should be drawn in favour of:

- (i) In case of resident Anchor Investors: ***“GOYAL SALT LIMITED ANCHOR R ACCOUNT”***
- (ii) In case of non-resident Anchor Investors: ***“GOYAL SALT LIMITED ANCHOR NR ACCOUNT”***

Anchor Investors should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Bankers to the Issue and the Registrar to the Issue to facilitate collections from Anchor Investors.

ISSUANCE OF CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

- a. Upon approval of the Basis of Allotment by the Designated Stock Exchange. The BRLM or Registrar to the Issue shall send to the SCSBs or Sponsor Bank a list of their Bidders who have been allocated Equity Shares in the Issue.
- b. On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.
- c. The Registrar to the Issue will dispatch an Allotment Advice (CAN) to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice (CAN) shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.
- d. Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Issue Closing date. The Issuer also ensures the credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the issuer.

TERMS OF PAYMENT

The entire Issue price of Rs. 38/- per share is payable on Bid cum application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar to the Issue shall instruct the SCSBs or Sponsor Bank to unblock the excess amount blocked.

SCSBs or Sponsor Bank will transfer the amount as per the instruction received by the Registrar to the Public Issue Bank Account, post finalization of basis of Allotment. The balance amount after transfer to the Public Issue Account shall be unblocked by the SCSBs or Sponsor Bank.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar or Sponsor Bank is not prescribed by SEBI and has been established as an arrangement between our Company,

Sponsor Bank, and Bankers to the Issue, the BRLM and the Registrar to the Issue to facilitate collections from the Bidders.

PRICE DISCOVERY AND ALLOCATION

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.
- e) Allocation to Anchor Investors, if applicable shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue.

Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs. 20/- to Rs. 24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bid from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Applied Quantity	Bid Amount (Rs.)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

Price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., Rs. 22.00 in the above example. The Issuer in consultation with the BRLM, may finalize the Issue Price at or below such Cut-Off Price, i.e., at or below Rs. 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, the FDI Policy, FEMA and rules and regulations made thereunder. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the RBI and the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (“DPIIT”).

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT has issued a consolidated FDI Policy, which with effect from October 15, 2020 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government has also enacted Foreign Exchange Management (Non-debt Instruments) Rules, 2019 and Foreign Exchange Management (Debt Instruments) Regulations, 2019 in supersession of Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property in India) Regulations, 2018. Consequent to the Foreign Exchange Management (Non-Debt Instrument) Rules, 2019, the Reserve Bank has issued Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instrument) Regulation, 2019 which governs the mode of payment and reporting requirements for investment in India by a person resident outside India.

As per the FDI Policy, FDI in companies engaged in manufacturing sector is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. For further details, see the chapter titled “*Issue Procedure*” beginning on page 314.

Investment by Foreign Portfolio Investors (FPIs)

FPIs are permitted to subscribe to Equity Shares of an Indian Company in a public issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents. SEBI registered FPIs have been permitted to purchase shares of an Indian company through issue, subject to total FPI investment being within the individual FPI investment limit of below 10% of the total paid-up equity capital of the Indian Company on a fully diluted basis, or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together, including any other direct and indirect foreign investments in the Indian company permitted under Foreign Exchange Management (Non-debt Instruments) Rules, 2019 shall not exceed 24% of the paid-up equity capital of the Indian company on a fully diluted basis. However, this aggregate limit of 24% may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

With effect from April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or

preference shares or share warrants. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively; however, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

Subscription by Non-Resident Indians (NRI) or Overseas Citizen of India (OCI) on Repatriation Basis

As per Schedule III of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, a NRI or OCI may purchase or sell shares of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions that NRIs or OCIs may purchase and sell shares through a branch designated by an authorised dealer for the purpose; and the total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the company.

Investment by NRI or OCI on Non-Repatriation Basis

As per Schedule IV of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, purchase by an NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, on non-repatriation basis of shares and convertible debentures or warrants issued by a company without any limit either on the stock exchange or outside, it will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. However, NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, is prohibited from making any investment, under Schedule IV, in capital instruments or units of a Nidhi company or a company engaged in agricultural/ plantation activities or real estate business or construction of farm houses or dealing in transfer of development rights.

Investment by other Non-Resident Investors

As per Schedule I of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, a person resident outside India may purchase capital instruments of a listed Indian company on a stock exchange in India provided the person resident outside India making the investment has already acquired control of such company in accordance with SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and continues to hold such control and the amount of consideration may be paid as per the mode of payment as prescribed by RBI i.e. Regulation 3 of Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instrument) Regulation 2019 under or out of the dividend payable by Indian investee company in which the person resident outside India has acquired and continues to hold the control in accordance with SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 provided the right to receive dividend is established and the dividend amount has been credited to a specially designated non-interest bearing rupee account for acquisition of shares on the recognised stock exchange.

Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company.

No person shall make an application in the Issue, unless such person is eligible to acquire Equity Shares of our Company in accordance with applicable laws, rules, regulations, guidelines and approvals.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within U.S., except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and other applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold (i) within U.S. to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the Securities Act) in transactions exempt from, or not subject to, the registration requirements of the U.S. Securities Act, and (ii) outside U.S. in offshore transactions in reliance on Regulation S, under the U.S. Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

Investment by Non-Resident Entities in India under FDI Policy 2020:

The FDI Policy 2020 provides that a non-resident entity can invest in India, subject to the FDI Policy except in those sectors/activities which are prohibited. However, an entity of a country, which shares a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can invest only under the Government route. Further, a citizen of Pakistan or an entity incorporated in Pakistan can invest, only under the Government route, in sectors/activities other than defence, space, atomic energy and sectors/activities prohibited for foreign investment. In the event of the transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the restriction/purview as mentioned herein, such subsequent change in beneficial ownership will also require Government approval. The same is in line with the Press Note No. 3(2020 Series) dated April 17, 2020 as issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India and Foreign Exchange Management (Non-debt instrument) Amendment Rules, 2020 notified by Central Government through notification dated April 22, 2020 in order to curb opportunistic takeover/acquisition of Indian Companies due to current COVID-19 pandemic conditions.
